<b>NEW BUSINESS</b>				
<b>BP/AP 5030 – Fees</b>	<p>Mr. Kolesnik presented the position of the District Council on Administrative Services (DCAS) regarding BP 5030 Fees. DCAS has requested DTRW-SS for a final review before moving this policy to Policy Committee and subsequently to the Board for final approval for implementation in Spring 2016.</p> <p>DCAS added “Waivers to Specific Fees” to the Board Policy, which indicates high school students enrolled in a dual college/high school credit courses will waive the following fees: health fees, student representation fee, student activities fee, and student center fee.</p> <p>There was discussion regarding AB 288 Dual Enrollment which was just recently written into law. ~~Title 5 Sections 58000 et seq.~~

This procedure implements Board Policy 5070, as well as section 70901.5 of the California Education Code and section 58000 et seq of Title 5, California Code of Regulations to ensure accurate Attendance Accounting practices.

### **A. The District shall develop and adopt an academic calendar annually.**

1. The calendar shall contain at least 175 days during the fiscal year, shall identify and include holidays and other non-instructional days.
2. The calendar will include at least 32 weeks.
3. Adult or continuing education calendars may be scheduled differently than the college calendar due to facility use and program need.
4. Class hours will be scheduled in accordance with State regulations, regardless of the number of weeks in the session.

### **B. The District shall schedule classes in accordance with State regulations including observance of the following attendance accounting methods and requirements.**

1. Census Week – credit classes that meet on a regular basis each week for a full semester (primary term); applicable only to fall and spring semesters. The enrollment count is taken on the Census date as determined by attendance accounting requirements.
2. Census Day – short-term credit classes which meet on a regular basis for at least 5 days but do not meet for a full semester (primary term). This includes classes held during summer sessions and Intersession. The enrollment count is taken on the census day which is 20% of the class meeting days, excluding holidays.
3. Positive Attendance – classes which do not meet on a regular basis or which operate on an open entry/open exit basis. Requires the collection and reporting of the actual hours of attendance of each student for each hour are counted. The following classes are always positive attendance: in-service academy, non-credit, and apprenticeship.
4. Independent Study or Work Experience – classes which are identified as independent study or work experience during the curriculum approval process.

### **C. FTES reporting**

1. All scheduled classes shall be advertised and open to the public unless special circumstances provide for an allowable restriction of enrollment in accordance with state regulation.
2. In-service training courses in the areas of police, fire, corrections, and other criminal justice system occupations will conform to all apportionment attendance and course of study requirements imposed by law, and be fully open to the enrollment and participation of the public. Prerequisites for these courses

shall not be established or construed so as to prevent academically qualified persons who are not employed by agencies in the criminal justice system from enrolling in and attending the courses.

a. Preference in enrollment may be given to persons who are employed by, or serving in a voluntary capacity with a fire protection or fire prevention agency in any course of in-service fire prevention agency or association.

b. In-service training courses which are restricted to employees of police, fire, corrections, and other criminal justice agencies, shall not report attendance for the restricted courses for purposes of state funding.

3. Scheduled classes where the full cost of instruction is paid by an organization, ~~or~~ agency or third party may not be claimed for apportionment.

#### **CD. Faculty shall maintain accurate attendance records.**

1. Faculty shall take and record attendance at each regularly scheduled class meeting up to the census date for census week based (full-semester length) and census day based (short-term) classes.

2. Faculty shall record the actual attendance hours of each student for each class meeting for positive attendance classes. The records must be in a legible manner that can be clearly interpreted by others. The attendance records must be submitted to the division office and/or the Admissions and Records Office.

3. Where a class has both scheduled meeting times and ~~positive attendance hours~~ hours by arrangement, faculty shall record the attendance hours of each student for both the scheduled meeting times and the ~~positive attendance hours~~ hours by arrangement, and shall document the instructional activities that take place during the ~~positive attendance hours~~ by arrangement.

4. Any student absent from the first class meeting may be dropped by the instructor.

5. All rosters must be cleared of inactive enrollment (drop students) as of the ~~end of the business day~~ census deadline, which is the day before the census date (full semester classes) or census day (short-term classes). Inactive enrollment is defined as:

a. "No shows" or

b. "Is no longer attending or actively participating" such as students who have accumulated excessive unexcused absences.

6 Instructors of distance education classes, especially those that are 100% online, must incorporate drop policies into their syllabus that include the following:

- Students enrolled in online classes must meet a standard of participation to be considered actively enrolled by regularly logging in and actively participating in the course, or they may be considered inactive and may thus be dropped by the instructor.
- Specific assignments within an online course can act as attendance or student activity indicators. If the assignment or activity is not completed by a given date, then a student may be considered inactive and may be dropped. Attendance assignments or student activity indicators will be determined by individual instructors.

7. Faculty may include a statement in the course syllabus to the effect that it is the student's responsibility to drop or withdraw from the class; however, this does not alleviate the faculty member from the requirement to clear his/her roster of inactive enrollments ~~before the census day/date~~ as of the census deadline of each course.

8. Faculty may, but are not required to drop students for lack of attendance or participation after the census date deadline and are not required to notify the student after having provided every student access to the drop policy in the course syllabus. ~~After the census date, it is the instructor's discretion to drop students who have accumulated excessive absences as stated in the course syllabus.~~

9. Tardiness and/or leaving class early may be treated in the same manner as absences per the class syllabus.

10. Final grades may be affected by attendance to the extent that the instructor has included attendance, noted as participation, in the "method by which the final grade is determined," and has provided this information in the class syllabus.

11. Faculty may excuse absences when the absence results from illness, accident, other circumstances beyond the student's control, or participation in authorized professional or college activities.

12. Faculty will determine if work missed during any absence can be made up.
13. All drops (administrative, instructor or student initiated) shall be recorded in the same manner.
14. Students remaining in a class beyond the published withdrawal deadline as stated in the class schedule will receive an evaluative grade.
15. Faculty will be required to enter the last date of ~~known activity~~ attendance and/or participation for all students ~~enrolled in specified Federal programs~~ who receive F or NP grades.

The District is committed to providing a safe work environment that is free of violence and the threat of violence.

## Responding to Threats of Violence

The top priority in this process is effectively handling critical workplace incidents, especially those dealing with actual or potential violence.

Violence or the threat of violence against or by any employee of the District or any other person is unacceptable.

Should a non-employee on District property demonstrate or threaten violent behavior, he/she may be subject to criminal prosecution.

Should an employee, during working hours, demonstrate or threaten violent behavior he/she may be subject to disciplinary action.

The following actions are considered violent acts:

- Striking, punching, slapping or assaulting another person.
- Fighting or challenging another person to fight.
- Grabbing, pinching or touching another person in an unwanted way whether sexually or otherwise.
- Engaging in dangerous, threatening or unwanted horseplay.
- Possession, use, or threat of use, of a firearm, knife, explosive or other dangerous object, including but not limited to any facsimile firearm, knife or explosive, on District property, including parking lots, other exterior premises, District vehicles, or while engaged in activities for the District in other locations, unless such possession or use is a requirement of the job.
- Threatening harm or harming another person, or any other action or conduct that implies the threat of bodily harm.
- Bringing or possessing any dirk, dagger, ice pick, or knife having a fixed blade longer than 2½ inches upon the grounds, unless the person is authorized to possess such a weapon in the course of his/her employment, has been authorized by a District employee to have the knife, or is a duly appointed peace officer who is engaged in the performance of his/her duties.

Any employee who is the victim of any violent threatening or harassing conduct, any witness to such conduct, or anyone receiving a report of such conduct, whether the perpetrator is a District employee or a non-employee, shall immediately report the incident to his/her supervisor or other appropriate person, such as:

- Title IX Coordinator
- Campus Police or Other Law Enforcement (911)
- Human Resources Officer
- Sexual Harassment Facilitator

No one, acting in good faith, who initiates a complaint or reports an incident under this policy will be subject to retaliation or harassment.

Any employee reported to be a perpetrator will be provided both due process and representation before disciplinary action is taken.

In the event the District fears for the safety of the perpetrator or the safety of others at the scene of the violent act, Campus Police or 911 will be called.

Members of the Ventura County Community College District (VCCCD) who are witnesses or victims of a crime should immediately report the crime to Campus Police.

In the event an employee is assaulted, attacked or menaced by a student, the employee shall notify his/her supervisor as soon as practical after the incident. The supervisor of any employee who is attacked, assaulted or menaced shall assist the employee to promptly report the attack or assault to the Campus Police. The supervisor himself/herself shall make the report if the employee is unable or unwilling to do so. Reporting a complaint to local law enforcement will not relieve the District of its obligation to investigate all complaints of harassment.

The District will instruct members of the District Police Department to notify students and employees complaining of sexual violence of their right to file a sex discrimination complaint with the District in addition to filing a criminal complaint, and to report incidents of sexual violence to a Title IX Coordinator and/or or the Vice Chancellor for Educational Services if the complainant consents.

The District shall publish warnings to the campus community about the following crimes:

- Criminal homicide – murder and non-negligent manslaughter;
- Criminal homicide – negligent manslaughter;
- Sex offenses – forcible and non-forcible sex offenses;
- Domestic violence, dating violence and stalking;
- Robbery;
- Aggravated assault;
- Burglary;
- Motor vehicle theft;
- Arson;
- Arrests for liquor law violations, drug law violations, and illegal weapons possession;

- Persons who were not arrested for liquor law violations, drug law violations, and illegal weapons possession, but who were referred for campus disciplinary action for same;
- Crimes that manifest evidence that the victim was intentionally selected because of the victim's actual or perceived race, gender, religion, sexual orientation, ethnicity, or disability and involve larceny-theft, simple assault, intimidation, destruction/damage/vandalism of property, or any other crime involving bodily injury;
- Those reported to Campus Police; and
- Those that are considered to represent a continuing threat to other students and employees.

In the event that a situation arises, either on or off campus, that, in the judgment of the CEO or Designee or Chief of Police, constitutes an ongoing or continuing threat, a campus wide "timely warning" will be issued. The warning will be issued through the college e-mail system to students, faculty, staff and the campus' student newspaper. The information shall be disseminated by the CEO or Designee in a manner that aids the prevention of similar crimes.

Depending on the particular circumstances of the crime, especially in all situations that could pose an immediate threat to the community and individuals, the CEO or Designee may also post a notice via campus-wide communication system and/or an appropriate VCCCD website, providing the community with more immediate notification. The electronic bulletin board is immediately accessible via computer by all faculty, staff and students. Anyone with information warranting a timely warning should report the circumstances to the Campus Police, by phone or in person at the campus police station. Contact, website and location information can be found through the District website and office: [www.vcccd.edu](http://www.vcccd.edu).

The District shall not be required to provide a timely warning with respect to crimes reported to a professional counselor.

If there is an immediate threat to the health or safety of students or employees occurring on campus, the District shall follow its emergency notification procedures.

The District shall annually collect and distribute statistics concerns crimes on campus. All college staff with significant responsibility for student and campus activities shall report crimes about which they receive information.

The District shall publish an Annual Security Report every year by October 1 that contains statistics regarding crimes committed on campus and at affiliated locations for the previous three years. The Annual Security Report shall also include policies pertaining to campus security, alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, victims' assistance program, student discipline, campus resources and other matters. The District shall make the report available to all current students and employees. The District will also provide perspective students and

employees with a copy of the Annual Security Report upon request. A copy of the Annual Security Report can be obtained by contacting a Campus Police station or at the following Website address: [www.vcccd.edu/departments/police](http://www.vcccd.edu/departments/police).

#### To Report a Crime:

Contact Campus Police and 911 (911 for emergencies only). Any suspicious activity or person seen in the parking lots or loitering around vehicles or inside buildings should be reported to the police department.

If you are the victim of a crime and do not want to pursue action within the District's System or the criminal justice system, you may still want to consider making a confidential report. With your permission, a Campus Security Authority (CSA) can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the District can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the institution.

The Campus Police encourage anyone who is the victim or witness to any crime to promptly report the incident to the police. Because police reports are public records under state law, the Campus Police Department police cannot hold reports of crime in confidence. Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made to other campus security authorities as identified below. Confidential reports of crime may also be made to a Campus Security Authority (CSA).

**NOTE:** *For districts that participate in the Cal Grant Program, the following is also legally required:*

#### **Required Reports to Local Law Enforcement Agency**

Any report of willful homicide, forcible rape, robbery, aggravated assault, sexual assault, or hate crime, committed on or off campus, that is received by a campus security authority and made by the victim for the purposes of notifying the institution or law enforcement must be immediately, or as soon as practicably possible, disclosed to the local law enforcement agency. The report shall not identify the victim, unless the victim consents to being identified after the victim has been informed of his/her right to have his/her personally identifying information withheld. If the victim does not consent to being identified, the alleged assailant shall not be identified in the information disclosed to the local law enforcement agency.

- Education Code Sections 67385 and 67386;
- 20 U.S. Code Section 1092(f);
- 34 Code of Federal Regulations Section 668.46(b)(11)

**Note:** This policy is legally required.

The following are the minimum requirements contained in the Education Code and in the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (“the Clery Act,” 20 U.S. Code Section 1092(f)). The requirements of the Clery Act are broader than those found in California’s Education Code, and apply to all institutions of higher learning that receive federal aid.

Any sexual assault or physical abuse, including, but not limited to, rape, domestic violence, dating violence, sexual assault, or stalking, as defined by California law, whether committed by an employee, student, or member of the public, occurring on District property, in connection with all the academic, educational, extracurricular, athletic, and other programs of the District, whether those programs take place in the District’s facilities or at another location, or on an off-campus site or facility maintained by the District, or on grounds or facilities maintained by a student organization, is a violation of District policies and regulations, and is subject to all applicable punishment, including criminal procedures and employee or student discipline procedures. (See also AP 5500 titled Standards of Student Conduct.)

“Sexual assault” includes but is not limited to, rape, forced sodomy, forced oral copulation, rape by a foreign object, sexual battery, or threat of sexual assault.

“Dating violence” means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of a romantic or intimate relationship will be determined based on the length of the relationship, the type of relationship and the frequency of interaction between the persons involved in the relationship.

“Domestic violence” includes felony or misdemeanor crimes of violence committed by:

- a current or former spouse of the victim
- a person with whom the victim shares a child in common;
- a person who is cohabitating with or has cohabitated with the victim as a spouse;
- a person similarly situated to a spouse of the victim under California law; or
- any other person against an adult or youth victim who is protected from that person’s acts under California law.

“Stalking” means engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others, or to suffer substantial emotional distress.

It is the responsibility of each person involved in sexual activity to ensure that he or she has the affirmative consent of the other or others to engage in the sexual activity. Lack of protest or resistance does not mean consent, nor does silence mean consent. Affirmative consent must be ongoing throughout a sexual activity and can be revoked at any time. The existence of a dating relationship between the persons involved, or the fact of past sexual relations between them, should never by itself be assumed to be an indicator of consent.

“Affirmative consent” means affirmative, conscious, and voluntary agreement to engage in sexual activity.

These written procedures and protocols are designed to ensure victims of domestic violence, dating violence, sexual assault, or stalking receive treatment and information. (For physical assaults/violence, see also AP 3500, 3510, and 3515).

All students, faculty members or staff members who allege they are the victims of domestic violence, dating violence, sexual assault or stalking on District property shall be provided with information regarding options and assistance available to them. Information shall be available from the Title IX Coordinator or Designee, which shall maintain the identity and other information about alleged sexual assault victims as confidential unless and until the Title IX Coordinator or Designee is authorized to release such information.

The Title IX Coordinator or Designee shall provide all alleged victims of domestic violence, dating violence, sexual assault, or stalking with the following:

- A copy of the District's policy and procedure regarding domestic violence, dating violence, sexual assault or stalking;
- A list of personnel on campus who should be notified and procedures for such notification, if the alleged victim consents.
  - Campus Police
  - Student Health Center
  - CEO or Designee
- Information about the importance of preserving evidence and the identification and location of witnesses;
- A description of available services, and the persons on campus available to provide those services if requested. Services and those responsible for provided or arranging them include:
  - transportation to a hospital, if necessary (Student Health Center);
  - counseling or referral to a counseling center (Student Health Center);
  - notice to the police, if desired (Student Health Center, Title IX Coordinator or Designee);

- a list of other available campus resources or appropriate off-campus resources (Student Health Center, Title IX Coordinator or Designee).
- A description of each of the following procedures:
  - criminal prosecution;
  - civil prosecution (i.e., lawsuit);
  - District disciplinary procedures, both student and employee;
  - modification of class schedules;
  - tutoring, if necessary.

The Title IX Coordinator or Designee should be available to provide assistance to District law enforcement unit employees regarding how to respond appropriately to reports of sexual violence.

The District will investigate all complaints alleging sexual assault under the procedures for sexual harassment investigations described in AP 3435, regardless of whether a complaint is filed with local law enforcement.

All alleged victims of domestic violence, dating violence, sexual assault, or stalking on District property shall be kept informed, through the Title IX Coordinator or Designee of any ongoing investigation. Information shall include the status of any student or employee disciplinary proceedings or appeal; alleged victims of domestic violence, dating violence, sexual assault, or stalking are required to maintain any such information in confidence, unless the alleged assailant has waived rights to confidentiality.

A complainant or witness who participates in an investigation of sexual assault, domestic violence, dating violence, or stalking will not be subject to disciplinary sanctions for a violation of the District's student conduct policy at or near the time of the incident, unless the District determines that the violation was egregious, including but not limited to, an action that places the health or safety of any other person at risk or involves plagiarism, cheating, or academic honesty.

In the evaluation of complaints in any disciplinary process, it shall not be a valid excuse to alleged lack of affirmative consent that the accused believed that the complainant consented to the sexual activity under either of the following circumstances:

- The accused's belief in affirmative consent arose from the intoxication or recklessness of the accused.
- The accused did not take reasonable steps, in the circumstances known to the accused at the time, to ascertain whether the complainant affirmatively consented.

In the evaluation of complaints in the disciplinary process, it shall not be a valid excuse that the accused believed that the complainant affirmatively consented to the sexual activity if the accused knew or reasonably should have known that the complainant was unable to consent to the sexual activity under any of the following circumstances:

- The complainant was asleep or unconscious.

- The complainant was incapacitated due to the influence of drugs, alcohol, or medication, so that the complainant could not understand the fact, nature, or extent of the sexual activity.
- The complainant was unable to communicate due to a mental or physical condition.

The District shall maintain the identity of any alleged victim, witness, or third-party reporter of domestic violence, dating violence, sexual assault, or stalking on District property, as defined above, in confidence unless the alleged victim, witness, or third-party reporter specifically waives that right to confidentiality. All inquiries from reporters or other media representatives about alleged domestic violence, dating violence, sexual assaults, or stalking on District property shall be referred to the District's Public Information Officer (PIO), which shall work with the Title IX Coordinator or Designee to assure that all confidentiality rights are maintained.

Additionally, the Annual Security Report will include a statement regarding the District's programs to prevent sex offenses and procedures that should be followed after a sex offense occurs. The statement must include the following:

- A description of educational programs to promote the awareness of rape, acquaintance rape, other forcible and non-forcible sex offenses, domestic violence, dating violence, or stalking;
- Procedures to follow if a domestic violence, dating violence, sex offense, or stalking occurs, including who should be contacted, the importance of preserving evidence to prove a criminal offense, and to whom the alleged offense should be reported;
- Information on a student's right to notify appropriate law enforcement authorities, including on-campus and local police, and a statement that campus personnel will assist the student in notifying these authorities, if the student so requests;
- Information for students about existing on- and off-campus counseling, mental health, or other student services for victims of sex offenses;
- Notice to students that the campus will change a victim's academic situation after an alleged domestic violence, dating violence, sex offense, or stalking and of the options for those changes, if those changes are requested by the victim and are reasonably available;
- Procedures for campus disciplinary action in cases of an alleged domestic violence, dating violence, sex offense, or stalking including a clear statement that:
  - The accuser and the accused are entitled to the same opportunities to have others present during a disciplinary proceeding; and
  - Both the accuser and the accused must be informed of the outcome of any institutional disciplinary proceeding resulting from an alleged sex offense. Compliance with this paragraph does not violate the Family Educational Rights and Privacy Act. For the purposes of this paragraph, the outcome of a disciplinary proceeding means the final determination with respect to the alleged domestic violence, dating violence, sex offense, or stalking and any sanction that is imposed against the accused.

- A description of the sanctions the campus may impose following a final determination by a campus disciplinary proceeding regarding rape, acquaintance rape, or other forcible or non-forcible sex offenses, domestic violence, dating violence, or stalking.

The following evaluative symbols will be used to measure student work:

- A – Excellent (4 points per semester unit)
- B – Good (3 points per semester unit)
- C – Satisfactory (2 points per semester unit)
- D – ~~Passing~~, ~~Less than satisfactory~~ (1 point per semester unit)
- F – Failing (0 point per semester unit)

- P – Pass, C or better – At least satisfactory (Units awarded not counted in GPA. Replaced CR effective Fall 2009.)
- NP – No Pass, less than satisfactory, or failing (Units not counted in GPA. Replaced NC effective Fall 2009.)
- CRE – Credit by Exam (Units awarded not counted in GPA.)

Grades from the letter grading scale shall be averaged on the basis of the numerical grade point equivalencies to determine a student's grade point average.

### **Non-Evaluative Symbols:**

The District Governing Board has authorized the use of the non-evaluative symbols "I," "IP," "RD," "W," and "MW" defined as follows:

#### **I - Incomplete**

Students who are at the end of a term and have failed to complete the required academic work of a course because of unforeseeable, emergency, and justifiable reasons may receive a symbol "I" (Incomplete) on their records.

The conditions for receiving a letter grade and for the removal of the "I" must be stated by the instructor in a written record which must also state the grade to be assigned in lieu of the removal of the "I." This record must be given to the student and a copy is to be placed on file with the Registrar until the conditions are met (the "I" is made up) or the time limit is passed.

A final grade shall be assigned when the work stipulated has been completed and evaluated, or when the time limit for completing the work has passed. The "I" may be made up no later than one

year following the end of the term for which it was assigned. The "I" symbol shall not be used in calculating units attempted or for grade point averages.

### **IP – In Progress**

The "IP" symbol shall be used only in those courses which extend beyond the normal end of an academic term. It indicates that work is "in progress," but that assignment of an evaluative symbol (grade) must await its completion. The "IP" symbol shall remain on the student's permanent record in order to satisfy enrollment documentation. The appropriate evaluative symbol (grade) and unit credit shall be assigned and appear on the student's permanent record for the term in which the course is completed. The "IP" shall not be used in calculating grade point averages. If a student enrolled in an "open-entry, open-exit" course is assigned an "IP" at the end of a term and does not re-enroll in that course during the subsequent attendance period, the appropriate faculty will assign an evaluative grade symbol in accordance with the academic record symbols to be recorded on the student's permanent record for the course.

### **RD - Report Delayed**

The "RD" symbol may be assigned by the Registrar only. It is to be used when there is a delay in reporting the grade of a student due to circumstances beyond the control of the student. It is a temporary notation to be replaced by a permanent symbol as soon as possible. "RD" shall not be used in calculating grade point averages.

### **W - Withdrawal**

Students may withdraw from a class by the end of the third week of a full-semester length class or by 16% of the total meetings in a short-term class without any notation being recorded in the permanent academic record.

Withdrawals that occur after the third week of a full-semester length class or 16% of a short term class shall be recorded as a "W" on students' permanent academic records. "W" grades will be counted as one of the three enrollment attempts that students are allowed in order to achieve a standard (passing) grade of C/P or better in a course. They will also be counted in the calculation of a student's academic progress to determine academic standing (e.g. good standing, probation or dismissal).

Withdrawals shall not be permitted after the 14<sup>th</sup> week of a full-semester length class or 75% of total class meetings in a short-term class. Students who are actively enrolled after that point shall receive a grade other than "W" in the permanent academic record. Exception may be made if approved upon petition by the student and documentation of verifiable extenuating circumstances, and after consultation with appropriate faculty. Withdrawals approved by exception shall be recorded as a "W" on students' permanent academic record.

Appropriate faculty is notified of withdrawals on their summary class roster.

"W" grades shall not be assigned, or if assigned shall be removed, from the permanent academic record if determination is made pursuant to Title 5, Sections 59300 et. seq. that a student withdrew from a course due to discriminatory treatment or due to retaliation for alleging discriminatory treatment.

"W" grades shall not be assigned when withdrawal was necessary due to fire, flood, or other extraordinary conditions, pursuant to Title 5, Section 58509. Such withdrawal must be petitioned by the student and supported by documentation of circumstances.

### **MW – Military Withdrawal**

Military withdrawal occurs when students who are members of an active or reserve United States military service receive orders compelling withdrawal from classes. Upon verification of orders, the appropriate withdrawal symbol may be assigned at any time after the period established by the governing board during which no notation is made on the permanent academic record for withdrawals.

Students requesting military withdrawal must present a petition for withdrawal and a copy of the military orders, or other acceptable documentation, which verifies the dates and location of military assignment that compelled or compels withdrawal from classes.

A grade of "MW" shall be recorded on the permanent academic record upon approval of petition for military withdrawal that occurs after the third week of full-semester length classes or 16% of total meetings of short-term classes. "MW" grades shall not be counted as one of the three enrollment attempts allowed to achieve a standard (passing) grade of C/P or better, or in the calculation of a student's academic progress for the determination of academic standing.

### **Tuition and Fees for Military Personnel and Dependents**

Active duty military personnel and their dependents, military veterans and their dependents are subject to the same criteria and regulations regarding the establishment of California residency as other non-resident students. The information provided herein refers to the assignment of California residency based on active-duty or discharged veteran status solely for the purposes of determining the tuition and fees for eligible service members, former service members and their dependents.

A student who is a member of the Armed Forces of the United States stationed in this state on active duty is entitled to resident classification only for the purpose of determining the amount of tuition and fees.

If that member of the Armed Forces of the United States who is in attendance at an institution is thereafter transferred on military orders to a place outside this state where the member continues to serve in the Armed Forces of the United States, he or she shall not lose his or her resident classification so long as he or she remains continuously enrolled at that institution.

A student who is a natural or adopted child, stepchild, or spouse who is a dependent of a member of the Armed Forces of the United States stationed in this state on active duty is entitled to resident classification only for the purpose of determining the amount of tuition and fees.

If that member of the Armed Forces of the United States, whose dependent natural or adopted child, stepchild, or spouse is in attendance at an institution, (1) is thereafter transferred on military orders to a place outside this state where the member continues to serve in the Armed Forces of the United States, or (2) is thereafter retired as an active member of the Armed Forces of the United States, the student dependent shall not lose his or her resident classification so long as he or she remains continuously enrolled at that institution.

### **Military Veteran Exception**

A community college student who was a member of the Armed Forces of the United States stationed in this state on active duty for more than one year immediately prior to being discharged shall be exempt from paying nonresident tuition for up to one year if he or she files an affidavit with the community college stating that he or she intends to establish residency in California as soon as possible.

The one year exemption provided in paragraph (1) shall be used while the student lives in this state and within two years of being discharged.

A former member of the Armed Forces of the United States who received a dishonorable or bad

conduct discharge shall not be eligible for an exemption pursuant to this section.

A student claiming the residence classifications provided for in this procedure must provide a statement from the student's commanding officer or personnel officer providing evidence of active duty assignment to California and the date of the assignment to California. A student claiming the residence classifications provided for here for the dependent of military personnel shall provide a statement from the military person's commanding officer or personnel officer that the military person's active duty assignment is in California as of the residence determination date, or has been transferred outside of California on active duty after the residence determination date, or that the military person has retired from active duty after the residence determination date. (Title 5 Sections 54041; 54042)

Note that the residency status conferred under this section does not entitle students to the full benefits of classification as a California resident. Students will need to petition for reclassification to California resident status as soon as they are eligible to do so.

### **Veterans Access, Choice, and Accountability Act (VACA) and SB 81**

**In accordance with Education Code Section 68075.5(c), a full exemption from the nonresident fee for all students verified to be "covered individuals" per the criteria listed below and that qualify to use Montgomery GI Bill-Active Duty or Post-9/11 GI Bill education benefits (Chapters 30 and 33, respectively, of Title 38, U.S. Code) while living in California will be eligible for this exemption. A "covered individual" is defined in the VACA Act as:**

- 1. A Veteran who lives in the state in which the institution of higher learning is located (regardless of his/her formal state of residence) and enrolls in the school within three years of discharge from a period of active duty service of 90 days or more.**
- 2. A spouse or child entitled to transferred education benefits who lives in the state in which the institution of higher learning is located (regardless of his/her formal state of residence) and enrolls in the school within 3 years of the transferor's discharge from a period of active duty service of 90 days or more.**
- 3. A spouse or child using benefits under the Marine Gunnery Sergeant John David Fry Scholarship (provides Post-9/11 GI Bill benefits to the children and surviving spouses of service members who died in the line of duty while on active duty) who lives in the state in which the institution of higher learning is located (regardless of his/her formal state of residence) and enrolls in the school within three years of the Servicemember's death in the line of duty following a period of active duty service of 90 days or more.**
- 4. After expiration of the three year period following discharge or death as described in 38 U.S.C. 3679(c), a student who initially qualifies under the applicable requirements above will maintain "covered individual" status as long as he or she remains continuously enrolled (other than during regularly scheduled breaks between courses, semesters or terms) at the institution, even if they enroll in multiple programs and shall continue to be exempt from paying nonresident tuition and other fees as described in the updated fee policy described below.**

**Students eligible for VA education benefits must provide a "Certificate of Eligibility" (COE) by the VA that will confirm the approved education benefits for the veteran or eligible dependent (who is made eligible through the Transfer of Entitlement (TOE) to basic educational assistance under chapters 30 and 33 of title 38, U.S. Code). The DD Form 214, Certificate of Release or Discharge from Active Duty, generally referred to as a "DD 214", is also required to confirm the "covered individual" status as it will show the effective date of the veteran's discharge from active service.**

### **Military Withdrawal Based on Orders**

Military withdrawal occurs when students who are members of an active or reserve United States military service receive orders compelling withdrawal from classes. Upon verification of orders, the appropriate withdrawal symbol may be assigned at any time after the period established by the governing board during which no notation is made on the permanent academic record for withdrawals.

Students requesting military withdrawal must present a petition for withdrawal and a copy of the military orders, which verify the dates and location of military assignment that compelled or compels withdrawal from classes. Other types of verifying documentation may be considered only if orders are unavailable providing they verify the dates and location of military assignment that compelled or compels withdrawal from classes. Military withdrawal may be requested at any time upon the student's return to college.

A grade of MW shall be recorded on the permanent academic record upon approval of petition for military withdrawal that occurs after the third week of full-semester length classes or 16% of total meetings of short-term classes. MW grades shall not be counted as one of the three enrollment attempts allowed to achieve a standard (passing) grade of C/P or better (course repetition), or in the calculation of a student's academic progress for the determination of academic standing.

The student will be eligible to receive a full refund for all fees paid in the term for which the military withdrawal was granted. The cost of books and supplies may be eligible for refund pursuant to the policies and procedures of the campus bookstore.

### **Credit for Military Educational Training**

The colleges of the Ventura County Community College District will recognize and grant credit to service personnel for formal educational training completed in the United States armed forces provided such credit is not a duplication of work taken previously.

The credit allowed will be based upon the recommendations specified in the Guide.
