MAJOR RISKS

- Tax increases (Prop 30) are politically uncertain and if initiative fails, unrestricted general fund reserves will be brought to the lowest level since 2006.
- Revenues are highly variable, with or without tax measure
- Planning is difficult. Possible FY13 workload reduction of 7.3% will be decided in November, need to be dealt with in FY14. Subsequent years are unknown.
- Potential student fee shortfall with more BOG waivers as fees go to \$46/unit
- New Dept of Finance cash flow plan (payments in July – Jan will be approx 40% less than FY12), worsens if tax initiative passes.

What's Next?
