Dear Dr. Julius Sokenu, Dr. Greg Gillespie Chancellor, & Sabbatical Committee,

I am writing to report on my Fall 2021 Sabbatical. It was a tremendous opportunity to learn some new skills that were becoming a permanent marker on my to-do list. That list has now become shortened, and what I learned over my sabbatical has been applied in my classes & on our production of *Kinky Boots* this Spring 2022.

As a brief reminder, I have attached my certificate of completions for the courses I took: Digital Rendering, Pattern Drafting, and a bonus opportunity presented itself to learn wig making/knotting which I also completed. I did not complete the Autry Primary Research project, but instead found myself in emergency surgery; I did speak to HR and sent in all the required forms to document this.

Each “class/workshop,” was an intensive that was taken online -- something good that came out of the pandemic are the opportunities to take classes anywhere because they were being offered digitally. I found each class exceptionally good and learned everything I set out to do.

*Thank you* for this opportunity!

To Whom it May Concern,

Haleh has successfully completed the Basics of Theatrical Wigmaking 6 week Intensive Workshop, Fall of 2021. She successfully demonstrated new skills in ventilating/knotting, stitching, creating facial hair, taking measurements, padding a wig block, and laying a customized wig front. Haleh was an absolute pleasure to have as a student.

Sincerely,
