Fiscal Year
2020-2021

Publications Department Pricing Catalog

This pricing catalog is for use as a guide in determining the estimated cost of your printing project. Please keep in mind that these prices are estimates, and that your final cost may be different. Your project may not have the same specifications that were used to generate these prices. Each request submitted is reviewed, and based upon the specifications supplied, the most cost-efficient way to produce your project will be determined.

Our turn-around times to produce various projects can vary. The more complex a job is, the more time it may take to finish. Most of our projects we can have ready for you in 2-3 working days. Some may even be completed the same day or the next morning. Larger projects, such as booklets, posters/banners with special finishing needs may take an additional day or two. We will make every attempt to complete your project in the time frame you request.

We are an award-winning publications department, and we commit to give your next project the same attention that was given to our winning pieces. When you're on campus and have a few minutes, we'd love for you to come visit our facility. No appointment is necessary, but you may want to call or email ahead to be sure we're open.

Thank you for considering us when planning for your next printing project.
