

VENTURA COUNTY
COMMUNITY COLLEGE DISTRICT

District Council of Administrative Services
(DCAS)

May 23, 2019 – 1:30 p.m.
District Administrative Center, Thomas Lakin Board Room

AGENDA

- Approval of Meeting Notes – May 8, 2019
- FY20 Tentative Budget
- Use of Designated (Energy Efficiency) and Unallocated Reserves
- Other Business
- Future Agenda Items

Next meeting(s):
9:00 a.m., June 20, 2019

VENTURA COUNTY COMMUNITY COLLEGE DISTRICT

District Council on Administrative Services (DCAS)

District Administrative Center, Thomas Lakin Boardroom

Thursday, May 8, 2019

NOTES

DCAS Attendees:

Cathy Bojorquez, Vice President, Business Services, Ventura College
Nenagh Brown, Academic Senate President, Moorpark College
Mike Bush, Vice President, Business Services, Oxnard College
Jennifer Clark, Budget Director
Emily Day, Director, Fiscal Services
Jeanine Day, Classified Senate Representative, Ventura College
Gilbert Downs, Classified Senate Representative, Moorpark College
Diane Eberhardy, Academic Senate President, Oxnard College
David El Fattal, Vice Chancellor, Business and Administrative Services
Nubia Lopez-Villegas, Human Resources Representative
Lydia Morales, Academic Senate President, Ventura College
Chris Renbarger, Classified Senate Representative, Oxnard College
Maria Urenda, SEIU Representative

Absent:

Silvia Barajas, Vice President, Business Services, Moorpark College
Jenine Daly, Human Resources Representative
Mark Frohnauer, AFT Representative
Julius Sokenu, Vice President, Academic Affairs, Moorpark College

Recorder: Laura Galvan

Meeting called to order 1:05 p.m.

APPROVAL OF MEETING NOTES – APRIL 18, 2019

The meeting notes from April 18, 2019, were approved by consensus.

FY19 UNBUDGETED REVENUE

Dr. Clark reviewed the unbudgeted revenue for FY19. She explained that a column was added representing the April 2019, apportionment (P1) update, which resulted in a reduction of FY19 revenue from the March 2019 P1. Part of the reason for decreased revenue is primarily due to how the 3-year average of credit FTES is calculated. The State has removed the special admit (high school students (non CCAP)) credit FTES from the number. Additionally, incarcerated credit FTES have been removed from the three-year rolling average FTES number. For FY2017-18, special admit students total 290 students at Moorpark College; 120 students at Oxnard College; and 339 students at Ventura College. Ventura College had six incarcerated credit FTES for FY18; no others are reported. This change has been applied to the District's credit FTES calculation for FY17, FY18, and FY19. As a result, the District's three-year credit FTES average has decreased. She stated that the FY19 special admit and incarcerated FTES rate is \$5,457/FTES; rolling average credit rate is \$3,727/FTES. Prior to this change, special admit and incarcerated student FTES were counted twice in a district's base allocation. The total FTES/P1 revised April adjustment for FY19 equates to an additional \$1.7 million for VCCCD since Adoption.

Dr. El Fattal indicated that the State wanted to commit to the hold harmless amount previously provided. He explained that they analyzed those amounts and evaluated remaining revenue to be allocated. The remaining revenue (after the hold harmless amounts) will be divided amongst the districts that would benefit from SCFF. He stated there are not enough funds to fully fund the SCFF. The amount was prorated amongst eligible districts; VCCCD will also receive a portion of the deficit. Vice Chancellor El Fattal cautioned DCAS members that this number may change again before the end of the fiscal year. Hopefully, more may be known at the May Revise, which is expected to be released May 9, 2019.

Dr. Clark stated that the total revenue for FY19 is \$166,947,981; that amount will flow through the District's allocation model.

FY20 TENTATIVE BUDGET NARRATIVE

Dr. Clark explained that the FY20 Tentative Budget Narrative is an unfinished draft and will be updated and presented again at the May 23, 2019, DCAS meeting. The narrative will be finalized after the May Revise.

It was stated that Dr. Gillespie has announced the Anthem health care premium will increase by 6%. Dr. Clark explained that the projected 7.5% increase will remain as part of the FY20 Tentative Budget. A note that rates were finalized after budget finalization will be added to the narrative and actual numbers will be reflected in the Adoption Budget.

There was a brief discussion about an update to the actuarial study (roll forward) being presented to the Board at the May 2019, Board meeting. Ms. (Emily) Day indicated that the update was done for the sole purpose of financial statement reporting. The FY20 Tentative Budget Narrative will be updated reflecting the current actuarial figure.

Ms. Day explained that Restricted funds include grants and categoricals. She stated that some grants are carried over from FY19: Strong Workforce and Guided Pathways. She noted that the figures are placeholders for carryovers. Further, the majority of the categoricals are budgeted at 95% of the FY19 funding. Other grants are budgeted for FY20 using the latest award letters from the sponsoring agencies. Ms. Day noted that the face pages of these contracts and grants may not be ready in time for the May 23 agenda distribution. DCAS members were understanding of the budget development time constraints, but would like the bulk of the documents as soon they are ready, while the balance of the documents can be distributed at the meeting or as soon as possible beforehand.

Dr. Clark explained that the new, increased parking rates are included in the budget projections. The amounts also reflect the additional \$430,000 for three new officers.

There was a discussion about mandated claim reimbursements vs. the block grant. Ms. Day explained that when the District receives the block grant funds, some of those funds are allocated to the health care centers and the balance goes into Fund 113. In FY15, the District received over \$14 million that was over and above the block grant apportionment. For FY20, the Mandated Claim Block Grant funds will continue to be allocated internally as in recent years.

Ms. Day explained that the Scheduled Maintenance and Instructional Equipment and Library Materials (IELM) funds are not included in the FY20 budget as they were not included in the Governor's initial

budget proposal. This may change at the May Revise and, if so, will be reflected in the FY20 Adoption Budget.

FY20 REVENUE PROJECTIONS

Dr. Clark explained that the FY20 revenue projections have been updated to reflect the recent changes made to FTES calculations presented as part of the P1 in late April 2019.

DW Services

Ms. Brown explained that when the Districtwide Services budget is presented to Chancellor's Consultation Council, the Academic Senate will use that opportunity to object to some of the increases. She reiterated that the concerns expressed at the April 2019 meeting about using reserves was not addressed by the group. She explained that the colleges must live within their budgets and the Districtwide Services budget should also. Ms. Brown stated she feels that some of the proposed expenditures in districtwide should be paid with reserves. The other concerns expressed by Moorpark College were the excessive funds used for consultants, specifically an external consultant for the allocation model development for VCCCD. There are also concerns with the space utilization report. Ms. Brown reiterated that these expenses should be paid for through reserves.

Dr. Bush expressed concern about perceptions and communications. When Information Technology goes over in their districtwide budget, Associate Vice Chancellor Watkins comes to DOC to discuss the issue. When Police Services goes over their budget, there is no communication or reporting.

Ms. Brown stated that Districtwide Services is for the three campuses and the DAC. The DAC makes decisions, but the colleges don't have input. If this were the campuses, the expenses would be vetted and prioritized at the campus. Not everyone would be happy, but each member would know the item was appropriately vetted. That discussion did not happen in this group. It was suggested that more detailed information be provided within the Tentative and Adoption Budget books, for instance, the schedule that is provided to DOC/DCAS. There were no objections about providing detailed information.

Ms. Brown asked whether or not DCAS members were interested in making a recommendation to use reserves for some of those special reports, etc. Ms. Bojorquez suggested that DCAS wait until the May Revise occurs and the District knows what will be provided for Adoption. That might be the time to address the one-time expenses. She further explained there could be requests on campus that might provide an opportunity to address campus needs as well. This discussion will take place before the Adoption Budget.

UTILITIES

Dr. Clark explained that utilities will be budgeted the same as FY19; no increase.

FY20 BUDGET ALLOCATION MODEL

Dr. Clark explained that the FY20 Allocation Model is very similar to what was presented at the April DCAS meeting. The only exception is the FY19 carryover amount, which has been reduced due to P1 adjustments by the State regarding FTES calculations.

Ms. (Emily) Day also cautioned DCAS members that the State has mentioned they may take back the shifted FTES amount from summer. If this comes to fruition, she said this will result in an even great deficit to the District.

FUND 113 BY MAJOR OBJECT

Vice Chancellor El Fattal stated that the Quarterly 311 Report will be presented to the Board in May with additional projections regarding Fund 113.

POLICE SERVICES/PARKING

Dr. Bush expressed concerns about overspending in the police services budget. He stated that the colleges need monthly reports on parking permits and salary expenses. Dr. Bush suggested using the parking lots allocation as a protection for a potential police services budget shortfall. There was a discussion about postponing parking lot projects funded by Fund 124 in order to have a contingency for police services.

Dr. Clark stated that the FY19 police services budget is projected to be in deficit by approximately \$300,000. With a beginning fund balance of about \$122,000, the fund is expected to have a shortfall of approximately \$184,000, which is presently identified as being covered by the DAC budget. It was suggested that DCAS receive bi-monthly updates from Chief Justice, while DOC will receive monthly updates. Chief Justice will be invited to present budget updates to both groups.

All expressed sentiments that this is an issue and must be addressed.

CHILD CARE SERVICES

There were no comments regarding the Child Care Services budget.

FOOD SERVICES/VENDING

Dr. Clark explained that the District is in the process of issuing an RFP for beverage services. The current contract with Coca Cola is expired and the District is in the extended period and renegotiating the contract. No bonus has been budgeted as the contract has not been finalized.

There was a question about the \$20,000 transfer out at Moorpark College. Where is it going? Ms. Brown suggested it goes to ASG. Dr. Clark will provide information on this transfer out at the May 23 meeting.

(Note: The FY19 \$20,000 transfer out from MC Food Services/Vending went to MC's Public Relations trust org.)

SPECIAL REVENUE FUND/CRM

There were no comments regarding the Special Revenue/CRM budget.

INTERNAL SERVICES FUND

Dr. Clark explained that the HR2/HRL rates increased significantly for FY20. The projected FY20 budget is \$2,130,000, but that amount always comes up short in collections, for various reasons. This will continued to be monitored by DCAS on a quarterly basis.

DCAS COMMITTEE SELF-APPRAISAL SURVEY RESPONSES

The FY19 DCAS Committee Self-Appraisal Survey responses were reviewed and discussed. The following summarize discussions related to specific questions:

Question #3 – There was a discussion about a response where respondents felt their opinion didn't matter. The consensus of the group is that everyone has the time to ask questions and should speak up. Committee members are encouraged/reminded to bring items to the agenda.

Question #4 – Vice Chancellor El Fattal stated that he doesn't dispute the comments made and appreciates the need for more effective prioritization.

Question #5 – In order to publish the DCAS agenda more timely, it was suggested that the DOC meeting dates be moved up to provide more time between DOC and DCAS.

It was suggested that self-evaluation survey questions be discussed and possible changes be suggested. A goal-setting should take place in the fall.

Ms. Brown suggested that the comments be shuffled to ensure anonymity. Also, Ms. Brown suggested that staggering due dates/survey end dates would allow more inclusion. It is difficult when multiple surveys for various committees are due at the same time.

Meeting adjourned 3:09 p.m.

Agenda items for May 23, 2019

- FY20 Tentative Budget
- Police Services revisit

VENTURA COUNTY COMMUNITY COLLEGE DISTRICT

2019-2020 TENTATIVE BUDGET

**MOORPARK COLLEGE
OXNARD COLLEGE
VENTURA COLLEGE
DISTRICT ADMINISTRATIVE CENTER**

JUNE 11, 2019

VENTURA COUNTY COMMUNITY COLLEGE DISTRICT TENTATIVE BUDGET NARRATIVE Fiscal Year 2019-20 (FY 20)

BUDGET PROCESS, TIMELINE AND PURPOSE

Each year the Governor and Legislature work to craft the State of California's spending plan. The process of crafting the annual budget is an ongoing, year-round enterprise with several key activities during the January-to-June period, including the Governor's Proposed Budget (by January 10) and the Governor's May Revision (by May 14). The District subsequently utilizes the May Revision, which includes updated tax collection revenues and expenditure projections, to develop its Tentative Budget for adoption by the Board of Trustees on or before the first day of July as required by Title 5, California Code of Regulations (CCR), Section 58305. The Tentative Budget provides authorization for the District to incur expenses and issue checks in the new fiscal year until the Adoption Budget is approved. The Adoption Budget must be approved by the Board of Trustees not later than September 15 and reflects the Governor's signed State Budget and the District's budget priorities.

STATE OF CALIFORNIA — BUDGET OVERVIEW

This Tentative Budget is based on the Governor's May Revision to his January State Budget proposal. The final state approved budget will be reflected in the District's Adoption Budget. The Governor's revision to the 2019-20 State Budget proposal continues the Student Centered Funding Formula (SCFF) with a few adjustments:

1. Mirroring 2018-19 rates plus COLA for 2019-20 and maintaining the 70/20/10 percentage distribution of Base/Supplemental/Student Success.
2. Capping year-to-year growth in a district's student success allocation to 10%.
3. Adjusting the definition of transfer outcomes for the student success allocation so that a student success transfer would be attributed to a student's district of residence only.
4. Extending the 'hold harmless' provision, specifying that districts will receive at least the 2017-18 TCR, adjusted by COLA, through 2012-22.

Total Proposition 98 funding is slightly higher than estimated in January for both 2018-19 and 2019-20; however, these higher General Fund amounts are offset by lower local property tax revenues. The Governor has also adjusted the COLA down from 3.46% proposed in January to 3.26%.

Public School System Stabilization Account, also referred to as the Proposition 98 Rainy Day Fund, was enacted by voters with the passage of Proposition 2 in 2014. This fund's provides a mechanism to lessen the impact of volatile state revenues on K-14 schools. If certain conditions are met, a deposit into the Account is required by law. In 2019-20, the required deposit is estimated at \$389.3 million.

The Governor's May Revision also proposed the following for specific programs:

- \$45 million to extend the California College Promise (AB19) to a second year of tuition-free college for first-time, full-time California community college students
- Expand the Cal Grant program to \$2.5 billion to include a new grant for student parents and increase the number of competitive Cal Grants
- \$3.15 billion one-time contribution to STRS, thereby lowering for 2019-20 and 2020-21 the recently mandated employer contribution rate increases
- Increase the Foster Care Education Program by \$400 million to backfill a decrease of federal matching funds
- \$10 million to develop a statewide longitudinal, cradle to career data system

- Expand kindergarten and pre-kindergarten availability; support workforce development and capacity-building for subsidized childcare; expand health screening for infants, toddlers and expectant parents
- \$361.2 million in general obligation bond funding for 15 new and 15 continuing CCC facilities projects
- \$39.6 million for deferred maintenance and instructional equipment
- \$10 million in ongoing funds to provide legal services to undocumented and immigrant students, faculty, and staff on CCC campuses

VENTURA COUNTY COMMUNITY COLLEGE DISTRICT — BUDGET OVERVIEW

The District's Tentative Budget is based upon the State's hold-harmless revenue amount established in 2017-18 plus COLAs from 2018-19 and 2019-20. Due to continued uncertainty surrounding the State's ability to fully fund the SCFF, the Tentative Budget projects a hold-harmless revenue amount; this reflects the same apportionment revenue from the previous year plus a COLA of 3.46%. Due to the timing of the May Revise release, the revised 3.26% COLA rate will be built into the Adoption Budget.

GROWTH FACTOR

While the State Budget proposal gives a 0.55% growth factor to the system, under the current growth formula the District's funded growth rate is 0.5%. The state-funded cap (the maximum number of FTES for which the state will pay) is allocated by the State at a district level as opposed to an individual college level. Internally, this state-funded FTES is then allocated to each college.

EDUCATION PROTECTION ACT (PROP 30)

Proposition 30, the Schools and Local Public Safety Protection Act of 2012 (EPA), which was approved by the voters in November 2012, temporarily raised the sales and use tax by 1/4 cent and raised the income tax rate for high income earners (\$250,000 for individuals and \$500,000 for couples) to provide continuing funding for local school districts and community colleges. The quarter-cent sales tax increase expired in December 2016 and the income-tax hikes on the high-income earners were set to expire at the end of 2018. In November 2016, voters approved Proposition 55, California Extension of the Proposition 30 Income Tax Increase Initiative. This constitutional

amendment extended the Proposition 30 personal income tax increases on incomes over \$250,000 for an additional 12 years, through 2030, in order to fund education and healthcare. It is estimated that the District will receive approximately \$23 million in EPA funds for FY 2019-20 that will be used for faculty salaries and benefits. These funds are part of the general fund apportionment and represent no new or additional monies.

EXPENDITURES

Salary and Benefit Costs

The Tentative Budget includes contractual step and longevity increases, with an annual on-going cost of approximately \$1,000,000 as well as projected costs related to salary and health benefits. The Tentative Budget assumes a rate increase for the District's Anthem Blue Cross and Kaiser Health plan premiums for faculty of 7.5%. The Adoption Budget will assume a 6% negotiated rate increase. Rates were settled after the Tentative Budget was completed. The budget assumes the same rate increases for those plan premiums for the Administrator (managers), Supervisor, Confidential, and Classified group (ASCC.)

California State Teacher's Retirement System (STRS)

AB1469, enacted as a part of the 2014-15 budget, addressed the nearly \$74 billion unfunded liability for teachers' pensions. The plan shares the responsibility of the unfunded liability by the three partners that currently fund STRS—the state, education employers, and the employee members. Under the plan, all participate in increased contributions for the STRS solution. To address the "employer share" of \$42 billion, the community college districts employer rate was increased annually from 8.25% in 2013-14 to 19.1% by 2020-21 under current legislation.

However, in the Governor's January proposal, \$3 billion was to be allocated to CalSTRS in FY20 to directly lower employer contribution rates. The resultant rate for 2019-20 as proposed in January was to be 17.13%, 1% lower than it was projected to be previously. The VCCCD Tentative budget is built on this assumption and accounts for an increase in STRS expenditures of \$460,000 over the prior year. In May, the Governor proposed a \$3.15 billion CalSTRS buy down, resulting in a proposed employer contribution rate in 2019-20 of 16.7%. The VCCCD Adoption Budget will reflect the final state-approved

budget. For FY20-21, the buy down is also projected to positively affect the employer contribution rate. The rate would be 18.1% rather than 19.1%. For our District, the full impact of the increase in 2020-21 would be approximately \$6.1 million in additional annual costs above the costs from the baseline year of 2013-14. The plan allows CalSTRS to annually adjust the employer and state rates beginning July 1, 2021, and caps any such annual increase at 1% for employers and 0.5% for the state.

California Public Employees Retirement System (PERS)

The CalPERS Board of Administration determines employer contribution rates on an annual basis. According to the most recent CalPERS Schools Pool Accounting Valuation report dated June 30, 2017, the collective Net Pension Liability is nearly \$24 billion. The rates are based on the annual valuation using a discount rate of 7.5%. The CalPERS Board of Administration approved lowering the CalPERS discount rate assumption, the long-term rate of return, from 7.5% to 7.0% for three years beginning in the June 30, 2017 annual valuation for school employers and will increase employer contribution costs commencing in FY 2018-19. Lowering the discount rate means both the normal cost and the accrued liabilities will increase in the future. These increases will result in higher required employer contributions. Consistent with the existing board amortization and smoothing policy, the impact of each change in discount rate will be phased in over a five-year period. As a result, the full impact of the reduction in the discount rate will not be felt until FY 2024-25. The employer contribution rate is projected to rise from 18.1% in 2018-19 to 26.5% in 2025-26. The rate for 2019-20 is 20.74%; this will result in an increase in these expenditures of \$750,000 over the prior year.

Retiree Health Liability

An actuarial study for post-retirement benefits was performed in June 2017, estimating the amount that should be accumulated under the requirements of GASB 74/75. Actuarial studies are performed every two years. The District's long-term liability as of that date was estimated at approximately \$194.7 million. As of the May 14, 2019 Board Meeting, the District's long-term liability will be \$197.3 million per the most recent Actuarial Study valuation date of June 20, 2018. In FY 2010-11 the District established an irrevocable trust fund to help address the liability.

As a means of accruing the amount required as the annual required contribution (ARC) under GASB 74/75, the District assesses as an employer expense rates that range from 8.5% to 18% on each payroll dollar depending on employee type and funding source. These fringe benefit rates are assessed to all eligible employees' salaries in all funds, including categorical, grants and contracts. Using this methodology, the expenditure for post-retirement benefits is projected to be approximately \$18.8 million for all funds. Health benefit premium costs for retirees are paid directly from the Retiree Health Benefits fund and are estimated at \$16.8 million for FY20. The difference between the two actual amounts may be transferred to the irrevocable trust to help mitigate our long-term liability.

In preparation of the FY19 District budget, DCAS recommended not to make any further general fund contributions to the irrevocable trust. In FY18 a subcommittee of DCAS was formed for the purpose of evaluating and recommending a long-term plan for the use of the district's irrevocable trust to address OPEB liabilities.

According to the District's 2016 actuarial report, the projected retiree claims and expenses will continue to increase every year until FY2031-32, at which time the annual expense is projected to reach \$18,026,362. The annual expense will then begin to decrease for 57 years, until FY2088-89 when the liability is expected to be zero. Eventually, the retiree liability and irrevocable trust will reach equilibrium and the annual required contribution can be transferred to the trust. Rather than waiting until equilibrium is reached, the subcommittee recommends accessing the Trust funds in FY2021-22 to pay for the increases in annual contributions resulting in a level budgetary impact through FY2040-41, at which time the annual required contribution would decrease. Under this recommendation, annual increases in OPEB expenses will not affect the general fund budget beginning in FY2021-22.

INFRASTRUCTURE

In March 2012, the Board approved an infrastructure funding plan and allocation model to provide foundational resources to address the District's structural deficit partially in capital funding for areas such as scheduled maintenance, technology and equipment refresh, instructional equipment, library materials and databases, furniture and equipment, etc. Maintaining these items is central to the core mission of the District and

each college. Further, addressing the total cost of ownership (TCO) is a requirement of accreditation as well as a prudent business practice. Funding levels are determined by the Infrastructure Funding Formula.

A separate sub-fund (General Fund–Unrestricted Designated–Infrastructure) has been established to account for this redistribution of resources and the associated expenditures. As part of DCAS’s annual review, the implementation strategies of the Infrastructure Funding Model will be reviewed in a parallel process similar to that of the Districtwide Resource Budget Allocation Model review.

The Tentative Budget includes transferring \$3.5 million in budgeted revenue from the General Fund-Unrestricted to the General Fund–Unrestricted Designated– Infrastructure. Expenditure of these funds will be budgeted in the year following the year in which the revenue is earned.

GENERAL FUND

The General Fund is the principal operating fund of the District. All revenues and expenditures not required by statutory law to be accounted for in a different fund are budgeted and accounted for in the General Fund. Four sub-funds exist within the General Fund, which are briefly described as follows:

- **General Fund–Unrestricted (111):** Represents revenues and expenditures that support most educational programs and services throughout the district, including instruction, student services, maintenance and operations, administration, and so forth.
- **General Fund–Unrestricted Designated-Infrastructure (113):** Represents revenues and transfers that have been specifically designated to be used for infrastructure needs including: Scheduled Maintenance and Capital Furniture (including classroom, faculty and administration); Library Materials and Databases; Instructional and Non-instructional Equipment; and Technology Refresh and Replacement (hardware and software). This sub-fund is reported to the State as a part of the General Fund–Unrestricted.

- **General Fund - Unrestricted–Designated (114):** Represents revenues and expenditures associated with contract education, entrepreneurial programs, book store, civic center, and other activities initiated by the colleges and intended to be self-supporting. This sub-fund is reported to the State as a part of the General Fund–Unrestricted.
- **General Fund–Restricted (12X):** Represents revenues and expenditures supporting educational services whose resources are restricted by law, regulation, grant terms and conditions, categorical funding agencies, or other externally-imposed restrictions. This sub-fund is reported to the State as a part of the Total General Fund.

GENERAL FUND – UNRESTRICTED (111)

The VCCCD budget development process emphasizes the building of the General Fund–Unrestricted (111) budget, since this is the budget that most heavily impacts ongoing college and district operations.

Budget Allocation Model

The Budget Allocation Model was adopted by the Board in May 2007, and modified in 2009, 2012, 2015, 2016, 2018, and 2019. The model is reviewed annually by the District Council on Administrative Services (DCAS) in accordance with the commitment to regularly review the model components to ensure a more sustainable model that incorporates variables that are meaningful, readily defined, easily measured, and consistently reported.

In the annual review of the Districtwide Resource Budget Allocation Model, if it is determined that specific budget items will be reassigned between Districtwide Services (DWS) and District Administrative Center (DAC) or the colleges and DAC, the percentage of revenue the DAC is allocated will change accordingly. Since the model was initially approved, several expenditure items have been reassigned to new locations (e.g., between DWS and DAC, colleges and DWS, colleges and DAC, etc.). This cost-shifting results in no impact (no increase or decrease) to discretionary budgets at the DAC or the

colleges. There is no increase in the effective rate/percentage of revenue, as both budget and associated costs are shifted.

The Budget Allocation Model, following the review by DCAS, was utilized to allocate resources to the various operational units within the District. Each college and the DAC have a separate process by which they allocate the resources received through the Model.

In 2019-20 the District will be examining ways it may modify its own Allocation Model so that it more closely reflects the funding levels and priorities of the Student Centered Funding Formula (SCFF).

Budget Carryover

As part of the Budget Allocation Model, the colleges and DAC can carryover funds up to 2% of the prior year adopted budget. This reserve was fully distributed as a part of the budget development process and totals \$3,129,307 between the three colleges and the DAC. As part of the Budget Allocation Model annual review for FY20, DCAS has recommended a change that addresses the treatment of additional SCFF apportionment funds that may be received very late in FY19. In this regard, cost centers will be enabled to carryover funds into FY20, not to exceed the amount of the late allocation from the State; this carryover amount is separate from the 2% maximum. This reserve was also fully distributed as a part of the budget development process and totals \$2,854,817.

Reserves

The District's designated ending fund balance is comprised of the following categories: State Required 5% Minimum Reserve; Revenue Shortfall Contingency Reserve; Unallocated Reserves; Budget Carryover; State Teachers' Retirement System; and Energy Efficiency.

State Required 5% Minimum

In accordance the State Chancellor's Office Accounting Advisory FS 05-05: Monitoring and Assessment of Fiscal Condition, the State Chancellor's Office requires a minimum prudent unrestricted general fund balance of five percent. To ensure the District does

not drop below this minimum requirement, the amount is segregated in a reserve designated for that purpose.

Revenue Shortfall Contingency

The Revenue Shortfall Contingency Reserve is designated to cover any mid-year reductions (including, but not limited to, statewide property tax shortfall, enrollment fee shortfall, and general statewide deficit), thus negating the need for mid-year reductions in site operating budgets. For FY 2019-20, the contingency will remain at \$5 million.

State Teachers' Retirement System (STRS)

This reserve is to address the rising annual costs of the STRS plan implemented by the State in 2014-15. At that time, the District set aside \$1 million to assist with the rising cost of STRS. The current estimate of additional costs in 2020-21 from the baseline year of 2014-15 is \$6.1 million.

Energy Efficiency

This reserve is to address current and future challenges with sustainability at all three colleges. For FY 2019-20, the reserve in the Tentative Budget will remain at \$1.4 million.

Unallocated Reserves

Unallocated Reserves is the remaining ending balance that is undesignated for other uses. This balance is maintained to allow for gradual adjustment to any substantial reductions in revenue and, along with other cash reserves, to handle the significant cash flow requirements. The Unallocated Reserves can also be used to mitigate budget reductions beyond that provided for in the Revenue Shortfall Contingency Reserve. This reserve may be allocated to cover any other unanticipated one-time expenditures.

Maintaining Unallocated Reserves is important for fiscal solvency and strength during the years with uncertainty of funding for community colleges and the cyclical nature of the California economy.

GENERAL FUND–UNRESTRICTED DESIGNATED-INFRASTRUCTURE (113)

This sub-fund was created to account for Infrastructure Funding Model (approved by the Board in March 2012) to help address total cost of ownership (TCO) and the growing structural deficits in specific infrastructure categories. As specified in the funding plan, resources are to be re-allocated from the General Fund-Unrestricted. Funds may be accumulated from year to year to address the infrastructure needs. The Tentative Budget includes transferring \$3.5 million in budgeted revenue from the General Fund Unrestricted to the General Fund– Unrestricted Designated–Infrastructure. Expenditure of these funds will be budgeted in the year following the year in which the revenue is earned.

GENERAL FUND – RESTRICTED (12x)

This fund supports categorical programs, grants, contracts, and other programs where budget resources are restricted by law, regulation, contract, grant agreement, or other externally restricted terms and conditions.

Major programs accounted for in this fund include state categorical programs such as Student Equity & Achievement, SWP (Strong Workforce Program), EOPS (Extended Opportunity Programs and Services), DSPS (Disabled Students Programs and Services), CalWORKS (California Work Opportunities and Responsibility to Kids), Career Technical Education programs, as well as Perkins IV (VTEA/Vocational and Technical Education Act) federal grants, Restricted Lottery (Proposition 20) funds, Nursing Education grants, and Title III and Title V (HSI, STEM) federal grants.

The FY 2019-20 Tentative Budget for student services programs have been developed within the existing individual categorical programs based at 95% of the prior year level. This methodology is consistent with this year's Budget Assumptions and is also comparable to the 95% funding guarantee that many student services categorical programs were accorded in past years, given that the final allocations for most student services programs are not finalized until after the Governor signs the state budget and the State Chancellor's Office allocates funds to the districts based on MIS data that is submitted during the first quarter of the fiscal year. Additionally, the carryforward funds for Guided Pathways of \$1.4 million, Student Equity and Achievement Program of \$2.7 million, and Strong Workforce Program of \$4.4 million have been budgeted.

PARKING SERVICES FUND (124)

This fund accounts for parking revenues (fees and fines) and expenditures associated with parking (including District police services), safety, and transportation. The Board has approved a maximum parking fee to be increased annually by the CPI approved by the State Chancellor's Office. The Implicit Price Deflator Index increased last year, and in March 2019, Districts were informed of the new maximum fees. As a result, the District will begin charging a maximum fee for automobiles of \$58 for the fall 2019 and spring 2020 semester and \$29 for the summer 2020 semester. The College-wide Parking Lot Maintenance program supports repairs and renovations of parking areas district-wide. The Tentative Budget includes \$1,164,768 of General Fund-Unrestricted (Districtwide Services) support towards the cost of providing police services at all sites in addition to that supported by parking revenues.

HEALTH SERVICES FUND (13x)

This restricted fund accounts for the revenues and expenditures related to the operation of the colleges' Student Health Centers. Historically, the primary resources have been Student Health Fees and State Mandated Cost reimbursements. Effective with the fall 2019 term, the District will charge a flat fee of \$21 for the fall and spring semester, a \$1 increase over the prior year. The summer semester fee also will increase from \$17 to \$18.

Beginning in FY 2012-13, the approved State budget contained a new mandated block grant. This block grant distributed \$28 per funded FTES to cover all compliance costs incurred during the 2012-13 fiscal year, including those associated with Student Health Centers. The Student Health Centers receive their proportional share of the block grant. This mandated block grant will continue for FY 2019-20.

CHILD CARE CENTER FUND (33x)

This fund accounts for all revenues and expenditures related to the operation of Child Care Centers at Moorpark College and Ventura College. In addition to client enrollment fees, the Child Care Centers receive grant funding as a supplemental source of funding from the State of California. While maintaining competitive rates, the Child Care Centers

have continued to be self-supporting. At the Oxnard site, the center has been converted to a lab school and is accounted for in Fund 111.

CRM (Culinary and Restaurant Management) (322)

At Oxnard College, the CRM (Culinary and Restaurant Management) program provides food service during the lunch period as an outlet of the CRM instructional lab. Oxnard College made the transition between a full service cafeteria and a CRM outlet in January 2012.

PROPRIETARY (ENTERPRISE) FUNDS

The enterprise funds account for business operations that are financed and managed similarly to private enterprise and are to be self-supporting. These funds consist of a separate Bookstore Fund and Food Service Fund to account for the revenues, expenses, and profits and/or losses at each college.

Bookstore (51x)

After years of declining sales, in January 2014, the Board took action to contract for full-service bookstore services at all campuses through Barnes & Noble College Bookstores, Inc. This transition occurred April 1, 2014; the District will receive a percentage of net sales of which is accounted for in Fund 114.

Food Service (52x)

The District contracts with vending operators to provide hot and cold food. The District will continue to consider alternative food service options, while maintaining at least breakeven financial operations.

INTERNAL SERVICES FUND (6xx)

The **Self-Insurance Fund** provides funding for the level of risk retention held by the District. This fund is used to reimburse individuals or other entities for claims against the District up to our deductible levels (\$25,000/\$50,000) and for some settlement costs.

The **Retiree Settlement Health Payment Fund** is used to account for the costs arising from a settlement between the District and the class members defined in that settlement.

The future liability exposure of this fund may be very significant depending how the District modifies health benefit plans over the next several decades.

The **Workload Balancing Fund** is used to account for non-contract assignment pay that has been deferred (“banked”) to a subsequent semester or academic year by full-time faculty members. As faculty use their load “banked” hours, a transfer is made to the General Fund as a partial offset to the salary costs of the faculty member while on leave. The current liability in this account is approximately \$718,000 and is fully funded.

The **Retiree Health Benefits Fund** is used to account for the payment of health benefit premium costs for retirees. The net difference between the expenditure for post-retirement benefits and the current retiree health premiums may be periodically remitted to the District’s irrevocable trust. For more information on retiree health benefits, please refer to the Retiree Health Liability section found earlier in this narrative.

STUDENT FINANCIAL AID FUND (74xx)

This fund accounts for the receipt and disbursement of government-funded student financial assistance programs. The major federally funded programs include Pell Grants, SEOG (Supplemental Educational Opportunity Grants), and Direct Loans. The major state-funded programs include EOPS (Educational Opportunity Programs and Services) grants, CARE (Cooperative Agencies Resources for Education) grants, Student Success Completion grants, and Cal Grants.

CAPITAL PROJECTS FUND (4xx)

This fund accounts for the financial resources used in the acquisition and/or construction of major capital outlay projects. Project elements may include site improvements including parking lots, walkways and monument signs, building renovations, new construction, scheduled maintenance projects, hazardous substance abatement projects, and fixed assets, and may be funded from a combination of state capital outlay funds, local funds, redevelopment agency funds, nonresident student capital outlay surcharges, and General Obligation (GO) bonds.

The FY 2019-20 Tentative Budget includes locally funded construction and capital outlay/improvement projects, scheduled maintenance projects, as well as funds for new technology/technology refresh and equipment replacement. Projects being funded from General Obligation (Measure S) bonds, as well as various infrastructure and special repair projects at all three colleges are also budgeted. The FY 2019-20 Tentative Budget does not include state funding for instructional equipment, library materials, and scheduled maintenance projects. If the final budget includes deferred maintenance funding, the CCCCCO would distribute the funds based on full time equivalent student enrollment as of the second principal apportionment. The budget for FY 2019-20 would be adjusted for these programs accordingly.

COMPLIANCE

The Tentative Budget reflects all compliance with external standards, including but not limited to GASB, other post-employment benefits (OPEB), the Education Code, Title 5 regulations, Full Time Faculty Obligation Number (FON), the 50% law, EPA funding, etc.

Assumptions

[a] In FY20, salary & benefits for WCU068, Database Admin, shifted from DWS to DAC; thus, DAC percentage increased to 7.1%

[b] FY20 average replacement cost.

[c] Similar to the colleges, the District Office (DAC) is allowed up to a 2% carryover. The DAC carryover from FY19 is estimated to be \$234,757.

[d] Due to the implementation of the SCFF, the first apportionment from the State was greater than the advance apportionment for FY19. This carryover addresses the timing of the allocation of additional one-time revenue. The amount for the DAC is \$199,266.
