<td>Mr. Sanchez reviewed the data chart, which was previously provided at the April 28th meeting, and discussion ensued regarding the statistics, prerequisites required, and variables within the data provided. Dr. Loewenstien asked the group how they would like to proceed with priority early registration. A step type of program was suggested by the Academic Senates. Karen Engelsen stated course repeaters should be lower priority. There was discussion regarding a new Banner software program, DegreeWorks, which is an electronic degree audit, (being implemented at Oxnard College in 2012), which may be able to capture data in a different way, and will indicate students’ progress showing if they are close to a degree. AP 5055 would require changes and then move forward to Chancellor’s Cabinet. Mr. Sezzi stated the April notes reflect that more data would be gathered and presented at the September meeting and he would like to adhere to what was agreed upon. Mr. Sanchez stated earlier in the meeting that he did not have the opportunity to gather and bring the new data to the September meeting and clarified the data parameter requirements requested by the Council for the</td>

Suggested Norms for Group Interactions

The following are suggested norms for Ventura County Community College District governance groups. In the first fall meeting, each governance body will review this list, which the group will adopt or modify.

- Come prepared to present and participate;
- Listen to the contributions and reactions of fellow committee members;
- Refrain from interrupting;
- Commit to achieving the committee’s purposes;
- Keep actions purposeful;
- Make sure the recorder expresses the intent of the committee members;
- Take responsibility for changing one’s own non-constructive habits or negative attitudes;
- Present positions as clearly as possible and avoid blindly arguing for individual ideas;
- Avoid changing one’s mind just to agree and avoid conflict. Support only ideas one can live with;
- Acknowledge and accept differences of opinion that improve committee chances of reaching the best solution;
- When the team reaches a stalemate, look for the next most acceptable alternative that all team members can live with;
- Value the unity of the committee; and
- Share meeting records and information with your constituency group(s).
Assembly Bill No. 194

CHAPTER 458

An act to add and repeal Section 66025.9 of the Education Code, relating to postsecondary education.

[Approved by Governor October 4, 2011. Filed with Secretary of State October 4, 2011.]

LEGISLATIVE COUNSEL’S DIGEST

Existing law requires the California State University and each community college district, and requests the University of California, with respect to each campus in their respective jurisdictions that administers a priority enrollment system, to grant priority for registration for enrollment to any member or former member of the Armed Forces of the United States, as defined, for any academic term attended at one of these institutions within 2 years of leaving active duty.

This bill, until January 1, 2017, would require the California State University and each community college district, and requests the University of California, with respect to each campus in their respective jurisdictions that administers a priority enrollment system, to grant priority for registration for enrollment to foster youth or former foster youth, as defined.

By revising requirements relating to student eligibility for priority registration at community college districts, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

The people of the State of California do enact as follows:

SECTION 1. Section 66025.9 is added to the Education Code, to read:

66025.9. (a) The California State University and each community college district shall, and the University of California is requested to, with respect to each campus in their respective jurisdictions that administers a priority enrollment system, grant priority in that system for registration for enrollment to a foster youth or former foster youth.
(b) For purposes of this section, “foster youth” means a person who is currently in foster care, and “former foster youth” means a person who is an emancipated foster youth and who is up to 24 years of age.

(c) This section shall remain in effect only until January 1, 2017, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2017, deletes or extends that date.

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.
Modified Santa Monica Model of Priority Registration

*Enrollment priority to be based on degree applicable units only

Priority A-- all groups requiring priority registration (DSP&S, Veterans, EOPS, etc.)

Priority B--45-70 units* plus Athletes (as previously agreed upon)

Priority C—30—44 units

Priority D—15—29 units

Priority F-- 0-14 units

Priority G-- 71+ units

This accounts for 65- 70% of our VCCCD students. The other 30-35% have more than 71 units... with 10.3% having more than 90 units.

Student with very high unit majors (over 70?) could petition for exemption from counselors and/or dean

### VCCCD Priority Registration Analysis B Count

![Diagram showing unit distribution](image2)

Note: Currently within Banner we have the latest registration status of each student. If the student's last enrollment record was for example 200507 and had a status of "Continuing Student", I compensated and only included those students with a "Continuing Student" status as of Spring 2010. After a year of no enrollment activity a "Continuing Student" is considered a "Returning Student" - thus did not include those. Also, the Santa Monica model did not include "0", ".5" and ".75" units, I compensated by including those as follows: B = 30-60.75 units, C = 61-89.75 units, D = 0 - 29.75 units, E = 90 or more units. Did not exclude Special Programs and Veterans from "Continuing Students" category. Detail data are available upon request.

* one student had 75.86 units

The District’s colleges will establish, with consultation with the respective Academic Senate, a Program Discontinuance standard operating procedure. The procedure will include, as a minimum, the following stages and elements.

I. Annual Program Review and Analysis

As part of the annual program review update process, all programs shall provide information and analysis with regard to an agreed upon set of program metrics, which may include:

These measures shall be applied as appropriate to the respective discipline. Each college shall have the latitude to develop its own program metrics; the list below, in no particular order and containing no particular weight, is intended to provide colleges with possible criteria to be taken into consideration:

A. Extent to which the program advances the district/college mission

B. Extent to which the program addresses district/college strategic goals and objectives

C. Extent to which the program duplicates programs offered elsewhere in the district or service area and the extent to which it provides services that are unique to the service area.

D. Analysis of the ratio of weekly student contact hours to full-time equivalent faculty (WSCH: FTEF “productivity”), factoring in fluctuations in program productivity caused by manipulations of enrollment caps.

E. Student demand, as measured by the number of declared majors, wait lists and other indicators

F. Evidence derived from analysis of student achievement of designated program-level student learning outcomes

G. For career/technical programs, evidence of employer demand for program completers, such as job placement, updating of skills, minutes of advisory committee meetings, etc.

H. Extent to which program addresses community needs identified as part of district/college environmental scanning, as appropriate to mission.

I. Evidence of student success Extent of course completion, retention and persistence rates; number of degrees and certificates conferred and transfer rates

J. Currency of program curriculum in relation to employer demand and transfer institution requirements

K. Cost of program delivery relative to performance in relation to the program metrics 1-10 adopted by the college.

For Each program identified for possible discontinuance, the Recommendation Group or alternative recommending body shall recommend will be analyzed based on the evidence from agreed upon metrics. The outcome of the analysis will be a recommendation for one of the following courses of action:

1. Program is current and vibrant with no further action recommended No action needed
2. Attempt to Strengthen the program
3. Retain but Reduce the program
4. Prepare Review for discontinuance

In addition to considerations regarding program vibrancy and viability, programs may be identified for possible discontinuance in the event that, based on analysis conducted by the Vice Chancellor, Business and Administrative Services the projected district operating reserves for a fiscal year are projected to fall below the state-required minimum of 5-6 percent, that may thereby necessitate the consideration of programmatic reductions.

II. Recommendation Group Review and Analysis

Each C college will form a standing recommendation group with a predominance comprised of three faculty members and two deans to examine programs for possible remediation or discontinuance. In designating its recommendation group, each college may choose one of the following options:

Option A.
Colleges will form a recommendation group to examine programs for possible remediation or discontinuance. The recommendation group will have a minimum two-thirds faculty representation, as appointed by the Academic Senate.

**Option B.**

Alternatively, colleges may choose to assign this task to an existing standing committee with majority faculty representation.

The group makes recommendations to the Executive Vice President, based on agreed upon program metrics.

Based upon its analysis of the program metrics, the Recommendation Group or alternative recommending body has two options:

**Option A: Program Continuance and Revision**

The Recommending Group proposes program continuance with steps for strengthening or program revision, accompanied by a written justification. A two-year monitoring period is established, including a mandated written first-year progress report.

**Option B: Preparation for Program Discontinuance**

The Recommending Group proposes program discontinuance, accompanied by a written justification.

At the conclusion of the monitoring period, the program is re-evaluated through the annual program review process in relation to the program metrics.

shall identify programs for possible discontinuance, accompanied by a written justification for the identification. In addition to considerations regarding program vibrancy and viability, programs may be identified for possible discontinuance in the event that the projected district operating reserves for a fiscal year fall below 6 percent, thereby necessitating consideration of programmatic reductions.

At the conclusion of Stage One For each program identified for possible discontinuance, the Recommendation Group or alternative recommending body concludes with shall recommend one of the following courses of action:

5. Program is current and vibrant, with no further action recommended
6. Attempt to strengthen the program
7. Retain but reduce the program
8. Prepare for discontinuance
III. Executive Vice President Review, Analysis and Recommendation

Upon receiving and analyzing the formal written report of the Recommendation Group, and following consultation with discipline faculty and the college’s planning and budget constituency and committee as defined by each campus, the Executive Vice President formally informs the area dean, department chair, discipline faculty and the Academic Senate President of programs that have been identified for possible discontinuance, accompanied by a written rationale for the recommendation.

IV. Academic Senate Review and Recommendation

After reviewing the recommendations and the supporting documentation of the Executive Vice President concerning possible program discontinuance, the Academic Senate shall review the recommendations and supporting documentation and take one of the following actions:

1) Concur with the recommendations of the Executive Vice President; or
2) Demur with the recommendations of the Executive Vice President and propose an alternative course of action.

The Academic Senate’s formal written recommendation shall be transmitted to the College President no later than two weeks after receiving said written rationale for the program discontinuance recommendation.

V. College President Review and Recommendations

Following the review of the formal and written recommendations of the Executive Vice President and Academic Senate regarding possible program discontinuance, the President shall determine the proposed course of action with respect to each program so identified. The College President shall communicate his/her final recommendation in writing first to the college community and shall then forward his/her recommendations to the District Chancellor for possible action by the Board of Trustees.

VI. Board of Trustees Review and Action

The Chancellor and Board of Trustees shall be provided a complete record of the process followed at the campus, as well as the findings and recommendations of the Recommendation Group, Executive Vice President, Academic Senate and College President prior to taking action on any recommendations pertaining to program discontinuance.

Following review of the complete record, the District Chancellor shall prepare a report to the Board of Trustees including recommendations for action pertaining to programs recommended for discontinuance. The Board of Trustees will hold a public hearing and take action regarding any programs recommended for discontinuance.
VII. Implementation of Recommendations

Board Actions

In the event that the Board of Trustees acts to discontinue a program, the College President, in consultation with the area dean, department chair, discipline faculty and Academic Senate President, shall develop a plan that must include the following elements:

1) Timeline and process for curricular and programmatic program deletion/discontinuance approval at the local and state level
2) Provision for students currently in the program for completion and/or transfer.
3) Provision for displaced faculty, where feasible
4) Provision for impact on budget and facilities
