

# Active Shooter Presentation

**What You Need to Know and Do**

By Joel Justice

---

In the 1970's there was an average of 1.1 mass public shootings a year.

**In the 1990's that rate more than tripled to 4 incidents a year.**

**The rate of mass public shootings continues to increase.**

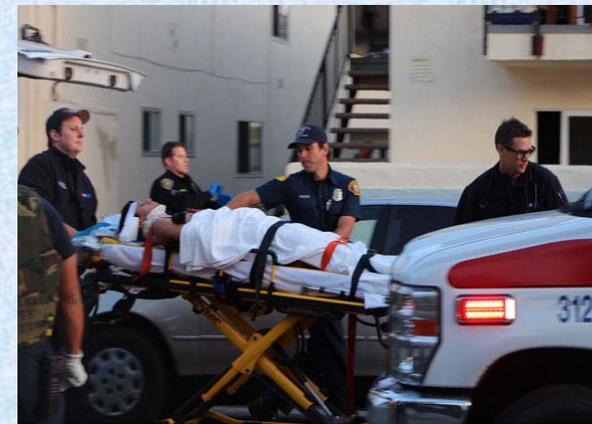

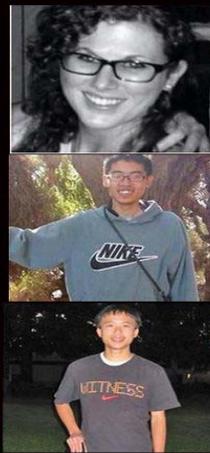

---

# An average of **11.4** active shooter incidents occurred annually between 2000 and 2014.

- **486** people were killed and **558** wounded.
- **32%** of the suspects used rifles or shotguns

## *ISLA VISTA MASSACRE VICTIMS*

The rate nearly doubled to **20** incidents a year in 2015 and 2016.

**231** casualties   **92** killed   **139** wounded

---

## 24.4 % of active shooter incidents happen at educational facilities

Virginia Tech University Massacre-2007

# The Active Shooter fires 1 shot every 4-15 seconds

Weapons used in Columbine shooting -1999

**Active shooters have a 70% hit rate**  
**Police have less than a 50% hit rate**

San Bernardino Shooting - 2015

---

**60%** of active shooter incidents end  
before police arrive

---

---

**13.1%** of the incidents ended after  
unarmed citizens safely restrained  
the shooter

# HAVE A PLAN

- Students need you to be prepared and maintain control
- They will be looking to you for a plan

Active Shooter Drill at Geneva College- 2016

# The FBI and Department of Homeland Security teach “Run, Hide, Fight”

**RUN/ESCAPE**

IF POSSIBLE

**HIDE**

IF ESCAPE IS  
NOT POSSIBLE

**FIGHT**

ONLY AS A  
LAST RESORT

# What is ALICE?

- *Endorsed by FBI, DOE, DHS, FEMA, KHP, OPD, US secret service*
- **A.L.I.C.E. provides OPTIONS for survival:**
  - **ALERT**
  - **LOCKDOWN**
  - **INFORM**
  - **COUNTER**
  - **EVACUATE**

# ALERT

- Get the information out when you hear gunfire!!!!
  - Call 911 and **stay on the phone**
  - Let staff and students know
  - Be specific with plain language
-

# LOCKDOWN

- Barricade
- Lock the door
- Determine escape routes
- Turn off lights- cover the doors and windows if they are glass (make it harder for the suspect to see, his eye will have to adjust to a dark room)
- Turn cell phones to vibrate
- Crouch low- **DON'T HUDDLE TOGETHER**
- **Remember you can't force a person to stay in the room**

# INFORM

- Utilize mass texting
  - Who, What, When, Where, How
  - How many
  - Provide as much real time information as possible
  - Where was the perpetrator last seen
  - What direction were they headed
-

# COUNTER

- This is **NOT fighting** and is a **LAST** resort
  - Take control of the active shooter
  - Create distractions by throwing things (stapler, books, cell phone, etc..)
  - Scream
  - If possible grab on to the shooters limbs to incapacitate them so they can't shoot
  - Not everyone is comfortable to counter
-

# EVACUATE

- Inform everyone in the room with you when it is safe to evacuate
  - If the shooter is near it is best to **LOCKDOWN**
-

# Rules of Evacuation

- Leave all belongings behind
  - **Leave on foot**
  - Do **NOT** leave in a vehicle.
  - Have rally points and a way to account for your students
  - **Remember you are ALL potential targets!**
  - Someone may refuse to leave and you will need to leave them behind
-

# Tips For When Law Enforcement Arrives

- **Remember the average response time is about 11 minutes**
  - Make sure your hands are empty when officers enter the room
  - Raise your hands up
  - Officers are **NOT** there to render first aid
  - Officers will **NOT** answer questions except to provide necessary communication
  - **Officers are there to confront the shooter**
