Candidate for ASVC Vice President

Gianne Braza

English Major

In terms of experience, I have worked with ASVC since last year in the fall semester. I understand the process of how ASVC works, and I know how to work on a team. Originally, I was a part of the Events and Activities committee, providing assistance in the preparation of and during the annual event held on campus, VC’s Got Talent. In the beginning of this current spring semester of 2015, I was appointed to the board and have worked on a number of events such as Movie Night, Student Central, and Feed a Pirate.

If elected to the position of Vice President, I would strive to enrich and engage students’ lives on campus through hosting events. I want to promote ASVC throughout campus, and let students know that ASVC holds events not to gain from it, but to enhance students’ lives.
