*Title 5 Section 55044 55046*

Students may petition to have a portion of previous college work disregarded in meeting academic requirements in the colleges of the VCCCD when that work is not considered to be reflective of the student’s present demonstrated ability and level of performance. Academic Renewal is intended to facilitate the completion of requirements necessary for an academic degree or certificate, or transfer.

**Academic Renewal Options**

A student may petition to disregard a maximum of 24 semester units of any courses with less than a “C” or equivalent grade. Academic renewal may not be applied to any course that has been used to satisfy associate degree, certificate of achievement, IGETC or CSU-GE transfer general education breadth requirements. To qualify for academic renewal, students must do all of the following:

- Complete at least 12 units in residence in the colleges of the VCCCD
- Submit official transcripts of all college work

  - Completing at least 15 semester units with a minimum 2.5 cumulative GPA, or
  - Completing at least 24 semester units with a minimum 2.0 cumulative GPA

- The colleges of the VCCCD will honor similar actions by other regionally accredited colleges and universities in determining grade point averages and credits.

**Recording of Academic Renewal:**

Once the Petition of for Academic Renewal is granted, the student’s permanent academic record shall be annotated in such a manner that all work remains legible, insuring a true and complete academic history. Academic renewal actions are permanent and irreversible.

The student should be aware that other colleges or universities may have different policies concerning Academic Renewal and may not honor this policy.
A program of financial aid to students will be provided, which may include, but is not limited to, scholarships, grants, loans, and work and employment programs.

Dear Terese M. Carroll,

The California Community College Board of Governors has unanimously approved changes to take effect in Fall 2014 that will establish system-wide enrollment priorities. The changes are designed to ensure that classes are available for students seeking associate degrees, transfer or job training, and to reward students who make steady and efficient progress toward their educational goals. These changes may affect your registration priority as a continuing student in future terms!

Continuing students with verified Education Plans, in good academic standing, who have not exceeded 75 degree-applicable units, as well as new students who have completed their college orientation, self-assessments, and Education Plans will now have registration priority over students who do not meet these criteria.

Active-duty military and veterans, current and former foster youth, CalWORKS followed by students in EOPS and ACCESS/EAC will continue to have first priority for registration as long as they meet the same criteria listed above.

Click [here](#) for additional information.
Dear Laurel J. Buerk,

California state law is changing, and it will affect the way you register for classes in the future!

You are receiving this notice to advise you of changes in California state law about registration priority at community colleges, and the impact these changes may have on your registration priority date in future terms. All California community colleges are required to implement new registration priorities by Fall 2014 that require students who have been on academic or progress probation for two consecutive semesters to lose their registration priority.

Continuing students with verified Education Plans, in good academic standing, who have not exceeded 75 degree-applicable units, as well as new students who have completed their college orientation, self-assessments, and Education Plans will now have registration priority over students who do not meet these criteria.

Active-duty military and veterans, current and former foster youth, CalWORKS followed by students in EOPS and ACCESS/EAC will continue to have first priority for registration as long as they meet the same criteria listed above.

Based on your current academic standing, you may be affected by this change in Fall 2014! You are currently in an academic probation or dismissal status. If that status continues or gets worse between now and Fall 2014, you will lose your priority registration date.

What does this mean? Under the new law, your registration date will be adjusted to the lowest college student registration level if you have been on academic or progress probation for two consecutive semesters.

What can you do? Make an appointment to see a college counselor right away. Your counselor will provide you with services and tools that will help you improve your GPA or class completion ratio, and will work with you to develop a student educational plan that will help you improve your academic standing.

A counselor will also determine whether you may have grounds to appeal your registration priority based on extenuating circumstances. Extenuating circumstances are defined as verifiable cases of accident, illness or other circumstances that are beyond the student's control that have affected the student's ability to succeed in his/her classes.

Your success is important to us. We encourage you to take steps now so that you can continue your educational journey without interruption. Please contact the Counseling Office (if you are an EOPS, ACCESS/EAC, or CalWORKs student, contact your respective program) on your campus to make an appointment with an academic counselor to complete an educational plan.

Click here for additional information.
Dear Christina Pritchard,

California state law is changing, and it will affect the way you register for classes in the future!

You are receiving this notification to advise you of changes in California state law about registration priority at community colleges, and the possible impact these changes may have on your registration priority date in future terms.

Continuing students with verified Education Plans, in good academic standing, who have not exceeded 75 degree-applicable units, as well as new students who have completed their college orientation, self-assessments, and Education Plans will now have registration priority over students who do not meet these criteria.

Active-duty military and veterans, current and former foster youth, CalWORKS followed by students in EOPS and ACCESS/EAC will continue to have first priority for registration as long as they meet the same criteria listed above.

The Ventura County Community College District changed the registration priorities in Fall 2012 requiring students who have earned more than 75 degree applicable units to lose their registration priority. We have determined that you may be affected because:

- You have already completed at least 56 or more units and there is a good chance you will have more than 75 degree applicable units in the near future.

What does this mean? Your registration date will be adjusted to the lowest college student registration level if you have earned more than 75 degree applicable units.

What can you do? Make an appointment to see a college counselor right away. Continuing students may be eligible for an exception because you are enrolled in a high-unit major, degree or transfer program. Or you may have grounds to appeal your registration priority based on extenuating circumstances. A counselor can guide you through this process.

Extenuating circumstances are defined as verifiable cases of accident, illness or other circumstances that are beyond the student's control.

Your success is important to us. We encourage you to take steps now so that you can continue your educational journey without interruption. Please contact the Counseling Office (if you are an EOPS, ACCESS/EAC, or CalWORKs student, contact your respective program) on your campus to make an appointment with an academic counselor to complete an educational plan.
