YOUR BENEFITS

This plan requires that the member maintains enrollment in both parts of Medicare, A and B with no break in coverage, and also maintains MedD pharmacy coverage through SISC with no break in coverage. This is a packaged plan that requires enrollment in both this medical plan and the corresponding SISC pharmacy plan. If either the Medicare Parts A and/or B related to the medical plan or MedD pharmacy coverages terminates, both Companion Care and MedD portions will terminate the same day. The benefits described in this *benefit booklet* are payable only for covered services to supplement *Medicare* benefits, except as specifically stated in HOSPITAL BENEFITS AFTER MEDICARE IS EXHAUSTED and BENEFITS OUTSIDE THE UNITED STATES.

The benefits of this *plan* are provided only for services that *Medicare* determines to be allowable and *medically necessary*, except as specifically stated in this *benefit booklet*. For covered services for which *Medicare* does not provide coverage (as described in HOSPITAL BENEFITS AFTER MEDICARE IS EXHAUSTED, and BENEFITS OUTSIDE THE UNITED STATES), the benefits of this *plan* are provided only for services that is determined *medically necessary*. The fact that a *physician* prescribes or orders a service does not, in itself, mean that the service is *medically necessary* or that the service is a covered expense. Consult this *benefit booklet* or telephone the number shown on your identification card if you have any questions regarding whether services are covered.

This *plan* contains many important terms (such as “medically necessary”) that are defined in the DEFINITIONS section. When reading through this *benefit booklet*, consult the DEFINITIONS section to be sure that you understand the meanings of these italicized words.

Second Opinions. If you have a question about your condition or about a plan of treatment which your *physician* has recommended, you may receive a second medical opinion from another *physician*. This second opinion visit will be provided according to the benefits, limitations, and exclusions of this *plan*. If you wish to receive a second medical opinion, remember that greater benefits are provided when you choose a *participating provider*. You may also ask your *physician* to refer you to a *participating provider* to receive a second opinion.

Triage or Screening Services. If you have questions about a particular health condition or if you need someone to help you determine whether or not care is needed, triage or screening services are available to you from us by telephone. Triage or screening services are the evaluation of your health by a *physician* or a nurse who is trained to screen for the purpose of determining the urgency of your need for care. Please contact the MDLIVE 24/7/365 at the telephone number listed on your identification card 24 hours a day, 7 days a week.

Care After Hours. If you need care after your *physician's* normal office hours and you do not have an *emergency* medical condition or need *urgent care*, please call your *physician's* office for instructions.

Telehealth. This *plan* provides benefits for covered services that are appropriately provided through telehealth, subject to the terms and conditions of the *plan*. In-person contact between a health care provider and the patient is not required for these services, and the type of setting where these services are provided is not limited. “Telehealth” is the means of providing health care services using information and communication technologies in the consultation, diagnosis, treatment, education, and management of the

patient's health care when the patient is located at a distance from the health care provider. Telehealth does not include consultations between the patient and the health care provider, or between health care providers, by telephone, facsimile machine, electronic mail or *chat therapy*.

All benefits are subject to coordination with benefits under certain other plans.

The benefits of this <i>plan</i> may be subject to the SUBROGATION AND REIMBURSEMENT section.

SUBROGATION AND REIMBURSEMENT

These provisions apply when the *plan* pays benefits as a result of injuries or illnesses you sustained and you have a right to a Recovery or have received a Recovery from any source. A "Recovery" includes, but is not limited to, monies received from any person or party, any person's or party's liability insurance, uninsured/underinsured motorist proceeds, worker's compensation insurance or fund, "no-fault" insurance and/or automobile medical payments coverage, whether by lawsuit, settlement or otherwise. Regardless of how you or your representative or any agreements characterize the money you receive as a Recovery, it shall be subject to these provisions.

Subrogation

The *plan* has the right to recover payments it makes on your behalf from any party responsible for compensating you for your illnesses or injuries. The following apply:

- The *plan* has first priority from any Recovery for the full amount of benefits it has paid regardless of whether you are fully compensated, and regardless of whether the payments you receive make you whole for your losses, illnesses and/or injuries.
- You and your legal representative must do whatever is necessary to enable the *plan* to exercise the *plan's* rights and do nothing to prejudice those rights.
- In the event that you or your legal representative fail to do whatever is necessary to enable the *plan* to exercise its subrogation rights, the *plan* shall be entitled to deduct the amount the *plan* paid from any future benefits under the *plan*.
- The *plan* has the right to take whatever legal action it sees fit against any person, party or entity to recover the benefits paid under the *plan*.
- To the extent that the total assets from which a Recovery is available are insufficient to satisfy in full the *plan's* subrogation claim and any claim held by you, the *plan's* subrogation claim shall be first satisfied before any part of a Recovery is applied to your claim, your attorney fees, other expenses or costs.
- The *plan* is not responsible for any attorney fees, attorney liens, other expenses or costs you incur. The "common fund" doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by the *plan*.

Reimbursement

If you obtain a Recovery and the *plan* has not been repaid for the benefits the *plan* paid on your behalf, the *plan* shall have a right to be repaid from the Recovery in the amount of the benefits paid on your behalf and the following provisions will apply:

- You must reimburse the *plan* from any Recovery to the extent of benefits the *plan* paid on your behalf regardless of whether the payments you receive make you whole for your losses, illnesses and/or injuries.

- Notwithstanding any allocation or designation of your Recovery (e.g., pain and suffering) made in a settlement agreement or court order, the *plan* shall have a right of full recovery, in first priority, against any Recovery. Further, the *plan's* rights will not be reduced due to your negligence.
- You and your legal representative must hold in trust for the *plan* the proceeds of the gross Recovery (*i.e.*, the total amount of your Recovery before attorney fees, other expenses or costs) to be paid to the *plan* immediately upon your receipt of the Recovery. You and your legal representative acknowledge that the portion of the Recovery to which the *plan's* equitable lien applies is a *plan* asset.
- Any Recovery you obtain must not be dissipated or disbursed until such time as the *plan* has been repaid in accordance with these provisions.
- You must reimburse the *plan*, in first priority and without any set-off or reduction for attorney fees, other expenses or costs. The "common fund" doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by the *plan*.
- If you fail to repay the *plan*, the *plan* shall be entitled to deduct any of the unsatisfied portion of the amount of benefits the *plan* has paid or the amount of your Recovery whichever is less, from any future benefit under the *plan* if:
 1. The amount the *plan* paid on your behalf is not repaid or otherwise recovered by the *plan*; or
 2. You fail to cooperate.
- In the event that you fail to disclose the amount of your settlement to the *plan*, the *plan* shall be entitled to deduct the amount of the *plan's* lien from any future benefit under the *plan*.
- The *plan* shall also be entitled to recover any of the unsatisfied portion of the amount the *plan* has paid or the amount of your Recovery, whichever is less, directly from the Providers to whom the *plan* has made payments on your behalf. In such a circumstance, it may then be your obligation to pay the Provider the full billed amount, and the *plan* will not have any obligation to pay the Provider or reimburse you.
- The *plan* is entitled to reimbursement from any Recovery, in first priority, even if the Recovery does not fully satisfy the judgment, settlement or underlying claim for damages or fully compensate you or make you whole.

Your Duties

- You must promptly notify the *plan* of how, when and where an accident or incident resulting in personal injury or illness to you occurred and all information regarding the parties involved and any other information requested by the *plan*.
- You must cooperate with the *plan* in the investigation, settlement and protection of the *plan's* rights. In the event that you or your legal representative fail to do whatever is necessary to enable the *plan* to exercise its subrogation or reimbursement rights, the *plan* shall be entitled to deduct the amount the *plan* paid from any future benefits under the *plan*.

- You must not do anything to prejudice the *plan's* rights.
- You must send the *plan* copies of all police reports, notices or other papers received in connection with the accident or incident resulting in personal injury or illness to you.
- You must promptly notify the *plan* if you retain an attorney or if a lawsuit is filed on your behalf.
- You must immediately notify the *plan* if a trial is commenced, if a settlement occurs or if potentially dispositive motions are filed in a case.

The *plan administrator* has sole discretion to interpret the terms of the Subrogation and Reimbursement provision of this *plan* in its entirety and reserves the right to make changes as it deems necessary.

If the covered person is a minor, any amount recovered by the minor, the minor's trustee, guardian, parent, or other representative, shall be subject to this provision. Likewise, if the covered person's relatives, heirs, and/or assignees make any Recovery because of injuries sustained by the covered person, that Recovery shall be subject to this provision.

The *plan* is entitled to recover its attorney's fees and costs incurred in enforcing this provision.

The *plan* shall be secondary in coverage to any medical payments provision, no-fault automobile insurance policy or personal injury protection policy regardless of any election made by you to the contrary. The *plan* shall also be secondary to any excess insurance policy, including, but not limited to, school and/or athletic policies.

COORDINATION OF BENEFITS

If you are covered by more than one group health plan, your benefits under This Plan will be coordinated with the benefits of those Other Plans. These coordination provisions apply separately to each *member*, per *calendar year*, and are largely determined by California law. Any coverage you have for medical or dental benefits will be coordinated as shown below.

DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in these provisions, the first letter of each word will be capitalized. When you see these capitalized words, you should refer to this "Definitions" provision.

Allowable Expense is any necessary, reasonable and customary item of expense which is at least partially covered by any plan covering the person for whom claim is made. When a Plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered will be deemed to be both an Allowable Expense and a benefit paid. An expense that is not covered by any plan covering the person for whom a claim is made is not Allowable Expense.

The following are not Allowable Expense:

1. Use of a private hospital room is not an Allowable Expense unless the patient's stay in a private *hospital* room is *medically necessary* in terms of generally accepted medical practice, or one of the plans routinely provides coverage for *hospital* private rooms.
2. If you are covered by two plans that calculate benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method, any amount in excess of the higher of the reasonable and customary amounts.
3. If a person is covered by two plans that provide benefits or services on the basis of negotiated rates or fees, an amount in excess of the lower of the negotiated rates.
4. If a person is covered by one plan that calculates its benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method and another plan provides its benefits or services on the basis of negotiated rates or fees, any amount in excess of the negotiated rate.
5. The amount of any benefit reduction by the Principal Plan because you did not comply with the plan's provisions is not an Allowable Expense. Examples of these types of provisions include second surgical opinions, utilization review requirements, and network provider arrangements.
6. If you advise us that all plans covering you are high deductible health plans as defined by Section 223 of the Internal Revenue Code, and you intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code, any amount that is subject to the primary high deductible health plan's deductible.

Other Plan is any of the following:

1. Group, blanket or franchise insurance coverage;
2. Group service plan contract, group practice, group individual practice and other group prepayment coverage's;
3. Group coverage under labor-management trustee plans, union benefit organization plans, employer organization plans, employee benefit organization plans or self-insured employee benefit plans.

The term "Other Plan" refers separately to each agreement, policy, contract, or other arrangement for services and benefits, and only to that portion of such agreement, policy, contract, or arrangement which reserves the right to take the services or benefits of other plans into consideration in determining benefits.

Principal Plan is the plan which will have its benefits determined first.

This Plan is that portion of this *plan* which provides benefits subject to this provision.

EFFECT ON BENEFITS

1. If This Plan is the Principal Plan, then its benefits will be determined first without taking into account the benefits or services of any Other Plan.
2. If This Plan is not the Principal Plan, then its benefits may be reduced so that the benefits and services of all the plans do not exceed Allowable Expense.
3. The benefits of This Plan will never be greater than the sum of the benefits that would have been paid if you were covered under This Plan only.

ORDER OF BENEFITS DETERMINATION

The first of the following rules which applies will determine the order in which benefits are payable:

1. A plan which has no Coordination of Benefits provision pays before a plan which has a Coordination of Benefits provision.
2. A plan which covers you as a *subscriber* pays before a plan which covers you as a dependent. But, if you are a Medicare beneficiary and also a dependent of an employee with current employment status under another plan, this rule might change. If, according to Medicare's rules, Medicare pays after that plan which covers you as a dependent, then the plan which covers you as a dependent pays before a plan which covers you as a *subscriber*.

For example: You are covered as a retired *employee* under this plan and a Medicare beneficiary (Medicare would pay first, this plan would pay second). You are also covered as a dependent of an active employee under another plan provided by an employer group of 20 or more employees (then, according to Medicare's rules, Medicare would pay second). In this situation, the plan which covers you as a dependent of an active employee will pay first, Medicare will pay second, and the plan which covers you as a *retired employee* will pay last, after Medicare.

3. For covered drugs, including drugs covered under the pharmacy plan. The *plan* will pay secondary to Medicare for Medicare Part B drugs.
4. The plan covering you as a laid-off or retired employee or as a dependent of a laid-off or retired employee pays after a plan covering you as other than a laid-off or retired employee or the dependent of such a person. But, if either plan does not have a provision regarding laid-off or retired employees, provision 5 applies.
5. The plan covering you under a continuation of coverage provision in accordance with state or federal law pays after a plan covering you as an employee, a dependent or otherwise, but not under a continuation of coverage provision in accordance with state or federal law. If the order of benefit determination provisions of the Other Plan do not agree under these circumstances with the order of benefit determination provisions of This Plan, this rule will not apply.
6. When the above rules do not establish the order of payment, the plan on which you have been enrolled the longest pays first unless two of the plans have the same effective date. In this case, Allowable Expense is split equally between the two plans.

OUR RIGHTS UNDER THIS PROVISION

Responsibility For Timely Notice. We are not responsible for coordination of benefits unless timely information has been provided by the requesting party regarding the application of this provision.

Reasonable Cash Value. If any Other Plan provides benefits in the form of services rather than cash payment, the reasonable cash value of services provided will be considered Allowable Expense. The reasonable cash value of such service will be considered a benefit paid, and our liability reduced accordingly.

Facility of Payment. If payments which should have been made under This Plan have been made under any Other Plan, we have the right to pay that Other Plan any amount we determine to be warranted to satisfy the intent of this provision. Any such amount will be considered a benefit paid under This Plan, and such payment will fully satisfy our liability under this provision.

Right of Recovery. If payments made under This Plan exceed the maximum payment necessary to satisfy the intent of this provision, we have the right to recover that excess amount from any persons or organizations to or for whom those payments were made, or from any insurance company or service plan.

HOW COVERAGE BEGINS AND ENDS

HOW COVERAGE BEGINS

ELIGIBLE STATUS

1. **Subscriber.** You are eligible to enroll as a *subscriber* if you are a *retired employee* who is actively enrolled under both Part A and Part B of *Medicare*. A *retired employee* is retired from active full-time employment, is eligible to receive health plan benefits as part of the *plan administrator's* pension plan and was covered under a *plan administrator's* sponsored health plan immediately prior to retirement.
2. **Dependents.** The *subscriber's spouse, domestic partner* or unmarried *child* are eligible to be enrolled as a *dependent*, provided that the *spouse, domestic partner* or unmarried *child* is actively enrolled under Part A and Part B of *Medicare*.

Note: Any member that is on a retiree SISC plan is required to enroll in Medicare Part A and B when eligible to enroll and stay enrolled.

Definition of Dependent

1. **Spouse** is the *subscriber's spouse* as recognized under state or federal law. This includes same sex spouses when legally married in a state that recognizes same sex marriages.

Note: Legally separated spouses are eligible for coverage under this *plan*.

2. **Domestic partner** is the *subscriber's* domestic partner. In order for the *subscriber* to include their domestic partner as a *dependent*, the *subscriber* and domestic partner must meet the following requirements:
 - a. Both persons have a common residence.
 - b. Both persons agree to be jointly responsible for each other's basic living expenses incurred during their domestic partnership.
 - c. Neither person is married or a member of another domestic partnership.
 - d. The two persons are not related by blood in a way that would prevent them from being married to each other in California.
 - e. Both persons are at least 18 years of age.

- f. Either of the following:
 - i. Both persons are members of the same sex; or
 - ii. One or both of the persons meet the eligibility criteria under Title II of the Social Security Act as defined in 42 U.S.C. Section 402(a) for old-age insurance benefits or Title XVI of the Social Security Act as defined in 42 U.S.C. Section 1381 for aged members. Notwithstanding any other provision of this section, persons of opposite sexes may not constitute a domestic partnership unless one or both of the persons are over the age of 62 and are registered with the State of California.
- g. Both persons are capable of consenting to the domestic partnership.
- h. Neither person has previously filed: (1) a Declaration of Domestic Partnership with the California Secretary of State, or a similar form with another governing jurisdiction, that has not been terminated pursuant to the laws of California, or of that other jurisdiction; or, if (1) does not apply, (2) an affidavit with SISC III declaring they are part of a domestic partnership that they have not been terminated by giving SISC III written notice that it has.
- i. It has been at least six months since: (1) the date that the Notice of Termination of Domestic Partnership was filed with the California Secretary of State, or similar form was filed with another governing authority; or, if (1) does not apply, (2) either person has given written notice to SISC III that the domestic partnership they declared in an affidavit, given to SISC III, has terminated. This item does not apply if the previous domestic partnership ended because one of the partners died or married.
- j. Both partners:
 - i. If they reside in the State of California, must file a Declaration of Domestic Partnership with the California Secretary of State pursuant to Division 2.5 of the California Family Code to establish their domestic partnership. The *subscriber* must provide SISC III with a certified copy of the Declaration of Domestic Partnership that was filed with the California Secretary of State;
 - ii. If they reside in another state or governing jurisdiction that registers domestic partnerships, they must register their domestic partnership with that state or governing jurisdiction. The *subscriber* must provide SISC III with a certified copy of the document that was filed with the governing jurisdiction registering their domestic partnership; or
 - iii. If the *subscriber* and their domestic partner do not reside in a city, county or state that allows them to register as domestic partners, they must provide SISC III with a signed, notarized, affidavit certifying they meet all of the requirements set forth in 2.a through 2.i above, inclusive.

Note: For the purposes of 2.j.i above, if the *subscriber* and their domestic partner registered their relationship prior to July 1, 2000, with a local governing jurisdiction in California, in lieu of supplying SISC III with a certified copy of the Declaration of Domestic Partnership (a State of California form), the *subscriber* may provide SISC III with a certified copy of the form filed with the local governing jurisdiction.

For the purposes of this provision, the following definitions apply:

"Have a common residence" means that both domestic partners share the same residence. It is not necessary that the legal right to possess the common residence be in both of their names. Two people have a common residence even if one or both have additional residences. Domestic partners do not cease to have a common residence if one leaves the common residence but intends to return.

"Basic living expenses" means shelter, utilities, and all other costs directly related to the maintenance of the common household of the common residence of the domestic partners. It also means any other cost, such as medical care, if some or all of the cost is paid as a benefit because a person is another person's domestic partner.

"Joint responsibility" means that each partner agrees to provide for the other partner's basic living expenses if the partner is unable to provide for herself or himself. Persons to whom these expenses are owed may enforce this responsibility if, in extending credit or providing goods or services, they relied on the existence of the domestic partnership and the agreement of both partners to be jointly responsible for those specific expenses.

3. **Child** is the *subscriber's*, *spouse's* or *domestic partner's* unmarried natural child, stepchild, legally adopted child, or a child for whom the *subscriber*, *spouse* or *domestic partner* have been appointed legal guardians by a court of law, and actively enrolled under both Part A and Part B of *Medicare*, subject to the following:
 - a. The child is under 26 years of age.
 - b. The unmarried child is 26 years of age, or older and: (i) is chiefly dependent on the *subscriber*, *spouse* or *domestic partner* for support and maintenance, and (ii) is incapable of self-sustaining employment due to a physical or mental condition. A *physician* must certify in writing that the child is incapable of self-sustaining employment due to a physical or mental condition. SISC III must receive the certification, at no expense to us, within 60-days of the date the *subscriber* receives our request. SISC III may request proof of continuing dependency and that a physical or mental condition still exists, but not more often than once each year after the initial certification. This exception will last until the child is no longer chiefly dependent on the *subscriber*, *spouse* or *domestic partner* for support and maintenance due to a continuing physical or mental condition. A child is considered chiefly dependent for support and maintenance if he or she qualifies as a dependent for federal income tax purposes.
 - c. A child who is in the process of being adopted is considered a legally adopted child if SISC III receives legal evidence of both: (i) the intent to adopt; and (ii) that the *subscriber*, *spouse* or *domestic partner* have either: (a) the right to control the health care of the child; or (b) assumed a

legal obligation for full or partial financial responsibility for the child in anticipation of the child's adoption.

Legal evidence to control the health care of the child means a written document, including, but not limited to, a health facility minor release report, a medical authorization form, or relinquishment form, signed by the child's birth parent, or other appropriate authority, or in the absence of a written document, other evidence of the *subscriber's*, the *spouse's* or *domestic partner's* right to control the health care of the child.

- d. A child for whom the *subscriber*, *spouse* or *domestic partner* is a legal guardian is considered eligible on the date of the court decree (the "eligibility date"). SISC III must receive legal evidence of the decree.

ELIGIBILITY DATE

For *subscribers*, you become eligible for coverage on the first day of the month coinciding with or following the date you retire, provided your enrollment application is received on a timely basis. For the *subscriber's spouse, domestic partner* or unmarried *child*, you become eligible on the later of (a) the date the *subscriber* becomes eligible for coverage or (b) the date the *spouse, domestic partner* or unmarried *child* meets the definition of a *spouse, domestic partner* or unmarried *child*, respectively.

ENROLLMENT

To enroll as a *subscriber*, or to enroll *dependents*, the *subscriber* must properly file an enrollment application. An enrollment application is considered properly filed, only if it is personally signed, dated, and given to the *plan administrator* within 45 days from your eligibility date. If any of these steps are not followed, your coverage may be denied.

EFFECTIVE DATE

Subject to the timely payment of the required monthly contributions, your coverage will begin as follows:

1. **Timely Enrollment.** If your enrollment application is personally signed, dated, and received by the *plan administrator* 45 days prior to your eligibility date, then your coverage will begin as follows: (a) for *subscribers*, on your eligibility date; and (b) for *dependents*, on the later of (i) the date the *subscriber's* coverage begins, or (ii) the first day of the month after the *dependent* becomes eligible. If you become eligible before the *plan* takes effect, coverage begins on the effective date of the *plan*, provided the enrollment application is on time and in order.
2. **Disenrollment.** If you voluntarily choose to disenroll from coverage under this *plan*, you must wait until the next Open Enrollment Period to enroll. You may enroll earlier than the next Open Enrollment Period if you meet any of the conditions listed under SPECIAL ENROLLMENT PERIODS.

Important Note for Newborn and Newly-Adopted Children. If the *subscriber* (or *spouse* or *domestic partner*, if the *spouse* or *domestic partner* is enrolled) is already covered: (1) any *child* born to the *subscriber*, *spouse* or *domestic partner* will be enrolled from the moment of birth; and (2) any *child* being adopted by the *subscriber*, *spouse* or *domestic partner* will be enrolled from the date on which either: (a) the adoptive *child's* birth parent, or other appropriate legal authority, signs a written document granting the *subscriber*, *spouse* or *domestic partner* the right to control the health care of the *child* (in the absence of a written document, other evidence of the *subscriber's*, *spouse's* or *domestic partner's* right to control the health care of the *child* may be used); or (b) the *subscriber*, *spouse* or *domestic partner* assumed a legal obligation for full or partial financial responsibility for the *child* in anticipation of the *child's* adoption. The "written document" referred to above includes, but is not limited to, a health facility minor release report, a medical authorization form, or relinquishment form.

In both cases, coverage will be in effect for 31 days. For coverage to continue beyond this 31-day period, the *subscriber* must submit a membership change form to the *plan administrator* within the 31-day period.

Special Enrollment Periods

You may enroll without waiting for the next open enrollment period if you are otherwise eligible under any one of the circumstances set forth below:

1. You have met all of the following requirements:
 - a. You were covered as an individual or dependent under either:
 - i. Another employer group health plan or health insurance coverage, including coverage under a COBRA continuation; or
 - ii. A state Medicaid plan or under a state child health insurance program (SCHIP), including the Healthy Families Program or the Access for Infants and Mothers (AIM) Program.
 - b. You certified in writing at the time you became eligible for coverage under this *plan* that you were declining coverage under this *plan* or disenrolling because you were covered under another health plan as stated above and you were given written notice that if you choose to enroll later, you may be required to wait until the next open enrollment period to do so.
 - c. Your coverage under the other health plan wherein you were covered as an individual or dependent ended as follows:
 - i. If the other health plan was another employer group health plan or health insurance coverage, including coverage under a COBRA continuation, coverage ended because you lost eligibility under the other plan, your coverage under a COBRA continuation was exhausted, or employer contributions toward coverage under the other plan terminated. You must properly file an application with the *group* within 31 days after the date your coverage ends or the date employer contributions toward coverage under the other plan terminate.

Loss of eligibility for coverage under an employer group health plan or health insurance includes loss of eligibility due to termination of employment or change in employment status, reduction in the number of hours worked, loss of dependent status under the terms of the *plan*, termination of the other plan, legal separation, divorce, death of the person through whom you were covered, and any loss of eligibility for coverage after a period of time that is measured by reference to any of the foregoing.

- ii. If the other health plan was a state Medicaid plan or a state child health insurance program (SCHIP), including the Healthy Families Program or the Access for Infants and Mothers (AIM) Program, coverage ended because you lost eligibility under the program. You must properly file an application with the SISC III within 60 days after the date your coverage ended.
- d. You properly file an application with SISC III within 31 days from the date on which you lose coverage.
2. A court has ordered coverage be provided under your employee health plan for: (i) a *spouse*; or (ii) a *domestic partner* or dependent *child*, but only if the *domestic partner* or dependent *child* meet the eligibility requirements of the *plan*. Application must be filed within 31 days from the date the court order is issued.
3. The *claims administrator* does not have a written statement from the *plan administrator* stating that prior to declining coverage or disenrolling, you received and signed acknowledgment of a written notice specifying that if you do not enroll for coverage within 31 days after your eligibility date, or if you disenroll, and later file an enrollment application, your coverage may not begin until the first day of the month following the end of the next open enrollment period.
4. You have a change in family status through marriage or establishment of a domestic partnership or the birth, adoption, or placement for adoption of a *child*. You may also enroll a new *spouse*, *domestic partner* or *child* at that time. You must enroll within 31 days of the date of the marriage, establishment of the domestic partnership or the birth, adoption, or placement for adoption of a *child*.
5. You meet or exceed a lifetime limit on all benefits under another health plan. Application must be made within 31 days of the date a claim or a portion of a claim is denied due to your meeting or exceeding the lifetime limit on all benefits under the other plan.
6. You become eligible for assistance, with respect to the cost of coverage under the employer's group *plan*, under a state Medicaid or SCHIP health plan, including any waiver or demonstration project conducted under or in relation to these plans. You must properly file an application with the *group* within 60 days after the date you are determined to be eligible for this assistance.

Effective date of coverage. For enrollments during a special enrollment period as described above, coverage will be effective on the first day of the month following the date you file the enrollment application.

OPEN ENROLLMENT PERIOD

The *plan administrator* has an Open Enrollment Period once each *year*. During that time, a member who meets the eligibility requirements as a *subscriber* under this *plan* may enroll in this *plan*. The *subscriber* may also enroll an eligible *spouse, domestic partner* or *child* at that time. For anyone so enrolling, coverage under this *plan* will begin on the first day of the month following the end of the Open Enrollment Period, provided your enrollment application is received on a timely basis.

HOW COVERAGE ENDS

Your coverage under the agreement can be cancelled immediately upon written notice by us if SISC III learns that you do not have coverage under Part A and Part B of *Medicare*. You are responsible for notifying us if you do not have, or lose, coverage under either Part A and Part B of *Medicare*.

Additionally, your coverage ends without notice from us as provided below:

1. If the *plan* terminates, your coverage ends at the same time. This *plan* may be canceled or changed without notice to you.
2. If the *plan* no longer provides coverage for the class of *members* to which you belong, your coverage ends on the effective date of that change. If the *plan* is amended to delete coverage for the *spouse, domestic partner* or *child*, the *spouse's, domestic partner's* or *child's* coverage ends on the effective date of that change.
3. Coverage for the *spouse, domestic partner* or *child* ends when the *subscriber's* coverage ends.
4. Coverage ends at the end of the period for which the required monthly contribution has been paid on your behalf when the required monthly contribution for the next period is not paid.
5. If you voluntarily cancel coverage at any time, coverage ends on the due date for the required monthly contribution coinciding with or following the date of voluntary cancellation, as provided by written notice to us.
6. If you no longer meet the requirements set forth in the "Eligible Status" provision of HOW COVERAGE BEGINS, your coverage ends as of the required monthly contribution coinciding with or following the date you cease to meet such requirements.

Exceptions to item 6:

- a. **Handicapped Children:** If a *child* reaches the age limits shown in the "Eligible Status" provision of this section, the *child* will continue to qualify as a *dependent* if he or she is (i) covered under this *plan*, (ii) still chiefly dependent on the *subscriber, spouse* or *domestic partner* for support and maintenance, and (iii) incapable of self-sustaining employment due to a physical or mental condition. A *physician* must certify in writing that the *child* has a physical or mental condition that makes the *child* incapable of obtaining self-sustaining employment. SISC III will notify the *subscriber* that the *child's* coverage will end when the *child* reaches the *plan's* upper age limit at least 90-days prior to the date the *child* reaches that age. The *subscriber* must send proof of the *child's* physical or mental condition within 60-days of the date the *subscriber* receives our request.

If SISC III does not complete the determination of the *child's* continuing eligibility by the date the *child* reaches the *plan's* upper age limit, the *child* will remain covered pending the determination. When a period of two years has passed, SISC III may request proof of continuing dependency due to a continuing physical or mental condition, but not more often than once each year. This exception will last until the *child* is no longer chiefly dependent on the *subscriber, spouse* or *domestic partner* for support and maintenance or a physical or mental condition no longer exists. A *child* is considered chiefly dependent for support and maintenance if he or she qualifies as a dependent for federal income tax purposes.

Note: If a marriage or domestic partnership terminates, the *subscriber* must give or send to SISC III written notice of the termination. Coverage for a former *spouse* or *domestic partner*, if any, ends according to the "Eligible Status" provisions. If SISC III suffers a loss as a result of the *subscriber* failing to notify them of the termination of their marriage or domestic partnership, SISC III may seek recovery from the *subscriber* for any actual loss resulting thereby. Failure to provide written notice to SISC III will not delay or prevent termination of the marriage or domestic partnership. If the *subscriber* notifies SISC III in writing to cancel coverage for a former *spouse* or *domestic partner*, if any, immediately upon termination of the *subscriber's* marriage or domestic partnership, such notice will be considered compliance with the requirements of this provision.

You may be entitled to continued benefits under terms which are specified elsewhere under CONTINUATION OF COVERAGE and EXTENSION OF BENEFITS.

CONTINUATION OF COVERAGE

Most employers who employ 20 or more people on a typical business day are subject to The Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). If the employer who provides coverage under the *plan* is subject to the federal law which governs this provision (Title X of P. L. 99-272), you may be entitled to a continuation of coverage. Check with your *plan administrator* for details.

DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the terms shown below appear in these provisions, the first letter of each word will be capitalized. When you see these capitalized words, you should refer to this "Definitions" provision.

Initial Enrollment Period is the period of time following the original Qualifying Event, as indicated in the "Terms of COBRA Continuation" provisions below.

Qualified Beneficiary means a person enrolled for this COBRA continuation coverage who, on the day before the Qualifying Event, was covered under this *plan* as either a *subscriber* or enrolled *spouse*. Qualified Beneficiary does not include any person who was not enrolled during the Initial Enrollment Period, including a *spouse* acquired during the COBRA continuation period.

Qualifying Event means any one of the following circumstances which would otherwise result in the termination of your coverage under the *plan*. The events will be referred to throughout this section by number.

1. For Subscribers and the Spouse:

- a. The *subscriber's* termination of employment, for any reason other than gross misconduct; or
- b. Loss of coverage under an employer's health plan due to a reduction in the *subscriber's* work hours.

2. For Retired Employees and their Dependents. Cancellation or a substantial reduction of retiree benefits under the *plan* due to the *plan's* filing for Chapter 11 bankruptcy, provided that:

- a. The *plan* expressly includes coverage for retirees; and
- b. Such cancellation or reduction of benefits occurs within one year before or after the *plans* filing for bankruptcy.

3. For Dependents:

- a. The death of the *subscriber*;
- b. The *spouse's* divorce or legal separation from the *subscriber*, or
- c. The end of a *domestic partner's* partnership with the *subscriber*.

ELIGIBILITY FOR COBRA CONTINUATION

A *subscriber* or enrolled *dependent* may choose to continue coverage under the *plan* if coverage would otherwise end due to a Qualifying Event.

TERMS OF COBRA CONTINUATION

Notice. The *plan administrator* will notify either the *subscriber* or *dependent* of the right to continue coverage under COBRA, as provided below:

1. For Qualifying Events 1 or 2, the *plan administrator* or its administrator will notify the *subscriber* of the right to continue coverage.
2. For Qualifying Event 3(a), the *spouse* will be notified of the COBRA continuation right.
3. You must inform the *plan administrator* within 60 days of Qualifying Event 3(b) if you wish to continue coverage. The *plan administrator* in turn will promptly give you official notice of the COBRA continuation right.

If you choose to continue coverage you must notify the *plan administrator* within 60 days of the date you receive notice of your COBRA continuation right. The COBRA continuation coverage may be chosen for both the *subscriber* and *spouse*, or for the *subscriber* only, or for the *spouse* only.

If you fail to elect the COBRA continuation during the Initial Enrollment Period, you may not elect the COBRA continuation at a later date.

Notice of continued coverage, along with the initial required monthly contribution, must be delivered to the *plan administrator* within 45 days after you elect COBRA continuation coverage.

Additional Dependents. A *spouse* or *domestic partner* acquired during the COBRA continuation period is eligible to be enrolled, provided that the *spouse* or *domestic partner* meets the eligibility requirements specified in HOW COVERAGE BEGINS. The standard enrollment provisions of the *plan* apply to enrollees during the COBRA continuation period.

Cost of Coverage. The *plan administrator* may require that you pay the entire cost of your COBRA continuation coverage. This cost, called the "required monthly contribution", must be remitted to the *plan administrator* each month during the COBRA continuation period.

Besides applying to the *subscriber*, the *subscriber's* rate also applies to a *spouse* or *domestic partner* whose COBRA continuation began due to divorce, separation or death of the *subscriber*.

Subsequent Qualifying Events. Once covered under the COBRA continuation, it's possible for a second Qualifying Event to occur. If that happens, a *subscriber* or *dependent*, who is a Qualified Beneficiary, may be entitled to an extended COBRA continuation period. This period will in no event continue beyond 36 months from the date of the first qualifying event.

For example, a *spouse* may have been originally eligible for this COBRA continuation due to termination of the *subscriber's* employment, and enrolled for this COBRA continuation as a Qualified Beneficiary. If, during the COBRA continuation period, the *spouse* becomes divorced or legally separated from the *subscriber*, the *spouse* is eligible for an extended continuation period which would end no later than 36 months from the date of the original Qualifying Event (the termination of employment).

When COBRA Continuation Coverage Begins. When COBRA continuation coverage is elected during the Initial Enrollment Period and the required monthly contribution is paid, coverage is reinstated back to the date of the original Qualifying Event, so that no break in coverage occurs.

For a *spouse* properly enrolled during the COBRA continuation, coverage begins according to the enrollment provisions of the *plan*.

When the COBRA Continuation Ends. This COBRA continuation will end on the earliest of:

1. The end of 18 months from the Qualifying Event, if the Qualifying Event was termination of employment or reduction in work hours;*
2. The end of 36 months from the Qualifying Event, if the Qualifying Event was the death of the *subscriber*, divorce, legal separation or the end of a domestic partnership;*
2. The end of 36 months from the Qualifying Event, if the Qualifying Event was the death of the *subscriber*, divorce or legal separation;*
3. The date the *plan* terminates;
4. The end of the period for which the required monthly contributions are last paid;
5. The date, following the election of COBRA, the *member* first becomes covered under any other group health plan.

*For a *member* whose COBRA continuation coverage began under a *prior plan*, this term will be dated from the time of the Qualifying Event under that *prior plan*.

Subject to the *plan* remaining in effect, a *retired employee* whose COBRA continuation coverage began due to Qualifying Event 2 may be covered for the remainder of his or her life; that person's enrolled *spouse* or *domestic partner* may continue coverage for 36 months after the *subscriber's* death. But coverage could terminate prior to such time for either the *subscriber*, *spouse* or *domestic partner* in accordance with any of the items above.

Other Coverage Options Besides COBRA Continuation Coverage. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a *spouse's* plan) through the conditions listed under the SPECIAL ENROLLMENT PERIODS provision. Some of these options

may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

EXTENSION OF CONTINUATION DURING TOTAL DISABILITY

If at the time of termination of employment or reduction in hours, or at any time during the first 60 days of the COBRA continuation, a Qualified Beneficiary is determined to be disabled for Social Security purposes, all covered *members* may be entitled to up to 29 months of continuation coverage after the original Qualifying Event.

Eligibility for Extension. To continue coverage for up to 29 months from the date of the original Qualifying Event, the disabled *member* must:

1. Satisfy the legal requirements for being totally and permanently disabled under the Social Security Act; and
2. Be determined and certified to be so disabled by the Social Security Administration.

Notice. The *member* must furnish the *plan administrator* with proof of the Social Security Administration's determination of disability during the first 18 months of the COBRA continuation period and no later than 60 days after the later of the following events:

1. The date of the Social Security Administration's determination of the disability;
2. The date on which the original Qualifying Event occurs;
3. The date on which the Qualified Beneficiary loses coverage; or
4. The date on which the Qualified Beneficiary is informed of the obligation to provide the disability notice.

Cost of Coverage. For the 19th through 29th months that the total disability continues, the cost for the extended continuation coverage must be remitted to us. This cost (called the "required monthly contribution") shall be subject to the following conditions:

1. If the disabled *member* continues coverage during this extension, this rate shall be **150%** of the applicable rate for the length of time the disabled *member* remains covered, depending upon the number of covered dependents. If the disabled *member* does not continue coverage during this extension, this charge shall remain at **102%** of the applicable rate.
2. The cost for extended continuation coverage must be remitted to the *plan administrator* each month during the period of extended continuation coverage. The *plan administrator* must receive timely payment of the required monthly contribution each month in order to maintain the extended continuation coverage in force.
3. The *plan administrator* may require that you pay the entire cost of the extended continuation coverage.

If a second Qualifying Event occurs during this extended continuation, the total COBRA continuation may continue for up to 36 months from the date of the first Qualifying Event. The required monthly contribution shall then be **150%** of the applicable rate for the 19th through 36th months if the disabled *member* remains

covered. The charge will be **102%** of the applicable rate for any periods of time the disabled *member* is not covered following the 18th month.

When The Extension Ends. This extension will end at the earlier of:

1. The end of the month following a period of 30 days after the Social Security Administration's final determination that you are no longer totally disabled;
2. The end of 29 months from the Qualifying Event;
3. The date the *plan* terminates;
4. The end of the period for which the required monthly contributions are last paid;
5. The date, following the election of COBRA, the *member* first becomes covered under any other group health plan.

You must inform the *plan administrator* within 30 days of a final determination by the Social Security Administration that you are no longer totally disabled.

EXTENSION OF BENEFITS

If you are a *totally disabled subscriber* or a *totally disabled dependent* and under the treatment of a *physician* on the date of discontinuance of the *plan*, your benefits may be continued for treatment of the totally disabling condition. This extension of benefits is not available if you become covered under another group health plan that provides coverage without limitation for your disabling condition. Extension of benefits is subject to the following conditions:

1. If you are confined as an inpatient in a *hospital* or *skilled nursing facility*, you are considered totally disabled as long as the inpatient *stay* is *medically necessary*, and no written certification of the total disability is required. If you are discharged from the *hospital* or *skilled nursing facility*, you may continue your total disability benefits by submitting written certification by your *physician* of the total disability within 90 days of the date of your discharge. Thereafter, we must receive proof of your continuing total disability at least once every 90 days while benefits are extended.
2. If you are not confined as an inpatient but wish to apply for total disability benefits, you must do so by submitting written certification by your *physician* of the total disability. We must receive this certification within 90 days of the date coverage ends under this *plan*. At least once every 90 days while benefits are extended, we must receive proof that your total disability is continuing.
3. Your extension of benefits will end when any one of the following circumstances occurs:
 - a. You are no longer totally disabled.
 - b. The maximum benefits available to you under this *plan* are paid.
 - c. You become covered under another group health plan that provides benefits without limitation for your disabling condition.

- d. A period of up to 12 months has passed since your extension began.

GENERAL PROVISIONS

Providing of Care. We are not responsible for providing any type of *hospital*, medical or similar care, nor are we responsible for the quality of any such care received.

Independent Contractors. The *claims administrator's* relationship with providers is that of an independent contractor. *Physicians* and other health professionals, *hospitals*, *skilled nursing facilities* and other community agencies are not the *claims administrator's* agents nor is the *claims administrator*, or any of the employees of the *claims administrator*, an employee or agent of any *hospital*, medical group or medical care provider of any type.

Non-Regulation of Providers. The benefits of this *plan* do not regulate the amounts charged by providers of medical care, except to the extent that rates for covered services are regulated with *participating providers*.

Terms of Coverage

1. In order for you to be entitled to benefits under the *plan*, both the *plan* and your coverage under the *plan* must be in effect on the date the expense giving rise to a claim for benefits is incurred.
2. The benefits to which you may be entitled will depend on the terms of coverage in effect on the date the expense giving rise to a claim for benefits is incurred. An expense is incurred on the date you receive the service or supply for which the charge is made.
3. The *plan* is subject to amendment, modification or termination according to the provisions of the *plan* without your consent or concurrence.

Nondiscrimination. No person who is eligible to enroll will be refused enrollment based on health status, health care needs, genetic information, previous medical information, disability, sexual orientation or identity, gender, or age.

Protection of Coverage. We do not have the right to cancel your coverage under this *plan* while: (1) this *plan* is in effect; (2) you are eligible; and (3) your required monthly contributions are paid according to the terms of the *plan*.

Free Choice of Provider. This *plan* in no way interferes with your right as a *member* entitled to *hospital* benefits to select a *hospital*. You may choose any *physician* who holds a valid *physician* and surgeon's certificate and who is a member of, or acceptable to, the attending staff and board of directors of the *hospital* where services are received. You may also choose any other health care professional or facility which provides care covered under this *plan*, and is properly licensed according to appropriate state and local laws. However, your choice may affect the benefits payable according to this *plan*.

Provider Reimbursement. *Physicians* and other professional providers are paid on a fee-for-service basis, according to an agreed schedule. A participating *physician* may, after notice from the *claims administrator*, be subject to a reduced negotiated rate in the event the participating *physician* fails to make routine referrals to *participating providers*, except as otherwise allowed (such as for *emergency services*).

Availability of Care. If there is an epidemic or public disaster and you cannot obtain care for covered services, we refund the unearned part of the required monthly contribution paid. A written request for that refund and satisfactory proof of the need for care must be sent to us within 31 days. This payment fulfills our obligation under this *plan*.

Medical Necessity. The benefits of this *plan* are provided only for services which the *claims administrator* determines to be *medically necessary*. The services must be ordered by the attending *physician* for the direct care and treatment of a covered condition. They must be standard medical practice where received for the condition being treated and must be legal in the United States. The process used to authorize or deny health care services under this *plan* is available to you upon request.

Expense in Excess of Benefits. We are not liable for any expense you incur in excess of the benefits of this *plan*.

Benefits Not Transferable. Only the *member* is entitled to receive benefits under this *plan*. The right to benefits cannot be transferred.

Notice of Claim. You or the provider of service must send the *claims administrator* properly and fully completed claim forms within 90 days of the date you receive the service or supply for which a claim is made. Services received and charges for the services must be itemized, and clearly and accurately described. If it is not reasonably possible to submit the claim within that time frame, an extension of up to 12 months will be allowed. We are not liable for the benefits of the *plan* if you do not file claims within the required time period, unless an extension is required by federal law. The *plan administrator*. SISC III will not be liable for benefits if the *claims administrator* does not receive written proof of loss on time. Claim forms must be used; canceled checks or receipts are not acceptable.

To obtain a claim form you or someone on your behalf may call the Member Services phone number shown on your ID Card or go to the website at www.anthem.com/ca/sisc and download and print one.

Payment to Providers. The benefits of this *plan* will be paid directly to *contracting hospitals*, *participating providers* and medical transportation providers. Also, *non-contracting hospitals* and other providers of service will be paid directly when you assign benefits in writing. If you are a MediCal beneficiary and you assign benefits in writing to the State Department of Health Services, the benefits of this *plan* will be paid to the State Department of Health Services. These payments will fulfill our obligation to you for those covered services.

Care Coordination. We pay *participating providers* in various ways to provide covered services to you. For example, sometimes we may pay *participating providers* a separate amount for each covered service they provide. We may also pay them one amount for all covered services related to treatment of a medical condition. Other times, we may pay a periodic, fixed pre-determined amount to cover the costs of covered services. In addition, we may pay *participating providers* financial incentives or other amounts to help improve quality of care and/or promote the delivery of health care services in a cost-efficient manner, or compensate *participating providers* for coordination of your care. In some instances, *participating providers* may be required to make payment to us because they did not meet certain standards. You do not share in any payments made by *participating providers* to us under these programs.

Right of Recovery. Whenever payment has been made in error, SISC III will have the right to make appropriate adjustment to claims, recover such payment from you or, if applicable, the provider, in

accordance with applicable laws and regulations. In the event SISC III recovers a payment made in error from the provider, except in cases of fraud or misrepresentation on the part of the provider, SISC III will only recover such payment from the provider within 365 days of the date the payment was made on a claim submitted by the provider. SISC III reserves the right to deduct or offset any amounts paid in error from any pending or future claim.

Under certain circumstances, if the *claims administrator* pays your healthcare provider amounts that are your responsibility, such as co-payments or co-insurance, SISC III may collect such amounts directly from you. You agree that SISC III has the right to recover such amounts from you.

The *claims administrator* has oversight responsibility for compliance with provider and vendor and subcontractor contracts. The *claims administrator* may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a provider, vendor, or subcontractor resulting from these audits if the return of the overpayment is not feasible.

The *claims administrator* has established recovery policies to determine which recoveries are to be pursued, when to incur costs and expenses, and whether to settle or compromise recovery amounts. The *claims administrator* will not pursue recoveries for overpayments if the cost of collection exceeds the overpayment amount. The *claims administrator* may not provide you with notice of overpayments made by the *plan* or you if the recovery method makes providing such notice administratively burdensome.

Workers' Compensation Insurance. The *plan* does not affect any requirement for coverage by workers' compensation insurance. It also does not replace that insurance.

Prepayment Fees. The *plan administrator* may require that you contribute all or part of the costs of these required monthly contributions. Please consult your *plan administrator* for details.

Liability to Pay Providers. In the event that the *plan* does not pay a provider who has provided benefits to you, you will be required to pay that provider any amounts not paid to them by the *plan*.

Renewal Provisions. The *plan* is subject to renewal at certain intervals. The required monthly contribution or other terms of the *plan* may be changed from time to time.

Entitlement to Medicare Benefits. We have the right to require that you furnish information concerning your entitlement to *Medicare* benefits. We may need this information to determine your eligibility under the *plan* and to process your claims.

Transition Assistance for New Members: Transition Assistance is a process that allows for completion of covered services for new *members* receiving services from a *non-participating provider*. If you are a new *member*, you may request Transition Assistance if any one of the following conditions applies:

1. An acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of covered services shall be provided for the duration of the acute condition.
2. A serious chronic condition. A serious chronic condition is a medical condition caused by a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without

full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of covered services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another provider, as determined by Anthem in consultation with you and the *non-participating provider* and consistent with good professional practice. Completion of covered services shall not exceed twelve (12) months from the time you enroll in this *plan*.

3. A pregnancy. A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of covered services shall be provided for the duration of the pregnancy.
4. A terminal illness. A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one (1) year or less. Completion of covered services shall be provided for the duration of the terminal illness.
5. Performance of a surgery or other procedure that the *claims administrator* has authorized as part of a documented course of treatment and that has been recommended and documented by the provider to occur within 180 days of the time you enroll in this *plan*.

Please contact Member Services at the telephone number listed on your ID card to request Transition Assistance or to obtain a copy of the written policy. Eligibility is based on your clinical condition and is not determined by diagnostic classifications. Transition Assistance does not provide coverage for services not otherwise covered under the *plan*.

You will be notified by telephone, and the provider by telephone and fax, as to whether or not your request for Transition Assistance is approved. If approved, you will be financially responsible only for coinsurance, and copayments under the *plan*. Financial arrangements with *non-participating providers* are negotiated on a case-by-case basis. The *non-participating provider* will be asked to agree to accept reimbursement and contractual requirements that apply to *participating providers*, including payment terms. If the *non-participating provider* does not agree to accept said reimbursement and contractual requirements, the *non-participating provider's* services will not be continued. If you do not meet the criteria for Transition Assistance, you are afforded due process including having a *physician* review the request.

Continuity of Care after Termination of Provider: Subject to the terms and conditions set forth below, benefits will be provided at the *participating provider* level for covered services (subject to applicable copayments, coinsurance, and other terms) received from a provider at the time the provider's contract with the *claims administrator* terminates (unless the provider's contract terminates for reasons of medical disciplinary cause or reason, fraud, or other criminal activity).

You must be under the care of the *participating provider* at the time the provider's contract terminates. The terminated provider must agree in writing to provide services to you in accordance with the terms and conditions of his or her agreement with the *claims administrator* prior to termination. The provider must also agree in writing to accept the terms and reimbursement rates under his or her agreement with the *claims administrator* prior to termination. If the provider does not agree with these contractual terms and conditions, the provider's services will not be continued beyond the contract termination date.

Benefits for the completion of covered services by a terminated provider will be provided only for the following conditions:

1. An acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of covered services shall be provided for the duration of the acute condition.
2. A serious chronic condition. A serious chronic condition is a medical condition caused by a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of covered services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another provider, as determined by the *claims administrator* in consultation with you and the terminated provider and consistent with good professional practice. Completion of covered services shall not exceed twelve (12) months from the date the provider's contract terminates.
3. A pregnancy. A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of covered services shall be provided for the duration of the pregnancy.
4. A terminal illness. A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one (1) year or less. Completion of covered services shall be provided for the duration of the terminal illness.
5. Performance of a surgery or other procedure that the *claims administrator* has authorized as part of a documented course of treatment and that has been recommended and documented by the provider to occur within 180 days of the date the provider's contract terminates.

Such benefits will not apply to providers who have been terminated due to medical disciplinary cause or reason, fraud, or other criminal activity.

Please contact Member Services at the telephone number listed on your ID card to request continuity of care or to obtain a copy of the written policy. Eligibility is based on the *member's* clinical condition and is not determined by diagnostic classifications. Continuity of care does not provide coverage for services not otherwise covered under the *plan*.

You will be notified by telephone, and the provider by telephone and fax, as to whether or not your request for continuity of care is approved. If approved, you will be financially responsible only for applicable coinsurance, and copayments under the *plan*. Financial arrangements with terminated providers are negotiated on a case-by-case basis. The terminated provider will be asked to agree to accept reimbursement and contractual requirements that apply to *participating providers*, including payment terms. If the terminated provider does not agree to accept the same reimbursement and contractual requirements, that provider's services will not be continued. If you disagree with the determination regarding continuity of care, you may file complaint as described in the COMPLAINT NOTICE.

BINDING ARBITRATION

Any dispute or claim, of whatever nature, arising out of, in connection with, or in relation to this *plan* or breach or rescission thereof, or in relation to care or delivery of care, including any claim based on contract, tort, or statute, must be resolved by arbitration if the amount sought exceeds the jurisdictional limit of the small claims court. Any dispute regarding a claim for damages within the jurisdictional limits of the small claims court will be resolved in such court.

The Federal Arbitration Act shall govern the interpretation and enforcement of all proceedings under this Binding Arbitration provision. To the extent that the Federal Arbitration Act is inapplicable, or is held not to require arbitration of a particular claim, state law governing agreements to arbitrate shall apply.

The *member* and the *plan administrator* agree to be bound by this Binding Arbitration provision and acknowledge that they are each giving up their right to a trial by court or jury.

The *member* and the *plan administrator* agree to give up the right to participate in class arbitration against each other. Even if applicable law permits class actions or class arbitrations, the *member* waives any right to pursue, on a class basis, any such controversy or claim against the *plan administrator* and the *plan administrator* waives any right to pursue on a class basis any such controversy or claim against the *member*.

The arbitration findings will be final and binding except to the extent that state or Federal law provides for the judicial review of arbitration proceedings.

The arbitration is begun by the *member* making written demand on the *plan administrator*. Any demand for arbitration must be made within one (1) year from the issuance by the *claims administrator* of its decision following appeal. In cases where the amount in controversy is within the jurisdiction of small claims court, suit must be filed within one (1) year from the issuance by the *claims administrator* of its decision following appeal. Failure to demand arbitration or file in small claims court within one (1) year of the issuance by the *claims administrator* of its decision following appeal shall result in the forfeiture of any right to arbitration or to take any other legal action. Any written demand should be sent to the *plan administrator* at the address shown below:

**SISC III
P.O. Box 1847
Bakersfield, CA 93303-1847**

The arbitration will be conducted by Judicial Arbitration and Mediation Services (“JAMS”) according to its applicable Rules and Procedures. If, for any reason, JAMS is unavailable to conduct the arbitration, the arbitration will be conducted by another neutral arbitration entity, by mutual agreement of the *member* and the *plan administrator*, or by order of the court, if the *member* and the *plan administrator* cannot agree. The arbitration will be held at a time and location mutually agreeable to the *member* and the *plan administrator*.

If you choose to retain an attorney, expert, consultant or any other individual to assist in presentation of a claim, it must be at your own expense. Neither the plan nor the Claims Administrator will reimburse you for the costs associated with such a retention or for any other expenses you may incur in connection with such a retention.

YOUR RIGHT TO APPEALS

For purposes of these Appeal provisions, "claim for benefits" means a request for benefits under the *plan*. The term includes both pre-service and post-service claims.

- A pre-service claim is a claim for benefits under the *plan* for which you have not received the benefit or for which you may need to obtain approval in advance.
- A post-service claim is any other claim for benefits under the *plan* for which you have received the service.

If your claim is denied:

- you will be provided with a written notice of the denial; and
- you are entitled to a full and fair review of the denial.

The procedure the *claims administrator* will follow will satisfy following the minimum requirements for a full and fair review under applicable federal regulations.

Notice of Adverse Benefit Determination

If your claim is denied, the *claims administrator's* notice of the adverse benefit determination (denial) will include:

- information sufficient to identify the claim involved;
- the specific reason(s) for the denial;
- a reference to the specific *plan* provision(s) on which the *claims administrator's* determination is based;
- a description of any additional material or information needed to perfect your claim;
- an *explanation* of why the additional material or information is needed;
- a description of the *plan's* review procedures and the time limits that apply to them, if you appeal and the claim denial is upheld;
- information about any internal rule, guideline, protocol, or other similar criterion relied upon in making the claim determination and about your right to request a copy of it free of charge, along with a discussion of the claims denial decision; and
- information about the scientific or clinical judgment for any determination based on medical necessity or experimental treatment, or about your right to request this explanation free of charge, along with a discussion of the claims denial decision; and
- the availability of, and contact information for, any applicable office of health insurance consumer assistance or ombudsman who may assist you.

For claims involving urgent/concurrent care:

- the *claims administrator's* notice will also include a description of the applicable urgent/concurrent review process; and
- the *claims administrator* may notify you or your authorized representative within 72 hours orally and then furnish a written notification.

Appeals

You have the right to appeal an adverse benefit determination (claim denial). You or your authorized representative must file your appeal within 180 calendar days after you are notified of the denial. You will have the opportunity to submit written comments, documents, records, and other information supporting your claim. The *claims administrator's* review of your claim will take into account all information you submit, regardless of whether it was submitted or considered in the initial benefit determination.

- The *claims administrator* shall offer a single mandatory level of appeal which may be a panel review, independent review, or other process consistent with the entity reviewing the appeal. The time frame allowed for the *claims administrator* to complete its review is dependent upon the type of review involved (e.g. pre-service, concurrent, post-service, urgent, etc.).

For pre-service claims involving urgent/concurrent care, you may obtain an expedited appeal. You or your authorized representative may request it orally or in writing. All necessary information, including the *claims administrator's* decision, can be sent between the *claims administrator* and you by telephone, facsimile or other similar method. To file an appeal for a claim involving urgent/concurrent care, you or your authorized representative must contact the *claims administrator* at the phone number listed on your ID card and provide at least the following information:

- the identity of the claimant;
- the date (s) of the medical service;
- the specific medical condition or symptom;
- the provider's name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for appeals should be submitted in writing by the Member or the Member's authorized representative, except where the acceptance of oral appeals is otherwise required by the nature of the appeal (e.g. urgent care). You or your authorized representative must submit a request for review to:

Anthem Blue Cross Life and Health Insurance Company
ATTN: Appeals
P.O. Box 60007, Los Angeles, CA 90060

You must include Your Member Identification Number when submitting an appeal.

Upon request, the *claims administrator* will provide, without charge, reasonable access to, and copies of, all documents, records, and other information relevant to your claim. “Relevant” means that the document, record, or other information:

- was relied on in making the benefit determination; or
- was submitted, considered, or produced in the course of making the benefit determination; or
- demonstrates compliance with processes and safeguards to ensure that claim determinations are made in accordance with the terms of the *plan*, applied consistently for similarly-situated claimants; or
- is a statement of the *plan*'s policy or guidance about the treatment or benefit relative to your diagnosis.

The *claims administrator* will also provide you, free of charge, with any new or additional evidence considered, relied upon, or generated in connection with your claim. In addition, before you receive an adverse benefit determination on review based on a new or additional rationale, the *claims administrator* will provide you, free of charge, with the rationale.

For Out of State Appeals You have to file Provider appeals with the Host Plan. This means Providers must file appeals with the same plan to which the claim was filed.

How Your Appeal will be Decided

When the *claims administrator* considers your appeal, the *claims administrator* will not rely upon the initial benefit determination to the earlier appeal determination. The review will be conducted by an appropriate reviewer who did not make the initial determination and who does not work for the person who made the initial determination.

If the denial was based in whole or in part on a medical judgment, including whether the treatment is experimental, investigational, or not *medically necessary*, the reviewer will consult with a health care professional who has the appropriate training and experience in the medical field involved in making the judgment. This health care professional will not be one who was consulted in making an earlier determination or who works for one who was consulted in making an earlier determination.

Notification of the Outcome of the Appeal

If you appeal a claim involving urgent/concurrent care, the *claims administrator* will notify you of the outcome of the appeal as soon as possible, but not later than 72 hours after receipt of your request for appeal.

If you appeal any other pre-service claim, the *claims administrator* will notify you of the outcome of the appeal within 30 days after receipt of your request for appeal.

If you appeal a post-service claim, the *claims administrator* will notify you of the outcome of the appeal within 60 days after receipt of your request for appeal.

Appeal Denial

- If your appeal is denied, that denial will be considered an adverse benefit determination. The notification from the *claims administrator* will include all of the information set forth in the above subsection entitled “Notice of Adverse Benefit Determination.”

External Review

If the outcome of the mandatory first level appeal is adverse to you and it was based on medical judgment, you may be eligible for an independent External Review pursuant to federal law.

You must submit your request for External Review to the *claims administrator* within four (4) months of the notice of your final internal adverse determination.

A request for an External Review must be in writing unless the *claims administrator* determines that it is not reasonable to require a written statement. You do not have to re-send the information that you submitted for internal appeal. However, you are encouraged to submit any additional information that you think is important for review.

For pre-service claims involving urgent/concurrent care, you may proceed with an Expedited External Review without filing an internal appeal or while simultaneously pursuing an expedited appeal through the *claims administrator's* internal appeal process. You or your authorized representative may request it orally or in writing. All necessary information, including the *claims administrator's* decision, can be sent between the *claims administrator* and you by telephone, facsimile or other similar method. To proceed with an Expedited External Review, you or your authorized representative must contact the *claims administrator* at the phone number listed on your ID card and provide at least the following information:

- the identity of the claimant;
- the date (s) of the medical service;
- the specific medical condition or symptom;
- the provider's name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for External Review should be submitted in writing unless the *claims administrator* determines that it is not reasonable to require a written statement. Such requests should be submitted by you or your authorized representative to:

Anthem Blue Cross Life and Health Insurance Company
ATTN: Appeals
P.O. Box 60007, Los Angeles, CA 90060

You must include Your Member Identification Number when submitting an appeal.

This is not an additional step that you must take in order to fulfill your appeal procedure obligations described above. Your decision to seek External Review will not affect your rights to any other benefits under this health care *plan*. There is no charge for you to initiate an independent External Review. The

External Review decision is final and binding on all parties except for any relief available through applicable state laws.

Requirement to file an Appeal before filing a lawsuit

No lawsuit or legal action of any kind related to a benefit decision may be filed by you in a court of law or in any other forum, unless it is commenced within three years of the *Plan's* final decision on the claim or other request for benefits. If the *Plan* decides an appeal is untimely, the *Plan's* latest decision on the merits of the underlying claim or benefit request is the final decision date. You must exhaust the *Plan's* internal Appeals Procedure but not including any voluntary level of appeal, before filing a lawsuit or taking other legal action of any kind against the *Plan*.

The *claims administrator* reserves the right to modify the policies, procedures and timeframes in this section upon further clarification from Department of Health and Human Services and Department of Labor.

NOTE: If you wish to appeal a decision made by *Medicare* and not by the *claims administrator*, you must initiate the appeal process by contacting your local Social Security Administration office.

If you choose to retain an attorney, expert, consultant or any other individual to assist in presentation of a claim, it must be at your own expense. Neither the plan nor the Claims Administrator will reimburse you for the costs associated with such a retention or for any other expenses you may incur in connection with such a retention.

FOR YOUR INFORMATION

ORGAN DONATION

Each year, organ transplantation saves thousands of lives. The success rate for transplantation is rising but there are far more potential recipients than donors. More donations are urgently needed.

Organ donation is a singular opportunity to give the gift of life. Anyone age 18 or older and of sound mind can become a donor when he or she dies. Minors can become donors with parental or guardian consent.

Organ and tissue donations may be used for transplants and medical research. Today it is possible to transplant more than 25 different organs and tissues. Your decision to become a donor could someday save or prolong the life of someone you know, perhaps even a close friend or family member.

If you decide to become a donor, please discuss it with your family. Let your physician know your intentions as well. Obtain a donor card from the Department of Motor Vehicles. Be sure to sign the donor card and keep it with your driver's license or identification card.

While organ donation is a deeply personal decision, please consider making this profoundly meaningful and important gift.

NOTICE OF PROTECTION PROVIDED BY THE HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT OF 1996 (HIPAA)

Effective April 14, 2003, a Federal law, the Health Insurance Portability and Accountability Act of 1996 (HIPAA), as amended by the Health Information Technology for Economic and Clinical Health Act (HITECH), requires that health plans like the Self-Insured Schools of California (SISC) group health plan (hereafter referred to as the "Plan"), maintain the privacy of your personally identifiable health information (called **Protected Health Information or PHI**).

- The term "**Protected Health Information**" (**PHI**) includes all information related to your past, present or future health condition(s) that individually identifies you or could reasonably be used to identify you and is transferred to another entity or maintained by the Plan in oral, written, electronic or any other form.
- **PHI does not include** health information contained in employment records held by your employer in its role as an employer, including but not limited to health information on disability, work-related illness/injury, sick leave, Family and Medical leave (FMLA), life insurance, dependent care FSA, drug testing, etc.

A complete description of your rights under HIPAA can be found in the Plan's Notice of Privacy Practices, which was distributed to you upon enrollment in the Plan and is available from the SISC website at www.sisc.kern.org. Information about HIPAA in this document is not intended and cannot be construed as the Plan's Notice of Privacy Practices.

The Plan, and the Plan Sponsor (the SISC Board of Directors), will not use or further disclose information that is protected by HIPAA ("protected health information or PHI") except as necessary for treatment, payment, health care operations and Plan administration, or as permitted or required by law. **In particular, the Plan will not, without your written authorization, use or disclose protected health information for employment-related actions and decisions or in connection with any other benefit or employee benefit plan of the Plan Sponsor.**

Except as permitted by HIPAA, the Plan will only use or disclose your PHI for marketing purposes or sell (exchange) your PHI for remuneration (payment), with your written authorization. The Plan may disclose PHI to the Plan Sponsor for the purpose of reviewing a benefit claim or for other reasons related to the administration of the Plan.

- A. **The Plan's Use and Disclosure of PHI:** The Plan will use protected health information (PHI), without your authorization or consent, to the extent and in accordance with the uses and disclosures permitted by HIPAA. Specifically, the Plan will use and disclose protected health information for purposes related to health care treatment, payment for health care, and health care operations (sometimes referred to as TPO), as defined below.
- **Treatment** is the provision, coordination or management of health care and related services. It also includes but is not limited to consultations and referrals between one or more of your health care providers. The Plan rarely, if ever, uses or discloses PHI for treatment purposes.

- **Payment** includes activities undertaken by the Plan to obtain premiums or determine or fulfill its responsibility for coverage and provision of Plan benefits with activities that include, but are not limited to, the following:
