

EXPLANATION OF SALARY PLACEMENT FOR TEMPORARY (PART-TIME) FACULTY

A. INITIAL SALARY PLACEMENT FOR PART-TIME FACULTY WITH CLASSROOM ASSIGNMENTS

Part-time classroom faculty members are paid between \$1,589 and \$2,700 per semester per 10% load with a starting salary between \$1,589 and \$2,302 per 10% load depending on level of educational attainment*.

*Load is based on the type of assignment. Classroom faculty may be assigned any combination of lecture, lab or lecture/lab classes. The load for such assignments is as follows:

3 hour per week lecture = .2 load

3 hour per week lecture/lab = .15 load

3 hour per week lab = .1333 load (Except for those listed on Appendix F of the VCCCD/AFT Contract calculated at 75% of regular load.)

Initial placement on the salary schedule is based on the level of educational attainment (column) and full-time teaching experience (row). Initial step placement cannot exceed step 2 which requires a minimum of two years of full-time teaching experience.

FACULTY CLASSROOM SALARY SCHEDULE PER .1 LOAD EFFECTIVE FALL 2018			
STEP	CLASS I Credential	CLASS II Masters	CLASS III Earned Doctorate
1	1,589	1,906	2,224
2	1,667	1,987	2,302
3	1,746	2,063	2,383
4	1,828	2,144	2,460
5	1,906	2,224	2,540
6	1,987	2,302	2,620
7	2,063	2,383	2,700

Salary Placement Example: An instructor with a master's degree and less than two years of full-time (not full-time equivalent) teaching experience will be placed on column II, step 1 (\$1,906) of the salary schedule. Assuming the instructor is assigned to teach one 3 unit lecture class, the instructor will be compensated as follows: \$1,906 x 2** = \$3,812 total wages for the semester. **The factor of 2 is based on a .2 load. The rates provided in the table are for a load of .1.

B. INITIAL SALARY PLACEMENT FOR PART-TIME FACULTY WITH NON-CLASSROOM ASSIGNMENTS

Part-time non-classroom faculty members are paid between \$2,119 and \$3,599 per semester per 10% load with a starting salary between \$2,119 and \$3,070 per 10% load depending on the level of educational attainment*.

*Load is based on the percentage of a 35 hour work week that is assigned to the faculty member. For example, a faculty member with a 30% load works 10.5 hours per week.

Initial placement on the salary schedule is based on level of educational attainment (column) and full-time teaching experience (row). Initial step placement cannot exceed step 2 which requires a minimum of two years of full-time teaching experience.
