URGENT NOTICE

Federal regulations require that a student be enrolled in an eligible program in order to receive financial aid for that program.

Our records indicate that you listed **Optical Technology** as your program of study but have not yet been officially accepted into this program.

The **Optical Technology PROGRAM** requires a student meet certain criteria as outlined in the college catalog in order to be accepted.

Therefore, until you have been officially accepted into the Optical Technology Program, you are not eligible for financial aid.

At this time, a "Optical Technology Program" document has been added to your financial aid requirements.

In order to clear this document hold, you must do the following:

1. If you do plan to pursue Optical Technology as your program of study, but have not been officially accepted into this program, you may select another program of study.

We recommend you meet with an academic counselor to select an appropriate program • General Counseling office can be reached at 805-378-1428

2. Many students who are Optical Technology select and pursue our General Studies Natural Sciences Patterns 1- 3 until they are accepted into the Optical Technology program, these are eligible for financial aid.

or

If Optical Technology is not your program of study, please update your program accordingly.

Please note, not all programs offered at Moorpark College are eligible for federal and/or state financial aid. For a list of eligible programs please visit our [website forms page](#).

Instructions on how to update your program on the student portal (MyVCCCD):

- For a visual of the process please visit this [webpage](#).

*After you have updated your program on the **my.vcccd.edu** portal, please **notify the Financial Aid office so the hold can be lifted from your account.***
