Background/Analysis

On March 17, 2017, the VCCCD Classified Professional Development Committee received the *2017 Innovative Activity Award* from the California Community College Council for Staff and Organizational Development (4C/SD) during the Council's annual conference. The award was given for the VCCCD [Training and Tours](#) Program. Ashley Chelonis of Oxnard College attended the award luncheon to receive the award on behalf of the VCCCD Classified Professional Development Committee.

This Training and Tours Program was conceived, designed, and implemented by the hard-working members of the districtwide committee. The Training and Tours program continues to grow in popularity, and has been wholeheartedly supported by our college presidents and District administrators, who clearly recognize the value of professional development for all employees.

The Training and Tours Program just had an event entitled "Safety in Service," on the morning of March 15 at Moorpark College. The Committee is planning the next event scheduled for June 8, at Ventura College, entitled "It's All About You." This will be an all-day retreat dedicated to health, wellness, and work/life balance.
