

VENTURA COUNTY COMMUNITY COLLEGE DISTRICT

District Council of Administrative Services (DCAS)

May 31, 2018 – 9:00 a.m.
District Administrative Center, Thomas Lakin Board Room

AGENDA

- Approval of Meeting Notes – May 10, 2018
- FY19 Tentative Budget – Final Review
- Discussion: FTES Shift for FY19
- Discussion of District Reserves
- Other Business

Next meeting(s)
9:00 a.m., June 21, 2018

VENTURA COUNTY COMMUNITY COLLEGE DISTRICT

District Council on Administrative Services (DCAS)

District Administrative Center, Thomas Lakin Boardroom

Thursday, May 10, 2018

NOTES

Attendees:

Silvia Barajas, Vice President, Business Services, Moorpark College
Cathy Bojorquez, Vice President, Business Services, Ventura College
Nenagh Brown, Academic Senate President, Moorpark College
Mike Bush, Vice President, Business Services, Oxnard College
Jennifer Clark, Interim Budget Director
Diane Eberhardy, Academic Senate President, Oxnard College
David El Fattal, Vice Chancellor, Business and Administrative Services
Nubia Lopez-Villegas, Human Resources Representative
Lydia Morales, Academic Senate President, Ventura College
Chris Renbarger, Classified Senate Representative, Oxnard College
Peter Sezzi, AFT Representative
Julius Sokenu, Vice President, Academic Affairs, Moorpark College – Skype
Maria Urenda, SEIU Representative

Absent:

Jeanine Day, Classified Senate Representative, Ventura College
Linda Resendiz, Classified Senate Representative, Moorpark College

Recorder: Laura Galvan via tape

Dr. Eberhardy called the meeting to order at 11:05 a.m.

APPROVAL OF MEETING NOTES

The meeting notes from April 19, 2018, were approved by consensus with suggested changes.

There was a brief discussion about Police Services. Vice Chancellor El Fattal explained he met with Chief Justice and the two will meet again in the week to come.

A discussion regarding utilities took place, specifically regarding the status of electrical/solar for the District. Ms. Brown stated that Moorpark College discussed solar at their recent planning retreat. Vice Chancellor El Fattal explained that he and the vice presidents and facilities directors have met with representatives from a solar company and SPURR, a Joint Powers Authority that is in partnership with CCLC and represents school districts, community colleges and municipalities. Vice Chancellor El Fattal explained that the District has an approved interconnection agreement with SCE in place, which grandfathers current electricity rates for 10 years. He also stated that a contract to construct and finance solar on each campus is currently

being reviewed by legal counsel. Vice Chancellor El Fattal offered to attend any campus meetings regarding solar power initiatives.

FY19 TENTATIVE BUDGET NARRATIVE

Vice Chancellor El Fattal explained this year's narrative was difficult to compile due to the uncertainty of the new funding formula; additional changes may be made after the Governor's May Revise is released.

There was a discussion regarding the Education Protection Act (Prop 30) and funds allocated in FY19 and the narrative statement stating the funds will be used for faculty salary and benefits. Dr. Bush explained that these funds are not new money. It was suggested that the language be clarified indicating these are not new funds and are included in the general apportionment.

There was a discussion regarding language included in the STRS and PERS portions of the Narrative. The paragraphs will be restructured to be similar to each other and include district-related language first and state-related information afterwards.

There was a discussion regarding the mechanics of the District's Infrastructure Funding Model (IFM). Specifically, what revenues are transferred into the IFM. It was suggested that detailed language regarding the IFM formula be included in the Narrative.

It was also suggested that language be included in the Narrative regarding the Governor's proposed plans for consolidating some categorical funds. There was a discussion regarding budgets for Student Equity, Student Success & Support Program, and Strong Workforce Programs. Dr. Clark explained that Business Services staff has spoken with representatives at the State Chancellor's Office regarding the FY19 funding for these programs. Due to the funding uncertainty for Student Equity and Student Success & Support programs and out of an abundance of caution, the District will budget 90% of the prior year funding level for these programs. This is being done in an abundance of caution for the Tentative Budget development. Once the actual funding amounts are known and allocated to the District, the funds will be included in the FY19 Adoption Budget.

A discussion ensued regarding the Medicare Part D funds received by the District that helps fund the Retiree Settlement Health Payment Fund. This fund is limited to current and future retirees covered under the settlement agreement. These funds are not used to cover retiree health care premiums; they are for excess health care expenses for people included in the settlement.

IRREVOCABLE TRUST WORKGROUP

Dr. Eberhardy asked that all participants complete the recently sent Doodle poll regarding the first meeting of the Irrevocable Trust Workgroup.

DISTRICT RESERVE ANALYSIS AND SPENDING PLAN

Vice Chancellor El Fattal explained the Historical use for Reserves (dated 05.10.2018). He explained that the schedule has been updated with recent SEIU bargaining agreement actions. There was a discussion on whether or not the Reserve allocations/transfers have been fully spent (i.e., emergency preparedness, fire academy facilities, etc.). Mr. Sezzi specifically questioned the emergency preparedness funds. Vice Chancellor El Fattal explained that these funds have been transferred from reserves into a specific fund and have not all been expended, but significant expenditures are expected to occur in next fiscal year as an RFP is close to being released for college wide speaker systems at each college.

The second schedule illustrating the reserves shows the ending fund balance for each of the last 9 years plus a projection for ending FY18. The estimated FY18 ending balance of approximately \$25 million is the projected adjusted balance after recent board approved use of reserves for items such as fire academy facilities, SEIU bargaining agreement, etc. There was a discussion about appropriate levels of district reserves based on various perspectives of the group. Vice Chancellor El Fattal explained the reason this information is being presented is because it was a request from DCAS. He feels setting a target for reserves is not appropriate. It may be appropriate to have a list of one-time uses for reserves (boost enrollment for summer, one-time bonuses for bargaining groups, etc.). Vice Chancellor El Fattal does not believe the Chancellor or the Board will be motivated to set a reserve target. He stated that reserves are primarily used to mitigate potential layoffs when such action becomes necessary, especially when extreme fiscal challenges require multi-year reduction plans.

There was a lengthy discussion about the appropriate time to use reserves. Mr. Sezzi restated that Oxnard College and Ventura College will be deficit spending in FY18. When is it time to use them? Why not now?

Ms. Barajas stated she believes the consensus of DCAS is that the group would like to make recommendations on using district reserves. Vice Chancellor El Fattal asked for clarification or examples on specifics of potential spending plans for current reserves. In response, an example could be to spend 2% per year until the reserves reach X amount or a list could be provided of one-time expenses that the reserves could fund. Ms. Barajas stated it could be either option or a combination of both. It is up to the group to decide. Further, Dr. Bush would like a timeline on when it would be spent. Some things are being carried over from year to year. Ms. Brown also requested that guidelines or triggers be established. The Board is presented "*randomly*" with requests. There was a question on whether the District reserves will be discussed at the Board's upcoming July planning session. Ms. Barajas explained that she feels DCAS has a responsibility to advocate for the students the District serves. DCAS can put forward recommendations to the Board and the Board can dismiss the recommendation if they deem appropriate, but DCAS can be confident in their efforts to do what is right for students. She further stated that DCAS makes recommendations to the Chancellor. Vice Chancellor El Fattal explained his perspective that the current level of reserves is not too high. Further, regardless of any conversations he has had with the Board and/or Chancellor or his advice to either related to the level of reserves, the participatory governance process is that committees discuss items of interest and consider or make recommendations.

Vice Chancellor El Fattal will put a discussion document together and solicit further input at the May 31st meeting.

PLANNING FOR STUDENT-CENTERED FY19 FUNDING FORMULA

Vice Chancellor El Fattal explained that any potential new money realized with the new funding formula will be distributed through the District's current allocation model. If something extraordinary happens, DCAS may choose to look at it differently given the specific circumstances.

STATE CHANCELLOR'S OFFICE RECOMMENDATIONS ON FUNDING

Tabled until May 31, 2018, meeting.

OTHER BUSINESS

Meeting adjourned 1:03 p.m.

VENTURA COUNTY COMMUNITY COLLEGE DISTRICT TENTATIVE BUDGET NARRATIVE Fiscal Year 2018-2019 (FY 19)

PURPOSE

Title 5, California Code of Regulations (CCR), Section 58305 requires the District to adopt a budget on or before the first day of July. The main purpose of the Tentative Budget is to serve as authorization for the District to incur expenses and issue checks in the new fiscal year until the Adoption Budget is approved. The Adoption Budget is an update to the Tentative Budget, reflects the Governor's signed State Budget, and must be adopted by the Board no later than September 15.

BACKGROUND

State of California

This Tentative Budget is based on the Governor's May Revision to his January State Budget proposal. The final state approved budget will be reflected in the District's Adoption Budget. The Governor's revision to the 2018-19 State Budget proposal includes a new Student-Focused Funding Formula for general purpose apportionments that reflect the following components: 60% as a base funding allocation largely comprised of a funding rate per Full-Time Equivalent Student (FTES.); 20% as a supplemental grant based on a funding rate per low-income student; and 20% as a student success incentive grant comprised of a funding rate per degree, certificate, and award granted to a student. The proposed funding formula also includes a hold-harmless provision that ensures that no district would receive less per FTES in 2018-19 and 2019-20 than it received in 2017-18.

Formatted: Font: (Default) Arial

The May Revision further clarifies some of the metrics to be used in calculating the supplemental grant as well as the Student Success Incentive Metrics. Additionally, it proposes that the base funding allocation would be calculated on a three-year rolling average to protect districts from enrollment swings and the peaks and valleys associated with the economic cycle. However, it proposes an end to the 'summer shift' by requiring that FTES for summer terms crossing fiscal years be counted in the fiscal year that follows the summer term as well as an end to enrollment 'stability funding.'

The Governor proposes an increase of \$73.7 million Proposition 98 General Fund which includes \$46.9 million reflecting the FTES funding earned back by community college districts that had declined in enrollment over the last three years, as well as an increase of \$11.9 million to reflect a change in the COLA from 2.51% in January to 2.71%.

Also proposed are the following for specific programs:

- \$7.8 million Proposition 98 increase for the proposed Student Success Completion Grant
- \$13.5 million one-time and \$5 million ongoing to upgrade colleges' financial aid management systems
- \$4.8 million ongoing reimbursements to college-sponsored apprenticeship programs
- \$6 million one-time to expand open educational resources
- \$5 million for NextUp Programs, which supports current and former foster youth
- \$2 million to support consortia administrative costs of K-12 Strong Workforce Program
- Increase in COLA to 2.71% for Disabled Student Programs and Services (DSP&S), Extended Opportunities Programs and Services (EOPS), CalWORKs, and the Child Care Tax Bailout programs
- A decrease of \$131.7 million one-time for deferred maintenance, instructional equipment, and specified water conservation projects in order to provide funds as part of the implementation of the new funding formula

Ventura County Community College District

Based on the Governor's January proposal and the May Revision, a Student-Centered Focused Funding Formula, is being developed and/or legislated on a real-

time basis and is in a high state of flux at the present time. There is also a proposal to consolidate funding for the Integrated Plan, which is comprised of three major categorical programs: {Basic Skills Initiative, Student Equity Program, and Student Success and Support Program.} As a result, the District's Tentative Budget ~~reflects projects~~ a hold-harmless revenue amount: this which reflects the same apportionment revenue from the previous year plus a 2.751% COLA as presented in the ~~January-May proposal~~Revise. In this regard, the FY 2018-19 projected funded full-time equivalent student enrollment (FTES) is 26,039, a decrease of 69 FTES from the prior year. As a result of these factors, the District is projecting an increase of about \$1.464 million in the Tentative Budget compared to the budget for FY 2017-18.

Formatted: Not Highlight

Formatted: Highlight

GROWTH FACTOR

While the Governor's January proposal gives a 1% growth factor to the system, under the current growth formula the District's preliminary estimate for its constrained growth rate is 0.42%. However, because the State is still developing the details of its new funding formula, it is unclear to what degree growth will be funded. The hold-harmless provision in the Governor's Budget allows the District to develop its Tentative Budget regardless of the uncertainty created by the new funding formula. The Tentative Budget will be developed with the assumption that FY19 base FTES will be the same as FY18 actual operational FTES. The District does not anticipate any growth FTES.

The state-funded cap (the maximum number of FTES for which the state will pay) is allocated by the State at a district level as opposed to an individual college level. Internally, this state-funded FTES is then allocated to each college.

EDUCATION PROTECTION ACT (PROP 30)

Proposition 30, the Schools and Local Public Safety Protection Act of 2012 (EPA), which was approved by the voters in November 2012, temporarily raised the sales and use tax by 1/4 cent and raised the income tax rate for high income earners (\$250,000 for individuals and \$500,000 for couples) to provide continuing funding for local school districts and community colleges. The quarter-cent sales tax increase ceased to be in effect in December 2016 and the income-tax hikes on the high-income earners were set to expire at the end of 2018. In November 2016, voters approved Proposition 55,

California Extension of the Proposition 30 Income Tax Increase Initiative. This constitutional amendment extended the Proposition 30 personal income tax increases on incomes over \$250,000 for an additional 12 years, through 2030, in order to fund education and healthcare. It is estimated that the District will receive approximately \$19 million in EPA funds for FY 2018-19 ~~and that will be used these funds~~ for faculty salaries and benefits. These funds are part of the general fund apportionment and represent no new or additional monies.

EXPENDITURES

Salary and Benefit Costs

The Tentative Budget includes contractual step and longevity increases, with an annual on-going cost of approximately \$1,050,000. The Budget also includes any collective bargaining unit settlements related to salary and health benefits. The District's Anthem Blue Cross health plan premiums for faculty increased by 8.89% this year. Blue Cross premium rates for the Administrator (managers), Supervisor, Confidential, and Classified group (ASCC) increased by 9.13%.

California State Teacher's Retirement System (STRS)

AB1469, enacted as a part of the 2014-15 budget, addressed the nearly \$74 billion unfunded liability for teachers' pensions. The plan shares the responsibility of the unfunded liability by the three partners that currently fund STRS—the state, education employers, and the employee members. Under the plan, all participate in increased contributions for the STRS solution. To address the "employer share" of \$42 billion, the community college districts employer rate was increased annually from 8.25% in 2013-14 to 19.1% by 2020-21. ~~The plan allows CalSTRS to annually adjust the employer and state rates beginning July 1, 2021, and caps any such annual increase at 1% for employers and 0.5% for the state.~~ The rate for 2018-19 is 16.28%, which ~~will result in~~ an increase in these expenditures of \$1,000,000 ~~43%~~ over the prior year. For our District, the full impact of the increase in 2020-21 would be approximately \$6.4 million in additional annual costs above the costs from the baseline year of 2013-14. The plan allows CalSTRS to annually adjust the employer and state rates beginning July 1, 2021, and caps any such annual increase at 1% for employers and 0.5% for the state.

California Public Employees Retirement System (PERS)

The CalPERS Board of Administration determines employer contribution rates on an annual basis. According to the most recent CalPERS Schools Pool Actuarial Valuation report dated June 30, 2016, the total Unfunded Accrued Liability (UAL) is nearly \$22 billion. The rates are based on the annual valuation using a discount rate of 7.5%. The CalPERS Board of Administration approved lowering the CalPERS discount rate assumption, the long-term rate of return, from 7.5% to 7.0% for three years beginning in the June 30, 2017 annual valuation for school employers and will increase employer contribution costs commencing in FY 2018-19. Lowering the discount rate means both the normal cost and the accrued liabilities will increase in the future. These increases will result in higher required employer contributions. Consistent with the existing board amortization and smoothing policy, the impact of each change in discount rate will be phased in over a five-year period. As a result, the full impact of the reduction in the discount rate will not be felt until FY 2024-25. The employer contribution rate is projected to ~~rise range~~ from 18.1% to 27.3% for the next ~~six seven~~ years. The rate for 2018-19 is 18.1%; ~~this -that will result in, which is~~ an increase in these expenditures of ~~\$680,000-16.5%~~ over the prior year.

Retiree Health Liability

An actuarial study for post-retirement benefits was performed in October 2016, estimating the amount that should be accumulated under the requirements of GASB 45. Actuarial studies are performed every two years. The District's long-term liability as of that date was estimated at approximately \$210.3 million. In FY 2010-11 the District established an irrevocable trust fund to help address the liability.

As a means of accruing the amount required as the annual required contribution (ARC) under GASB 45, the District assesses as an employer expense, rates that range from 6% to 17.5% on each payroll dollar depending on employee type and funding source. These fringe benefit rates are assessed to all eligible employees' salaries in all funds, including categorical, grants and contracts.

In the Tentative Budget, using this methodology, the expenditure for post-retirement benefits is projected to be approximately \$15.6 million for all funds. Health benefit

premium costs for retirees are paid directly from the Retiree Health Benefits fund and are estimated at \$15.5 million. The difference between the two actual amounts may be transferred to the irrevocable trust to help mitigate our long-term liability. A sub-committee of DCAS was formed in FY18 for the purpose of evaluating and recommending a long-term plan for the district's irrevocable trust related to retirement health liabilities.

INFRASTRUCTURE

In March 2012, the Board approved an infrastructure funding plan and allocation model to provide foundational resources to address the District's structural deficit partially in capital funding for areas such as scheduled maintenance, technology and equipment refresh, instructional equipment, library materials and databases, furniture and equipment, etc. Maintaining these items is central to the core mission of the District and each college. ~~Further and the District and,~~ addressing the total cost of ownership (TCO) is a requirement of accreditation as well as a prudent business practice. Funding levels are determined by the Infrastructure Funding Formula.

A separate sub-fund (General Fund–Unrestricted Designated–Infrastructure) has been established to account for this redistribution of resources and the associated expenditures. As part of DCAS's annual review, the implementation strategies of the Infrastructure Funding Model will be reviewed in a parallel process similar to that of the Districtwide Resource Budget Allocation Model review.

The Tentative Budget includes transferring \$1.95 million in budgeted revenue from the General Fund-Unrestricted to the General Fund– Unrestricted Designated–Infrastructure. Expenditure of these funds will be budgeted in the year following the year in which the revenue is actually earned.

GENERAL FUND

The General Fund is the principal operating fund of the District. All revenues and expenditures not required by statutory law to be accounted for in a different fund are budgeted and accounted for in the General Fund. Four sub-funds exist within the General Fund, which are briefly described as follows:

- **General Fund–Unrestricted (111):** Represents revenues and expenditures that support most educational programs and services throughout the district, including instruction, student services, maintenance and operations, administration, and so forth.
- **General Fund–Unrestricted Designated-Infrastructure (113):** Represents revenues and transfers that have been specifically designated to be used for infrastructure needs including: Scheduled Maintenance and Capital Furniture (including classroom, faculty and administration); Library Materials and Databases; Instructional and Non-instructional Equipment; and Technology Refresh and Replacement (hardware and software). This sub-fund is reported to the State as a part of the General Fund–Unrestricted.
- **General Fund - Unrestricted–Designated (114):** Represents revenues and expenditures associated with contract education, entrepreneurial programs, book store, civic center, and other activities initiated by the colleges and intended to be self-supporting. This sub-fund is reported to the State as a part of the General Fund–Unrestricted.
- **General Fund–Restricted (12X):** Represents revenues and expenditures supporting educational services whose resources are restricted by law, regulation, grant terms and conditions, categorical funding agencies, or other externally-imposed restrictions. This sub-fund is reported to the State as a part of the Total General Fund.

Formatted: Left

GENERAL FUND – UNRESTRICTED (111)

The VCCCD budget development process emphasizes the building of the General Fund-Unrestricted (111) budget, since this is the budget that most heavily impacts ongoing college and district operations. The Tentative Budget reflects an increase in resources, above the FY 2017-18 Adoption Budget, in the amount of \$1.4 million.

Budget Allocation Model

The Budget Allocation Model was adopted by the Board in May 2007, and modified in March 2009, 2012, 2015, 2016, and 2018. The model is reviewed annually by the District Council on Administrative Services (DCAS) in accordance with the commitment to regularly review the model components to ensure a more sustainable model that incorporates variables that are meaningful, readily defined, easily measured, and consistently reported.

In the annual review of the Districtwide Resource Budget Allocation Model, if it is determined that specific budget items will be reassigned between Districtwide Services (DWS) and District Administrative Center (DAC) or the colleges and DAC, the percentage of revenue the DAC is allocated will change accordingly. Since the model was initially approved, several expenditure items have been reassigned to new locations (i.e., between DWS and DAC, colleges and DWS, colleges and DAC, etc.). This cost-shifting results in no impact (no increase or decrease) to discretionary budgets at the DAC or the colleges. There is no increase in the effective rate/percentage of revenue, as both budget and associated costs are shifted.

The Budget Allocation Model, following the review by DCAS, was utilized to allocate resources to the various operational units within the District. Each college and the DAC have a separate process by which they allocate the resources received through the Model.

As part of the Budget Allocation Model annual review for FY18, DCAS has recommended that non-resident students will be included in Line 10 of the allocation model; they had previously been excluded. The change more accurately reflects the actual number of non-resident students served at each college and allocates the associated revenue for those students.

Reserves

The District's designated ending fund balance is comprised of the following categories: State Required 5% Minimum Reserve; Revenue Shortfall Contingency Reserve;

Unallocated Reserves; Budget Carryover; State Teachers' Retirement System; and Energy Efficiency.

State Required 5% Minimum

In accordance the State Chancellor's Office Accounting Advisory FS 05-05: Monitoring and Assessment of Fiscal Condition, the State Chancellor's Office requires a minimum prudent unrestricted general fund balance of 5 percent. To ensure the District does not drop below this minimum requirement, the amount is segregated in a reserve designated for that purpose.

Revenue Shortfall Contingency

The Revenue Shortfall Contingency Reserve is designated to cover any mid-year reductions (including, but not limited to, statewide property tax shortfall, enrollment fee shortfall, and general statewide deficit), thus negating the need for mid-year reductions in site operating budgets. For FY 2018-19, the contingency will remain at \$5 million.

Budget Carryover

As part of the Budget Allocation Model, the colleges and DAC can carryover funds up to 2% of the prior year adopted budget. This reserve was fully distributed as a part of the budget development process. As part of the Model's annual review, DCAS has recommended to allow amounts in excess of the 2% allowed carryover be transferred to Fund 113 to help the colleges and the DAC with anticipated future expenditure increases. These amounts are one-time budget savings from FY18 that will be available in FY19 and reflected in the Adoption Budget.

State Teachers' Retirement System (STRS)

This reserve is to address the rising annual costs of the STRS plan implemented by the State in 2014-15. At that time, the District set aside \$1 million to assist with the rising cost of STRS. The current estimate of additional costs in 2020-21 from the baseline year of 2014-15 is \$6.4 million.

Energy Efficiency

This reserve is to address current and future challenges with sustainability at all three colleges. For FY 2018-19, the reserve will remain at \$1.4 million.

Unallocated Reserves

Unallocated Reserves is the remaining ending balance that is undesignated for other uses. This balance is maintained to allow for gradual adjustment to any substantial reductions in revenue and, along with other cash reserves, to handle the significant cash flow requirements. The Unallocated Reserves can also be used to mitigate budget reductions beyond that provided for in the Revenue Shortfall Contingency Reserve. This reserve may be allocated to cover any other unanticipated one-time expenditures.

Maintaining Unallocated Reserves is important for fiscal solvency and strength during the years with uncertainty of funding for community colleges and the cyclical nature of the California economy.

GENERAL FUND–UNRESTRICTED DESIGNATED-INFRASTRUCTURE (113)

This sub-fund was created to account for Infrastructure Funding Model (approved by the Board in March 2012) to help address total cost of ownership (TCO) and the growing structural deficits in specific infrastructure categories. As specified in the funding plan, resources are to be re-allocated from the General Fund-Unrestricted. Funds may be accumulated from year to year to address the infrastructure needs. The Tentative Budget includes transferring \$1.95 million in budgeted revenue from the General Fund-Unrestricted to the General Fund– Unrestricted Designated–Infrastructure. Expenditure of these funds will be budgeted in the year following the year in which the revenue is actually earned.

GENERAL FUND – RESTRICTED (12x)

This fund supports categorical programs, grants, contracts, and other programs whose budget resources are restricted by law, regulation, contract, grant agreement, or other externally restricted terms and conditions.

Major programs accounted for in this fund include state categorical programs such as SSSP (Student Success and Support Program), SWP (Strong Workforce Program),

EOPS (Extended Opportunity Programs and Services), DSPS (Disabled Students Programs and Services), CalWORKS (California Work Opportunities and Responsibility to Kids), Career Technical Education programs, as well as Perkins IV (VTEA/Vocational and Technical Education Act) federal grants, Restricted Lottery (Proposition 20) funds, Nursing Education grants, and Title V (HSI, STEM) federal grants.

Historically, these budgets have been developed within the existing individual categorical programs based at 95% of the prior year level. This strategy is consistent with the Budget Assumptions and is also comparable to the 95% funding guarantee that many student services categorical programs were accorded in past years, given that the final allocations for most student services programs are not finalized until after the state budget is enacted and the State Chancellor's Office allocates funds to the districts based on MIS data that is submitted during the first quarter of the fiscal year. With the new formula, the FY 2018-19 Tentative Budget presents some budgeting challenges for a few student services programs for which there is no 'hold harmless' guarantee, specifically, the Integrated Plan (Student Success and Support Program, Student Equity Program, and Basic Skills Initiative). ~~Such-These three~~ categorical program budgets will be based at a conservative 90% of the prior year level for the Tentative Budget. Additionally, the carryforward funds for Student Equity of **\$0.7 million**, Student Success & Support Program of **\$1.6 million**, and Strong Workforce Program of **\$1.9 million** have been budgeted.

~~The Governor's May Revision budget includes a \$150 million and \$20 million in one-time funds for the Guided Pathways Implementation and Innovation Awards Program, respectively. The FY 2018-19 Tentative Budget does not reflect the estimated impact of these additional amounts, the funding allocation methodology, or match requirements. A budget will be developed pending confirmation of funding.~~

PARKING SERVICES FUND (124)

This fund accounts for parking revenues (fees and fines) and expenditures associated with parking (including District police services), safety, and transportation. The Board has approved a maximum parking fee to be increased annually by the CPI approved by the State Chancellor's Office. By FY18, the Implicit Price Deflator Index had increased

enough to support a one-dollar increase in the parking services fee. As a result, the District began charging a maximum fee for automobiles of \$53 for the ~~f~~Fall 2017 and ~~s~~Spring 2018 semester and \$26 for the ~~s~~Summer semester. The College-wide Parking Lot Maintenance program supports repairs and renovations of parking areas district-wide. The Tentative Budget includes \$734,768 of General Fund-Unrestricted (Districtwide Services) support towards the cost of providing police services at all sites in addition to that supported by parking revenues.

HEALTH SERVICES FUND (13x)

This restricted fund accounts for the revenues and expenditures related to the operation of the colleges' Student Health Centers. Historically, the primary resources have been Student Health Fees and State Mandated Cost reimbursements. Effective with the ~~F~~all 2017 term, the District began charging a flat fee of \$20 for the ~~f~~Fall and ~~s~~Spring semester and \$16 for the ~~s~~Summer semester.

Beginning in FY 2012-13, the approved State budget contained a new mandated block grant. This block grant distributed \$28 per funded FTES to cover all compliance costs incurred during the 2012-13 fiscal year, including those associated with Student Health Centers. The Student Health Centers receive their proportional share of the block grant. This mandated block grant will continue for FY 2018-19.

CHILD CARE CENTER FUND (33x)

This fund accounts for all revenues and expenditures related to the operation of Child Care Centers at Moorpark College and Ventura College. In addition to client enrollment fees, the Child Care Centers receive grant funding as a supplemental source of funding from the State of California. While maintaining competitive rates, the Child Care Centers have continued to be self-supporting. At the Oxnard site, the center has been converted to a lab school and is accounted for in Fund 111.

CRM (Culinary and Restaurant Management) (322)

At Oxnard College, the CRM (Culinary and Restaurant Management) program provides some food service during lunch period as an outlet of their CRM instructional lab.

Oxnard College made the transition between a full service cafeteria and a CRM outlet in January 2012.

PROPRIETARY (ENTERPRISE) FUNDS

The enterprise funds account for business operations that are financed and managed similarly to private enterprise and are to be self-supporting. These funds consist of a separate Bookstore Fund and Food Service Fund to account for the revenues, expenses, and profits and/or losses at each college.

Bookstore (51x)

After years of declining sales, in January 2014, the Board took action to contract for full-service bookstore services at all campuses through Barnes & Noble College Bookstores, Inc. This transition occurred April 1, 2014; the District will receive a percentage of net sales of which is accounted for in Fund 114.

Food Service (52x)

The District contracts with vending operators to provide hot and cold food. The District will continue to consider alternative food service options, while maintaining at least breakeven financial operations.

INTERNAL SERVICES FUND (6xx)

The **Self-Insurance Fund** provides funding for the level of risk retention held by the District. This fund is used to reimburse individuals or other entities for claims against the District up to our deductible levels (\$25,000/\$50,000) and for some settlement costs.

The **Retiree Settlement Health Payment Fund** is used to account for the costs arising from a settlement between the District and the class members defined in that settlement. ~~Dollars received from the federal government for reimbursement for Medicare Part D are used to provide a reserve to fund these costs.~~ The future liability exposure of this fund may be very significant depending how the District modifies health benefit plans over the next several decades.

The **Workload Balancing Fund** is used to account for non-contract assignment pay that has been deferred (“banked”) to a subsequent semester or academic year by full-time faculty members. As faculty use their load “banked” hours, a transfer is made to the General Fund as a partial offset to the salary costs of the faculty member while on leave. The current liability in this account is approximately \$734,000 and is fully funded.

The **Retiree Health Benefits Fund** is used to account for the payment of health benefit premium costs for retirees. The net difference between the expenditure for post-retirement benefits and the current retiree health premiums may be periodically remitted to the District’s irrevocable trust. For more information on retiree health benefits, please refer to the Retiree Health Liability section found earlier in this narrative.

STUDENT FINANCIAL AID FUND (74xx)

This fund accounts for the receipt and disbursement of government-funded student financial assistance programs. The major federally funded programs include Pell Grants, SEOG (Supplemental Educational Opportunity Grants), and Direct Loans. The major state-funded programs include EOPS (Educational Opportunity Programs and Services) grants, CARE (Cooperative Agencies Resources for Education) grants, Full Time Student Success Grants, and Cal Grants.

Formatted: Font: Bold, Underline, Not Highlight

Formatted: Default

Formatted: Not Highlight

Formatted: Font: Bold, Underline, Not Highlight

CAPITAL PROJECTS FUND (4xx)

Formatted: Font: Bold, Underline

This fund accounts for the financial resources used in the acquisition and/or construction of major capital outlay projects. Project elements may include site improvements including parking lots, walkways and monument signs, building renovations, new construction, scheduled maintenance projects, hazardous substance abatement projects, and fixed assets, and may be funded from a combination of state capital outlay funds, local funds, redevelopment agency funds, nonresident student capital outlay surcharges, and General Obligation (GO) bonds.

The FY 2018-19 Tentative Budget includes locally funded construction and capital outlay/improvement projects, scheduled maintenance projects, as well as funds for new technology/technology refresh and equipment replacement. Projects being funded from General Obligation (Measure S) bonds, as well as various infrastructure and special repair projects at all three colleges are also budgeted.

The FY 2018-19 Tentative Budget includes carryforward funding for energy efficient and alternative energy projects approved under Proposition 39 (Year 5.) The Tentative Budget does not include Year 6 awards. ~~In the Governor's May Revise budget, the amount available is estimated at \$46.5 million.~~ The Governor's May Revise also proposes ~~an additional decrease of \$131.75.8~~ million system-wide for deferred maintenance, ~~and instructional equipment, and specified water conservation projects.~~ ~~The FY 2018-19 Tentative Budget does not reflect the estimated impact of these additional amounts, the funding allocation methodology, or required match. A budget will be developed pending confirmation of funding.~~

Formatted: Not Highlight

COMPLIANCE

The Tentative Budget reflects all compliance with external standards, including but not limited to, GASB, other post-employment benefits (OPEB), the Education Code, Title 5 regulations, Full Time Faculty Obligation Number (FON), the 50% law, EPA funding, etc.

RECOMMENDATION

The Tentative Budget, as presented, was reviewed by the District-wide Committee on Administrative Services at its May ~~31~~10 and May 31, 2018 meeting, and by the Administrative Services Committee of the Board at its May ~~25~~24, 2018 meeting, and is recommended for approval by the Board.
