Name: Daniel Flores  
Candidate for: Treasurer  
Major: Automotive Technology

In my experience as active student at Oxnard College, I bring a sense of high standards and a good atmosphere each time I walk into a room. As a current ASG Senator and previous work experiences I have gained the knowledge and understanding to again step into a leadership role as Treasurer for this coming term.

If elected to my seat I hope to give all the students a better year as a representative, so that way their voice can be heard and expressed through a positive and well rounded ASG Board. Bring back to Oxnard College what we have been lacking in previous years. A college that is on the rise and working together for the future of the college, help bring back clubs such as MECHA, and help eliminate the negativity and bring high energy and excitement to be part of higher educational institution.

Thank You,  
Daniel Flores
