My name is Ilse Maymes and I am running for the position of Student Trustee. After serving on the Ventura College Student Government Board I was able foster a connection with student government and the student population. I came to understand student concerns and opinions; and in my role as the Student Trustee for the 2014-15 year I have been able to continue this at a District level. With this continued, and expanding relationship I am able to communicate the student voice to the Board of Trustees on issues that concern us all as students.

I have spent time working with the student governments in order to better understand the individual needs on each campus and to work with them. I have focused on bringing the student governments together and opening the channels of communication between the Student Leaders of our district. A part of this past year has been spent learning the role, responsibilities, and knowledge necessary to be the Student Trustee; it is my wish, now that I have had the time to familiarize myself with my role, to continue in my work in order to help students across the district.

It is and will continue to be my goal to represent the students of Oxnard, Moorpark, and Ventura College, please vote Ilse Maymes for Student Trustee.
