The Ventura County Community College District (VCCCD) is committed to assisting students in the attainment of its primary mission as a system of state supported two-year colleges.

The primary mission of the District is to produce student learning in lower division level academic transfer and career/vocational degree and certificate programs. Effective, efficient student support services are offered to assist in the accomplishment of the District's primary mission based on need and available resources.

Ventura County Community College District works to enhance state, regional, and local economic growth and global competitiveness within the pursuit of its primary mission. Additionally, workforce and economic development activities and services are offered based on need and available resources.

English as a Second Language instruction, remedial, adult education, and supplemental learning services that contribute to student success are offered and operated based on need and available resources. Ventura County Community College District improves the quality of community life by offering not-for-credit, recreational, vocational, cultural, and civic programming based on community demand and available resources.

All District programs, services, and activities operate within a framework of integrated planning and budgeting. Ongoing, student learning outcome assessment and systematic program review are used to ensure District-wide excellence through sustainable, continuous quality improvement in compliance with its mission.

Meeting	Dec 11, 2012 - Board of Trustees Annual Organizational Meeting
Category	1. Ventura County Community College District
Subject	1.04 Association of Community College Trustees: Code of Ethics
Access	Public
Type	Information

Public Content

The following model code of ethics was developed by the Association of Community College Trustees.

As a community college governing board member, I am responsible to:

1. Devote time, thought, and study to the duties and responsibilities of a community college board member so that I may render effective and creditable service;
2. Work with my fellow board members in a spirit of harmony and cooperation in spite of differences of opinion that arise during vigorous debates on issues;
3. Base my personal decision upon all available facts in each situation; vote my honest conviction in every case, unswayed by partisan bias of any kind; therefore, to abide by and uphold the final majority decision of the board;
4. Remember at all times that as an individual I have no legal authority outside the meetings of the board, and to conduct my relationships with the community college staff, the local citizenry, and all media of the community on the basis of this fact;
5. Resist every temptation and outside pressure to use my position as a community college board member to benefit myself or any other individual or agency apart from the total interest of the community college district;
6. Recognize that it is as important for the board to understand and evaluate the educational program of the community college as well as to plan for the business of the college operations;
7. Bear in mind under all circumstances that the primary function of the board is to establish the policies by which the college is to be administered;
8. Welcome and encourage active participation of the community in helping to establish the policies guiding the operations of the college and proposed future developments;
9. Support the state and national community college organizations;
10. Finally, strive step by step toward ideal conditions for the most effective community college board service to my community, in a spirit of teamwork and devotion to public education as the greatest instrument for the preservation and the perpetuation of our representative democracy.

Meeting	Dec 11, 2012 - Board of Trustees Annual Organizational Meeting
Category	1. Ventura County Community College District
Subject	1.05 Ventura County Community College Governance Roles
Access	Public
Type	Information

Public Content

Roles

Critical to the integrity of the College and District governance structure is that each member of the District community understands the roles, responsibilities, and accountability of each constituent group in the governance process.

Members of the District have the authority and responsibility to make recommendations in matters appropriate in scope. The scope for each constituent group outlined below is derived from several sources: the Government Code of California, California Code of Regulations, VCCCD Board Policy, District practices and procedures, and job descriptions.

Role of the Board of Trustees

The Board of Trustees are representatives of the broad community, elected to act as guardians of the public's trust. Although elected within subsections of Ventura County, Trustees serve and represent all county citizens. The Board's primary responsibility is to establish District policies that align with the Minimum Standards set by the Board of Governors of the California Community Colleges. The Board ensures that the mission and vision will be accomplished by assigning responsibilities to District employees through job descriptions. In this way, the Board remains outside the operations of the District.

The following responsibilities are stated in Education Code Section, which authorizes and defines local boards. The section also authorizes local boards to delegate their power to the chief executive officer and other college staff and committees, unless specifically prohibited by law.

1. Establish rules and regulations not inconsistent with the regulations of the Board of Governors and the laws of this state.
2. Establish policies for and approve comprehensive, academic, and facilities plans.
3. Establish policies for and approve courses of instruction and educational programs.
4. Establish academic standards and graduation requirements.
5. Employ all personnel and establish employment practices.
6. Determine budgets within legal constraints and determine the needs for tax and bond elections.
7. Manage and control district property.
8. Establish procedures for effective involvement in the local decision-making process.
9. Establish rules for student conduct.

10. Establish fees as required by law.
11. Accept grants, gifts, and scholarships.
12. Provide auxiliary services, as necessary.
13. Determine the academic calendar.
14. Participate in the Board of Governors' state consultation process.

Boards of Trustees in California delegate significant authority to the CEO, as well as to the Academic Senate according to Title 5 regulations. Effective boards limit their role to developing broad policy and providing oversight in the areas listed above, and delegate the responsibility for administrative and professional duties to the professionals in the colleges.

As a legislative body, the VCCCD Board of Trustees conducts deliberations and actions openly within the realm of public scrutiny consistent with Government Code Section 54953, also known as the Ralph M. Brown Act. Minutes are prepared for all actions taken by the VCCCD Board of Trustees to serve as the District's public record.

Role of District Chancellor

The Chancellor is the chief executive officer of the District and administrative agent of the Board of Trustees and, as such, is the District's only employee reporting directly to the Board. The Chancellor is accountable for the operation of the District and for providing policy recommendations to the Board. Further definition of the Chancellor's responsibilities is provided in the following section on the Role of Administrators and further referred to in BP 2430 Delegated Authority to Chancellor.

Role of Faculty

Full-time and part-time faculty members at each College are represented in governance by an Academic Senate. The Academic Senate at each College assumes primary responsibility for making recommendations in the areas of curriculum, academic standards, and other areas of professional and academic matters identified in Assembly Bill 1725.

The VCCCD Board of Trustees agreed in Board Policy 2510 to function with the Colleges' Academic Senates in academic and professional matters under the mutual agreement option. When the Board elects to provide for mutual agreement with the Academic Senates, and an agreement has not been reached, existing policy shall remain in effect unless such policy exposes the District to legal liability or fiscal hardship. In cases where there is no existing policy, or when legal liability or fiscal hardship requires existing policy to be changed, the Board may act, after a good faith effort to reach agreement, only for compelling legal, fiscal, or organizational reasons.

Through the three Academic Senates and their College governance structure, recommendations are made to the administration of its College and the District on the following specific academic and professional matters:

- Curriculum, including establishing prerequisites and placing courses within disciplines;
- Degree and certificate requirements;
- Grading policies;
- Educational program development;
- Standards or policies regarding student preparation and success;
- District and College governance structures, as related to faculty roles;
- Faculty roles and involvement in accreditation processes, including self-study and annual reports;
- Policies for faculty professional development activities;
- Processes for program review; and
- Processes for institutional planning and budget development
- Other academic/professional matters, mutually agreed upon between the Board of Trustees and the Academic Senate.

Academic Senates have a statutory requirement to confer with students in their respective areas of responsibility.

Consultation is required on processes in program review, planning, and budgeting. Consultation is not required on

the content of program review, planning, and budgeting.

Academic Senates appoint faculty members to District groups.

Role of Classified Staff

Classified staff members include College and District employees in a wide range of positions. Classified staff members are provided with opportunities to participate in the formulation and development of District and College recommendations as well as in the processes for developing recommendations that have or will have a significant effect on them.

SEIU recommends classified representatives for appointments to the various groups as identified through Article 4.8 of the agreement between the Ventura County Community College District and Service Employees International Union Local 99.

Role of Administrators

Administrators are defined as college presidents, vice chancellors, college executive vice presidents, college vice presidents, deans, classified managers, and classified supervisors. The job descriptions for College and District administrators assign specific roles for administrators. Administrators are appointed to committees based on function or position or appointed by the College President or Chancellor. Administrators address issues of District-wide impact, including governance recommendations, operational matters to ensure alignment of practices, cross-District communication, uniform application of policies and procedures, progress on District goals, and Board support in District-wide planning processes.

Role of Students

Students at each College are represented by an Associated Student Government organization composed of elected officers. Each College's student government organization operates in accordance with its own constitution and bylaws and is responsible for appointing student representatives to serve on District councils. In their role representing all students, they offer opinions and make recommendations to the administration of the College and to the Board of Trustees with regard to District and College policies and procedures that have or will have a significant effect on students. Those areas are specifically defined as:

- Grading policies;
- Codes of student conduct;
- Academic disciplinary policies;
- Curriculum development;
- Courses or programs which should be initiated or discontinued;
- Processes for institutional planning and budget development;
- Standards and policies regarding student preparation and success;
- Student services planning and development;
- Students fees within the authority of the District to adopt; and
- Any other District and College policy, procedure, or related matter that the District Board of Trustees determines will have a significant effect on students.

Generally, the Board of Trustees shall not take action on a matter having a significant effect on students unless they have been provided with an opportunity to participate in the recommendation process.

Persons may speak to the Board either on an agenda item or on other matters of interest to the public that are within the subject matter jurisdiction of the Board.

Oral presentations relating to a matter on the agenda, including those on the consent agenda shall be heard before an item is addressed and voted on.

Persons wishing to speak to matters not on the agenda shall do so at the time designated at the meeting for public comment.

Those wishing to speak to the Board are subject to the following:

- The Chair of the Board may rule members of the public out of order if their remarks do not pertain to matters that are within the subject matter jurisdiction of the Board, or if remarks consist of personal attacks on others.
- Non-scheduled substitutes may not speak in place of scheduled speakers unless alternates have been submitted on the original request.
- Employees who are members of a bargaining unit represented by an exclusive bargaining agent may address the Board under this policy, but may not attempt to negotiate terms and conditions of their employment. This policy does not prohibit any employee from addressing a collective bargaining proposal pursuant to the public notice requirements of Government Code Section 3547 and the policies of this Board implementing that section.
- Individuals wishing to address the Board shall complete a public speaker card that includes the individual's name, name of organization or group represented, if any, and a statement noting the agenda item or topic to be addressed. The individual can submit the completed public speaker card to the Board Clerk prior to the start of Closed Session, Open Session, or prior to the agenda item he/she has requested to address. A speaker can elect to speak during Public Comments or speak at the time the agenda item is addressed by the Board. Public speakers are required to address unagenda items during Public Comments.
- No member of the public may speak without being recognized by the Chair of the Board.
- Each speaker will be allowed a maximum of three (3) minutes per topic; thirty (30) minutes shall be the maximum time allotment for public speakers on any one subject regardless of the number of speakers at any one board meeting. At the discretion of a majority of the Board, these time limits may be extended.

- Each speaker coming before the Board is limited to one (1) presentation per specific agenda item before the Board, and to one (1) presentation per meeting on non-agenda matters.

The Board may by action establish committees that it determines are necessary to assist the Board in its responsibilities. Any committee established by Board action shall comply with the requirements of the Brown Act and with these policies regarding open meetings.

Board committees that are composed solely of less than a quorum of members of the Board do not have authority that may lawfully be exercised by the Board itself.

Board committees have no authority or power to act on behalf of the Board. Findings or recommendations shall be reported to the Board for consideration.

Committees

1. Audit and Budget Committee

The Audit and Budget Committee is responsible for the oversight of the District-wide budget development process through a review of Board priorities, budget assumptions, allocation model and the annual budget development calendar.

The Committee recommends to the Board the selection of the District independent auditor, meets periodically with the auditor to ensure appropriate financial controls are in place and the annual financial reports are prepared timely and in accordance with State regulations.

This committee meets quarterly or on an as-needed basis.

2. Capital Planning and Facilities Committee

The Capital Planning and Facilities Committee examines the relationship of the campus facilities master plans to submitted proposals for the design and construction of buildings or other facilities or improvements, and reviews the fiduciary viability of any architectural or construction management firms recommended for Board approval. This committee meets monthly or on an as-needed basis (at least quarterly).

3. Legislative Committee

The Legislative Committee discusses responses to pending local, statewide, and federal legislative issues that may affect the Community College District. This committee meets monthly or on an as-needed basis (at least quarterly).

4. Planning, Accreditation, and Communication

The Planning, Accreditation, and Communication Committee ensures that District and College planning is comprehensive and meets organizational and community needs, as well as Accrediting Commission Standards. The committee also reviews and tracks District practices and activities for alignment with Accrediting Commission Standards and receives reports on College progress toward meeting Accrediting Commission Standards. The Planning, Accreditation, and Communication Committee ensures that the Board is informed regarding all accreditation matters within the District. The committee ensures that internal and external Board communication is ongoing, timely, transparent, and meets both organizational and community needs. This committee meets monthly or on an as-needed basis (at least quarterly).

5. Policy Committee

The Policy Committee provides recommendations to the Board regarding policy for the Ventura County Community College District. This committee meets monthly or on an as-needed basis (at least quarterly).

No administrative procedure is required.

ARCC 2012 Report: College Level Indicators

Moorpark College

Ventura County Community College District

College Self-Assessment

Moorpark College is one of three colleges in the Ventura County Community College District. Our student profile has remained constant, with 73% of our students under the age of 25, a majority declaring transfer as their goal. 23% are between the ages of 25 and 49. Minority enrollment reflects the demographics of residents in our service area.

The college has lowered enrollment by 1,841 students in 2010-11 in effort to manage unfunded FTES in a time of budget constraints. Programs strategically reduced course sections while maintaining core curriculum offerings that enable students to complete degrees, certificates, and transfer requirements.

Moorpark College performed above average in 4 out of 7 ARCC categories (Categories A-D). The college has improved its rates in Student Progress and Achievement and in the percentage of Students Who Earn at Least 30 Units.

The Annual Course Completion Rates for Basic Skills Courses and its Basic Skills Improvement Rate have shown improvement. The 6 percent increase in the Basic Skills Completion Rate is a direct result of the work plan of the Basic Skills Committee. Continuing with the strategies that have been in place for basic skills curriculum and service delivery since fall 2008, the college anticipates further improvement in these areas.

The College continues to monitor the Improvement Rate for ESL. The college's service area does not generate high enrollments in ESL courses; student enrollments are fewer than 125 in any given year. Of those enrolled, one-third opts to take the next level course.

As with last year, the current ARCC data validate the Strategic Objectives that emerge from the college's annual planning sessions each fall semester:

Objective: Improve Student Access: The college excels in preparing traditional students for transfer. There is opportunity for expansion in services to adult learners. We continue to build our distance education and evening/weekend options to provide access for adults returning to college.

Objective: Improve Student Retention and Success: A cross-functional Basic Skills workgroup has established performance indicators matching the ARCC Categories of E and F. Strategies in curriculum and learning support services continue to be refined, seeking an increase in higher student success.

Objective: Respond to the Marketplace through Career Training: The Vocational Education Course Completion Rate remains consistent with our peer average. Moorpark College is committed to providing appropriate vocational education to meet the needs of its student population. The college is participating in a statewide Career Technical Education Outcomes Survey and Research Project during spring 2012. Survey results will be utilized in vocational program and curriculum planning.

Oxnard College

Ventura County Community College District

College Self-Assessment

Oxnard College is one of three colleges in the Ventura County Community College District. The college serves a diverse population of students primarily from the Oxnard Plain, located in the southwest area of Ventura County. Nearly 80% of our students are from ethnic minority groups most of which are Hispanic. This diversity is reflective of our service area.

Oxnard College rates are higher than peer averages in five of seven areas and is equal to the average in another. Oxnard College's student progress and achievement rate is slightly above our peer average and continues to increase although just over 50% of first-time students show progress in obtaining associate's degrees or certificates, becoming transfer prepared, or transferring to a four-year institution. Of greater concern are drops in the percentage of students completing 30+ units and fall to fall persistence rate which fell seven percentage points. It may be that this phenomenon is a consequence of budget constraints and reduction in offerings and requires further review.

The Student Success Committee brings together key campus stakeholders from instruction, student services, and academic support. In response to accreditation recommendations, the committee will be focusing on benchmarking and the review and utilization of data to identify gaps and engage in ongoing dialogue to increase student success for all students by addressing those roadblocks. We see that students receiving special support services, through programs such as STEM, EOPS, DSPS and CalWORKs tend to yield higher persistence and achievement rates.

The successful course completion rate for vocational courses remains high (77.2%) and the successful completion of Basic Skills courses has jumped. Improvement rates in Basic Skills and ESL are areas that Oxnard College continues to address to better serve students. While the overall percentage of students in basic skills courses (reading, writing, math) going on to take higher level courses increased, the improvement rate for ESL fell this past year. The Transitional Studies Advisory Committee is aware of these trends and is working with departments to facilitate better alignment of entry/exit skills, tracking student learning outcomes, and innovative approaches, including community partnerships and professional development, to foster improvement.

Two Hispanic-Serving Institution cooperative grants (Title V, CCRAA) have been instrumental in cultivating partnerships with CSU Channel Islands and UC Santa Barbara and cooperative programs with local high schools to better serve students from admittance through transfer. Enhancements of many academic and student services designed to help students succeed at Oxnard College and transfer to the university have been developed and institutionalized. While the focus of these grants is on basic skills and STEM, the initiatives have ultimately contributed to identifying models of success for all students.

Although enrollment at Oxnard College has declined due to budget reductions we continue to implement facility and classroom technology improvements which, along with programs already mentioned, have greatly enhanced the student experience. The college remains committed to continual improvement of instruction, academic support, and student services to fully serve its diverse student population and increase graduation rates.

ARCC 2012 Report: College Level Indicators

Ventura College

Ventura County Community College District

College Self-Assessment

Ventura College, the oldest of the three colleges in the Ventura County Community College District, serves a diverse population of students. While enrollment and course offerings are down due to the current budget situation, VC still generates over 10,000 FTES and continues to be classified as a medium-sized college. Over 47% of our students are Hispanic, an increase of 2.1 points.

We currently have two five-year U.S. Department of Education Hispanic Serving Institution grants: an individual grant for basic skills and a cooperative grant for student services redesign, enhancement of professional development, and improvement of services via technology, including distance education.

Over the past year, we have increased our research capacity significantly through continued assessment of student learning outcomes, a new institutional effectiveness report, and new program review and integrated planning processes. Our efforts in these areas will increase our knowledge of student performance and student need as well as assist us in making improvements in instruction and services. We anticipate that the decisions and initiatives created through analysis of research will help the institution improve in the areas noted in this report, among others.

For this past year in the area of Student Progress and Achievement, there have been small improvements in two categories. Our Student Progress and Achievement Rate increased by .5 point, and the Annual Successful Course Completion Rate for Credit Vocational Courses increased by 2.4 points. The Percent of Students Who Earned at Least 30 units was approximately the same, and the Persistence Rate went down by 1.1 points although we are .9 point ahead of our peer group in this area. Efforts to enhance these rates are associated with our Title V grants and our increased focus on institutional effectiveness.

We continue to improve in the area of basic skills. Our Annual Successful Course Completion Rate for Basic Skills Courses increased by 2.2 points. For this indicator, we are also 6.1 points ahead of our peer group. In the Improvement Rate for Credit Basic Skills Courses, we are 7.1 points ahead of our peer group. We attribute our success in these areas to the initiatives from our Title V Grant for Basic Skills (including ESL) and from state Basic Skills Initiative funding. These initiatives include supplemental instruction, a Reading/Writing Center, themed classes, accelerated instruction for basic skills Math and English, and learning communities. The Improvement Rate for Credit ESL Courses, which shows the college to be substantially lower than the peer group average, is incorrect due to CB21 coding errors. These errors have been corrected but will take some time to be reflected accurately in the report.

A comparison of the seven indicators in the College Peer Grouping shows VC with higher percentages in three of the seven areas.

The college remains committed to providing a supportive and accessible learning environment that is responsive to the needs of our highly diverse student body. We are also committed to continuous self improvement in all instructional and service areas.

Q6. Trustee committee reports were explained and supported by clear and concise detail.

1 PAC needs an agenda spot for reporting.

Q7. Economic Development and Community Partnerships study session was informative and beneficial.

1 This report was timely as well.

Q14. The Board of Trustees meeting was led in a timely, organized manner. A balance was maintained among open exploration of opinions, running the meeting efficiently, and reaching closure on agenda items.

1 There were a lot of policies to review, but it was handled effectively with time for questions and discussion.

2 The various verbal reports by the student groups and senates were way to detailed and long.

3 Meeting went very smoothly. This has become the norm.

Q15. To increase the effectiveness of the Board of Trustees in strengthening its activities in relation to its policy-making role, please provide any additional comments or recommendations.

1 The board meetings have been very smooth. The improvement has been sustainable and consistent.

2 I believe the Board should go back and revisit the 75 unit cap, because there were students who did not know about Priority Enrollment changes during the summer, and I am not sure if the colleges are promoting these restrictions to students unless they are going to see a counselor, which not all do.

3 The board has made very good improvement over the last year. We need to sustain the improvement. I am confident we will.

Subject	15.01 ACTION TO CHOOSE SELECTION METHOD FOR SUCCESSOR VENTURA COLLEGE PRESIDENT: This item presents for approval the selection method for the successor Ventura College President.
Access	Public
Type	Action
Recommended Action	The Chancellor recommends the Board of Trustees approval of this item.

Public Content

Background/Analysis

The Board of Trustees received the resignation of Ventura College President Robin Calote on November 16, 2012, to be effective June 2013. AP 7120-C Recruitment and Hiring: College President, requires that upon receipt of the President's resignation, the Board of Trustees must deliberate in public session regarding the approach it wishes to use for the selection of a successor President. By formal action, the Board must determine whether it wishes to contract for an external recruitment firm, use the District's Human Resources Department, or a combination of consultant and internal HR support services.

Selection Procedures for PRESIDENTS

Notification of Vacancy/Recruitment Strategy

Upon formal notification of a presidential vacancy, the Chancellor will inform the Board of Trustees of the need to secure new college leadership. Vacancy notification shall be provided in the form of Board acceptance of a presidential resignation, retirement, contract buyout, or the receipt of information regarding death, or departure for special circumstances. At the following Board meeting, the Board will consider, as part of its public deliberations, the approach it wishes to use for the selection of a successor president. The Board, by formal action, will determine whether it wishes to contract for an external recruitment firm, to utilize the District's Human Resources Department (HR), or a combination of consultant and internal HR support services. Should the Board choose to contract for external search services exclusively, the Chancellor or his designees shall serve as the Board's liaison to the firm.

External Searches

In the event that an external search firm is contracted by the Board of Trustees, the procedures, timelines, and activities supporting the search will be determined by the Board, through the Chancellor, in consultation with their consultant firm. The Board is committed to broad community and college participation in its searches, as well as providing equal employment opportunity to qualified candidates.

District Conducted Searches

Should the Board determine it wishes to conduct a district-supported search, the following practices shall be

observed.

Type	Action
Recommended Action	The Chancellor recommends that the Board of Trustees accept the Financial Audit report and the Performance Audit report for the Bond Construction Fund for the Ventura County Community College District for the fiscal year ending June 30, 2012, as presented by the firm of Vicenti, Lloyd & Stutzman LLP. (Copies are available for review in the office of the Vice Chancellor, Business and Administrative Services)

Public Content

Background/Analysis

Proposition 39 (55% School Construction Bond Vote) mandates that the District conduct an annual, independent financial audit of the proceeds from the sale of the Measure S bonds, until all of the proceeds have been expended for facilities projects, as well as an annual, independent performance audit to ensure that the funds have been expended only on the specific projects listed on the ballot.

There were no questioned costs reported in the Financial Audit and there were no findings of unauthorized bond project or unallowable administrative expenditures reported in the Performance Audit.

This item was presented to the Audit & Budget Committee on November 29, 2012. The committee is recommending this item go to the full Board for approval.

Background/Analysis

The District received notice that two executive management positions, the Vice Chancellor of Human Resources and President of Ventura College, would be vacated by the current incumbents effective December 2012 and June 2013, respectively. An interim Human Resources administrator will be hired to meet immediate District needs, and pending Board approval, the District will conduct a search for the Ventura College President position. It is estimated that the cost for the search will not exceed \$50,000.

In addition, it is the intent of the Chancellor to hire an Interim Vice Chancellor, Human Resources prior to the exhaustion of the paid leave of the current incumbent. It is estimated that the additional cost will not exceed \$20,000

Background/Analysis

Ventura College:

California Department of Corrections & Rehabilitation, Division of Juvenile Justice, Ventura Youth Correctional Facility Contract: The California Department of Corrections & Rehabilitation has proposed a multi-year renewal contract to provide college level courses for wards of the state sent to the Ventura Youth Correctional Facility for treatment and training.

All courses, beginning with the Spring 2013 semester through the Spring 2014 semester, will be conducted at the Ventura Youth Correctional Facility in Camarillo.

The contract budget provides for instructional hourly salaries and benefits, clerical support and indirect cost reimbursements. The State will provide and furnish all tests, books and supplies required for the courses.

This continuing contract with the State of California Youth Correctional Facility directly supports the District's mission to produce student learning in lower division level academic transfer courses based on need and available resources. This contract also supports the College's mission to provide an accessible learning environment that is responsive to the needs of a highly diverse student body. For Wards at VYCF, this contract allows them the opportunity to begin their post-secondary education, which would otherwise not be possible. This contract addresses the College's Strategic Goal #2 – "Continuously improve educational programs and services in order to enhance opportunities for all students to succeed."

The total amount of the multi-year contract is \$240,000; the first year amount is \$120,000. The term of Year 1 will be January 1, 2013 through June 30, 2013 (Spring 2013 semester). The term of Year 2 will be July 1, 2013 (Fall 2013 semester) through June 30, 2014 (Spring 2014 semester).

ART R175 Digital Concepts and Techniques in Art 3 Units
Hours: 1.5 lecture, 4.5 lab
Prerequisite: None

An overview of vector based and pixel based computer applications, and how they are used in a creative environment. Understanding of the underlying logic of computer software will be taught with an emphasis on the role of the computer in all forms of modern art-making. Students will learn how to use the computer as a tool effectively while developing their own method of creating digital artwork. Cross-platform issues will be addressed, as well as file preparation for various output media. Field trips may be required. (Same as TV R175) *Transfer credit: CSU*

ASL R110 Introduction to Deaf Studies 3 Units
Hours: 3.0 lecture
Prerequisite: ASL R101

This interdisciplinary course introduces a range of issues that are developed within Deaf Studies: ASL linguistics, Deaf education, sociology of Deaf culture, and ASL interpreting. Field trips may be required. *Transfer credit: CSU*

CAOT R004 Microsoft Outlook 1.5 Units
Hours: 1.0 lecture, 1.5 lab
Prerequisite: None

This course provides a solid foundation in the use of e-mail and personal information management software using Microsoft Outlook for professional, personal, and home use. This course is for students who have no experience or limited experience using e-mail and personal information management software. E-mail and personal information management software skills are fundamental to the success of students attempting to enter the job market and for students to succeed in their educational pursuits. Topics covered include e-mail, calendar, contacts, tasks, notes and journal. Field trips may be required. Pass/No Pass at Student's Option.

CRM R113 Bar and Beverage Management 3 Units
Hours: 3.0 lecture
Prerequisite: None

This course covers all facets of bar and beverage management including balancing marketing and control objectives, business planning, and employee management and training. Course also covers alcohol service responsibility, and essential information on a wide range of beverage products, including non-alcoholic beverages. This course is required for National Restaurant Management (NRA) Certification. Field trips may be required. Pass/No Pass at Student's Option. *Transfer credit: CSU*

CRM R116 Accounting for the Hospitality Industry 3 Units
Hours: 3.0 lecture
Prerequisite: None

This course covers the accounting cycle as it applies to the hospitality industry. Emphasis is placed on merchandising operations, inventories, cost of goods sold, payroll and accounting for receivables and payables. Also included is the preparation of financial statements. This course is required for certification by the National Restaurant Association (NRA). Field trips may be required. Pass/No Pass at Student's Option. *Transfer credit: CSU*

DA R009 Office Procedures 3 Units
Hours: 3.0 lecture
Advisories: CAOT R001B or CAOT R002 and CAOT R003C

This course provides instruction and practical applications in current office techniques. Students will learn about the workplace environment, communication skills, technology basics, workforce behaviors, correspondence, meetings and travel, and job search and advancement among other related topics essential for employment in office positions. Field trips may be required. (Same as CAOT R009) Pass/No Pass at Student's Option.

DA R101 Dental Assisting 9 Units
Hours: 9.0 lecture
Corequisites: DA R101L
Advisories: ENGL R101
Limitations: Physical/clinical examination (within the last 12 months) with CBC and urinalysis; non-reactive VDRL or RPR; negative Tuberculosis Mantoux test or negative chest x-ray; Hepatitis B vaccine & titer showing immunity; Tetanus vaccine; MMR vaccine or titers showing immunity to Rubella and Rubeola; Varicella titer showing immunity.

This course is an A to Z lecture on all things dental assisting. Topics will include dental terminology, basic anatomy of the oral cavity, dental anatomy and physiology, oral embryology, tooth morphology, classifications of restorations, preliminary oral inspection, charting existing conditions of the hard and soft tissues, taking and recording vital signs, and the introduction to systemic conditions which may affect dental care. Dental radiology/radiography, dental materials, occupational health, and dental specialties will also be discussed. Field trips may be required. *Transfer credit: CSU*

DA R101L Dental Assisting Laboratory 5 Units
Hours: 15.0 lab
Corequisites: DA R101
Limitations: Physical/clinical examination (within the last 12 months) with CBC and urinalysis; non-reactive VDRL or RPR; negative Tuberculosis Mantoux test or negative chest x-ray; Hepatitis B vaccine & titer showing immunity; Tetanus vaccine; MMR vaccine or titers showing immunity to Rubella and Rubeola; Varicella titer showing immunity.

This class is a hands-on introduction to the primary dental assistant duties. Topics include preparing the patient for dental treatment, positioning of the patient and dental team, and four-handed and six-handed dentistry. Students will learn how to obtain patient health history and vital signs, treatment planning, and data gathering. In addition, instrument grasp/transfer, triplex syringe use, oral evacuation, and retraction will be taught. Identification and use of hand instruments, equipment maintenance, tub, tray and cassette set-ups of the basic general dental procedures will be covered. Dental radiology/radiography techniques, dental materials uses and techniques will also be practiced. Field trips may be required. *Transfer credit: CSU*

ENGL R189C Argumentation and Critical Thinking Module 1 Unit
Hours: 1.0 lecture
Prerequisite: ENGL R102

This one-unit course provides additional instruction in critical thinking and argumentative writing, analytical evaluation of texts and research strategies. It is intended primarily for those students who have previously completed ENGL R102 or its equivalent prior to Fall 2013 and who need the additional unit in critical thinking in order to satisfy the requirements of the Associate in Arts for Transfer in English. *Transfer credit: CSU*

GEOL R130 Environmental Geology 3 Units
Hours: 3.0 lecture
Prerequisite: None

Environmental Geology is an introduction to the geologic fundamentals of the interactions between the impacts of humans with the environment in a geologic context. This course emphasizes the Earth systems and connections between the geosphere, biosphere, atmosphere, and hydrosphere. Field trips may be required. *Transfer credit: CSU*

MATH R001	Transitional Mathematics I	4 Units
Hours:	1.0 lecture, 9.0 lab	
Prerequisite:	None	

This course is the first of a two-course Algebra sequence covering Pre-Algebra and Elementary Algebra topics. An interactive, mastery-based technology model allows students to accelerate through pre-collegiate mathematics. Topics include ratios, rates, percents, geometry, operations on real numbers, variables, algebraic expressions, and solving and graphing linear equations and inequalities. Course is offered on a Pass/No Pass (P/NP) basis only.

MATH R002	Transitional Mathematics II	4 Units
Hours:	1.0 lecture, 9.0 lab	
Prerequisite:	MATH R001	

This course is the second of a two-course Algebra sequence covering Pre-Algebra and Elementary Algebra topics. An interactive, mastery-based technology model allows students to accelerate through pre-collegiate mathematics. Topics include the slope and the equation of a line, functions, systems of linear equations, operations on polynomials, factoring polynomials, and rational expressions/equations. Course is offered on a Pass/No Pass (P/NP) basis only.

MATH R134	Linear Algebra	3 Units
Hours:	3.0 lecture	
Prerequisite:	MATH R121	

This course develops the techniques and theory needed to solve and classify systems of linear equations. Solution techniques include row operations, Gaussian elimination, and matrix algebra. Students will investigate the properties of vectors in two and three dimensions, leading to the notion of an abstract vector space. Vector space and matrix theory are presented including topics such as inner products, norms, orthogonality, eigenvalues, eigenspaces, and linear transformations. Selected applications of linear algebra are included. *Transfer credit: CSU*

MATH R143	Differential Equations	3 Units
Hours:	3.0 lecture	
Prerequisite:	MATH R121	

The course is an introduction to ordinary differential equations including both quantitative and qualitative methods as well as applications from a variety of disciplines. The course introduces the theoretical aspects of differential equations, including establishing when solution(s) exist, and techniques for obtaining solutions, including, series solutions, and singular points, Laplace transforms and linear systems. *Transfer credit: CSU*

PG R100B	Student Success: Strategies for Academic Success	1 Units
Hours:	1.0 lecture	
Prerequisite:	None	

This course will provide students with academic success strategies and resources designed to assist them in succeeding in college. Topics include counseling services, using the college catalog, study skills, time management, academic probation and dismissal, financial aid, tutoring and other support services available. Field trips may be required. Course is offered on a Pass/No Pass (P/NP) basis only. *Transfer credit: CSU*

TV R107	History of Film	3 Units
Hours:	3.0 lecture	
Prerequisite:	None	

This course surveys both U.S. and international motion pictures from 1895 to present day. Students examine developments and innovations in film as an art form and as a distinctive medium of communication. Screenings of important films, discussions of these films and their directors and the critical reactions of the students are the major focus of class activities. Field trips may be required. Pass/No Pass at Student's Option. *Transfer credit: CSU*

TV R110	Introduction to Audio	3 Units
Hours:	2.0 lecture, 3.0 lab	
Prerequisite:	None	

This course introduces the theoretical and practical fundamentals of audio production, technology, and terminology. This may include exercises using available equipment, an introduction to the lexicon of audio production, and an understanding of the selection and use of audio tools that support, radio, television, video, film, and multimedia production. Field trips may be required. Pass/No Pass at Student's Option. *Transfer credit: CSU*

TV R112	Introduction to Storyboarding	3 Units
Hours:	1.5 lecture, 4.5 lab	
Advisories:	TV R101	

This course covers in-depth exploration of storyboarding: characterization, points of view, guidance of the eye through the sequence of the storyboard, and montage sequences. Storyboarding focuses on techniques of visual storytelling for the moving image, including work in traditional and computer animation, motion pictures, multimedia, time-based imagery and video game design. Emphasis is placed on technique, process of refinement and the visual development of the story. Field trips may be required. *Transfer credit: CSU*

ANTH R101	Introduction to Biological Anthropology	3 Units
Hours:	3.0 lecture	
Prerequisite:	None	

This course introduces the concepts, methods of inquiry, and scientific explanations for biological evolution and their application to the human species. Issues and topics will include, but are not limited to, genetics, evolutionary theory, human variation and biocultural adaptations, comparative primate anatomy and behavior, and the fossil evidence for human evolution. The scientific method serves as foundation of the course. ~~Biological anthropology presents human biology and variation in its evolutionary context. It includes the study of the human genome, comparative anatomy, the biophysical contexts in which humans lived, the rise of human language, cognition, and technology. The coevolution of biology and culture is presented in light of recent evidence, using methods and data from archaeology, the fossil record and molecular anthropology. Field trips may be required.~~ Pass/No Pass at Student's Option. *Transfer credit: UC, CSU*

ANTH R102	Introduction to Cultural Anthropology	3 Units
Hours:	3.0 lecture	
Prerequisite:	None	

This course explores how anthropologists study and compare human culture. Cultural anthropologists seek to understand the broad arc of human experience focusing on a set of central issues: how people around the world make their living (subsistence patterns); how they organize themselves socially, politically and economically; how they communicate; how they relate to each other through family and kinship ties; what they believe about the world (belief systems); how they express themselves creatively (expressive culture); how they make distinctions among themselves such as through applying gender, racial and ethnic identity labels; how they have shaped and been shaped by social inequalities such as colonialism; and how they navigate culture change and processes of globalization that affect us all. Ethnographic case studies highlight these similarities and differences, and introduce students to how anthropologists do their work, employ professional anthropological research ethics and apply their perspectives and skills to understand humans around the globe. ~~Humans have always been dependent upon culture for survival. Culture is the entire system of beliefs, behaviors, traditions, language, and cognition that is transmitted among humans. Different basic aspects of human culture are examined. Topics will include: biocultural change, how culture is transmitted from one generation to the next, kinship, human universals and the rise of modern peoples, including various post-modern subcultures, including pop culture and ethnic culture. Field trips may be required.~~ Pass/No Pass at Student's Option. *Transfer credit: UC, CSU*

ANTH R103 Introduction to Archaeology 3 Units
Hours: 3.0 lecture
Prerequisite: None

This course is an introduction to the study of concepts, theories, data and models of anthropological archaeology that contribute to our knowledge of the human past. The course includes a discussion of the nature of scientific inquiry; the history and interdisciplinary nature of archaeological research; dating techniques; methods of survey, excavation, analysis, and interpretation; cultural resource management; professional ethics; and selected cultural sequences. ~~Anthropological study of world prehistory and evolution of culture from its earliest known origins through the appearance of civilizations as revealed by archaeological record; nature of archaeological evidence and its analysis.~~ **Field trips may be required.** ~~Pass/No Pass at Student's Option.~~ *Transfer credit: UC, CSU*

ART R160 Introduction to Digital Photography 3 Units
Hours: 1.5 lecture, 4.5 lab
Prerequisite: None

The history, theory and aesthetics of digital photography will be explored in this course. Students will learn the fundamentals of digital photography with emphasis in the operation of a digital camera, scanning and basic **image** manipulation and printing. Field trips may be required. ~~A materials fee is required. Course may be taken two times.~~ **(Same as TV R160)** ~~Pass/No Pass at Student's Option.~~ *Transfer credit: UC, CSU*

ASL R103 American Sign Language 3 4 3 Units
Hours: **4.0** ~~3.0~~ lecture
Prerequisite: ASL R102

Course will continue the study of conversational American Sign Language with expanded information on ASL grammar, syntax, spatial referencing, and vocabulary development. Dialogues, short stories, and narratives will incorporate discussion of Deaf culture and detailed descriptions of people and surroundings. Field trips may be required. ~~Pass/No Pass at Student's Option.~~ *Transfer credit: UC, CSU*

ASL R104 American Sign Language 4 4 3 Units
Hours: **4.0** ~~3.0~~ lecture
Prerequisite: ASL R103

This course will build on skills acquired in ASL R103, and includes more complex ASL grammatical features, vocabulary building in context, and comprehension and development of medium-length stories, narratives and dialogues. Discussion material will include topics which are culturally significant to the deaf community. Field trips may be required. ~~Pass/No Pass at Student's Option.~~ *Transfer credit: UC, CSU*

New Courses

MATH V13A	Intermediate Algebra: First Half	3 Units
Prerequisite:	MATH V01 with grade of C or better or MATH V01E with grade of CR or P or MATH V11B with grade of C or better; or 1 year of high school beginning algebra (Algebra I) with grade of C or better; or placement as measured by the college assessment process.	
Hours:	3 lecture weekly	

This course is the first half of Intermediate Algebra. Completion of both MATH V13A and MATH V13B is equivalent to MATH V03. This course covers equations and inequalities, systems of equations using matrices, exponents and radicals, and complex numbers. Students receiving credit in MATH V13A will not receive credit in MATH V03A-V03C.

MATH V13B	Intermediate Algebra: Second Half	3 Units
Prerequisite:	MATH V03C with grade of CR or P or MATH V13A with grade of C or better.	
Hours:	3 lecture weekly	

This course is the second half of Intermediate Algebra. Completion of both MATH V13A and MATH V13B is equivalent to MATH V03. This course covers functions and graphs, quadratic equations, conic sections, and exponential and logarithmic functions. Students receiving credit in MATH V13B will not receive credit in MATH V03D-V03E.

Revised Courses

AES V40B United States History: Focus on African Americans II 3 Units

Hours: 3 lecture weekly

This course will explore the history of the United States from the Civil War *and Reconstruction* to the present. ***It will begin with emphasis on the role of African Americans. Beginning with Reconstruction at the end of the Civil War to the presidential plans for Reconstruction, futile opposition of southern Democrats to radical Republican reconstruction plans and the plight of the newly freed slaves is to be analyzed. Analyses of amendments, and other American history topics such as the struggles the nation faced to reconstruct the Union and to accommodate the newly freed African Americans as citizens of the nation, and trace the parallel struggles of the nation itself and those African American citizens to become one united nation. The course will also analyze Constitutional amendments, industrialization, Jim Crow laws, the Populist Party, the Spanish American War, and all other subsequent American wars will be discussed in relation to African Americans and their involvement and contributions. Special emphasis will be placed upon contributions. It will analyze the significant political, cultural, and economic changes in the post World War II era, including the Civil Rights movement and various attempts to address issues of poverty and incomplete citizenship for African Americans and other minorities. The course will emphasize the roles, involvement, and contributions of African Americans, as well as relevant institutions, trends, concepts, movements, and problems relevant to the country in general and to African Americans in particular. A balanced focus will be placed on social, political, economic, and intellectual considerations.***

Field trips may be required. Formerly AES 40B. Same as HIST V03B. Transfer credit: CSU; UC; credit limitations – see counselor.

**SECTION THREE:
DISCUSSION (CONSENT and/or ACTION)**

III. Action/Information/Discussion

A. Lec-Lab Courses Revision (Information) – L. Resendiz/N. Duangpun

List of lec-lab courses were provided to faculty as a reference. The deadline to submit the revised lec-lab courses is November 15, 2012. The changes made to the COR should only pertain to lecture and lab components (i.e. units/hours, course content, lab content, outside assignments, and repeatability).

B. CurricUNET compatibility issues with word processing software (Information) – M. Bowen/G. Arevalo

Software programs such as MS Word, Power Point, and Word Perfect have complex formatting that CurricUNET is not designed to handle. The best way to insert wording to an area (i.e. course objectives, course content, laboratory content, etc.) is to either type in directly or cut/copy and paste from a simple program such as a Notepad. Nan will email Deans and Department Chairs/Coordinators this information.

C. Title 5 Regulations – Units/Hours (Information) – G. Arevalo

Gloria explained the relationship of units and hours designated to lecture and laboratory components. According to Title 5 Regulations, Section 55002.5, it is permissible to adjust the number of contact hours in proportion that the increments are less than one half units. Ramiro stated that with this, there may be complications to Banner.

D. Family Development Process (Information) – G. Arevalo

Gloria stated that we should document on how we develop a family as to build a valid foundation. The instruction on how to submit a family was revised and was distributed to all faculty. Faculty are encouraged to use it as a template and should include any supporting documents with the submission. She further explained about the basis of constructing a family. The emphasis should be to create experiences for students due to removal of repeatability. Ramiro also pointed out that each discipline should talk and consult with their counter parts at our sister colleges to align the families across the District.

E. Update on C-ID and Transfer Degrees (Information) – G. Arevalo

Gloria handed out a document on Discipline Input Group Meeting (“DIGs”) for new TMC development, asking faculty to attend the discussion group that is pertinent to their disciplines in development of new TMCs and C-ID course descriptors to support transfer degrees. These are the group of majors that Ventura College may transfer students to CSUs.

The Philosophy & General Education Sub-Committee group will meet once a semester. Originally, the proposed meeting time was November 6, 2012 at 3 p.m. The members proposed a new meeting time to November 13, 2012 from 1 p.m. - 3 p.m. Gloria will confirm with Mark Pauley on the new meeting date and time.
